Things Carolyn Korsmeyer, 2019 *Things In Touch with the Past* explores the value of artifacts that have survived from the past and that can be said to embody their histories Such genuine or real things afford a particular kind of aesthetic experience an encounter with the past despite the fact that genuineness is not a perceptually detectable property Although it often goes unnoticed the sense of touch underlies such encounters even though one is often not permitted literal touch Carolyn Korsmeyer begins her account with the claim that wonder or marvel at old things fits within an experiential account of the aesthetic She then presents her main argument regarding the role of touch both when literal contact is made and when proximity suffices for touch is a fundamental sense that registers bodily position and location Correct understanding of the identity of objects is presumed when one values things just because of what they are and with discovery that a mistake has been made admiration is often withdrawn Far from undermining the importance of the genuine these errors of identification confirm it Korsmeyer elaborates this position with a comparison between valuing artifacts and valuing persons She also considers the ethical issues of genuineness for artifacts can be harmed in various ways ranging from

vandalism to botched restoration She examines the differences between a real thing and a replica in detail making it clear that genuineness comes in degrees Her final chapter reviews the ontology that best suits an account of persistence over time of things that are valued for being the real thing

Spirit and Nature Timothy Hessel-Robinson, Ray Maria McNamara, 2011-08-01 *Spirit and Nature* is a collection of essays exploring how the resources of Christian spirituality can inform the practice of a more ecologically sustainable faith Our current ecological situation calls for people of religious faith to reexamine the way they envision the practice of spirituality As environmental ethicists have called us to reconsider the human Earth relationship so that the planet is not seen as simply an endless supply of resources to fill human wants and needs so these essays call us to reconsider spiritual practice as it relates to Earth's ecology Rather than viewing spirituality as an escape from the material world the authors describe the embodiment of the God quest within the human nature relationship Drawing on diverse disciplinary perspectives these essays examine a variety of topics including the relationship between Earth and humans in the Bible the role of nature's beauty in Christian spirituality the practice of Christian discernment and contemplation in light of the natural sciences the role of nature in liturgical prayer and others These essays consider how scholarship in Christian spirituality can contribute to reimagining faith in ways that better cherish the Earth's fragile beauty

Canada Exposed Pierre Anctil, André Loiselle, Christopher Rolfe, 2009 Selected papers from the sixth biennial conference of the International Council for Canadian Studies held in Ottawa in May 2008 Introd Jezebel Lesley Hazleton, 2009-03-17 There is no woman with a worse reputation than Jezebel the ancient queen who corrupted a nation and met one of the most gruesome fates in the Bible Her name alone speaks of sexual decadence and promiscuity But what if this version of her story handed down to us through the ages is merely the one her enemies wanted us to believe What if Jezebel far from being a conniving harlot was in fact framed In this remarkable new biography Lesley Hazleton shows exactly how

the proud and courageous queen of Israel was vilified and made into the very embodiment of wanton wickedness by her political and religious enemies Jezebel brings readers back to the source of the biblical story a rich and dramatic saga featuring evil schemes and underhanded plots war and treason false gods and falser humans and all with the fate of entire nations at stake At its center are just one woman and one man the sophisticated Queen Jezebel and the stark prophet Elijah Their epic and ultimately tragic confrontation pits tolerance against righteousness pragmatism against divine dictates and liberalism against conservatism It is in other words the original story of the unholy marriage of sex politics and religion and it ends in one of the most chillingly brutal scenes in the entire Bible Here at last is the real story of the rise and fall of this legendary woman a radically different portrait with startling contemporary resonance in a world mired once again in religious wars

Talking Reform Dany Lacombe, 2025-11-14 Abandoned as an infant and victimized by his adoptive father Mac began drinking heavily in his early teens He left home at fifteen to work in the rugged and isolated logging camps of northern British Columbia earning respect through hard work heavy drinking and violent confrontations with men twice his age At eighteen he spiralled into a life of crime arson theft and drug dealing and at twenty four he was convicted of murder and sentenced to hard time This only deepened his addictions and criminal connections trapping him in a cycle of recidivism On the surface this cycle breaks with a remarkable transformation he battles for sobriety turns away from crime and becomes a revered guest lecturer at a university Talking Reform is a conversation between sociologist Dany Lacombe and Mac Part memoir and part ethnography the book critically explores how the prison culture mental health professionals and trauma narratives affected Mac's journey Lacombe argues that the redemptive arc of his story oversimplifies a more complex reality She analyzes the setbacks and failures Mac experiences as he struggles to perform the reformed version of himself developed in collaboration with prison staff and rehabilitation professionals She also reflects on the problematic aspects of Mac's story in his first person memoir and his official prison record and challenges the reader to focus less on his character and more on his narrative of reform From this perspective the reform story is a socially prescribed genre one that compels those who have been convicted of crimes to develop unrealistic stories about themselves Off script Mac formed strong relationships made significant contributions to his communities and found unexpected ways of making meaning of his life Exploring the complexity of managing identity inside and outside of prison walls Talking Reform highlights ongoing struggles of reintegration and the importance of compassion and inclusion in offering hope for incarcerated and formerly incarcerated persons
