Voices of Social Education Bernardo E. Pohl, Cameron White, Christine Beaudry, 2021-02-01 There is only one place where social education can occur and flourish through the voices that create a pedagogy of change And it is these voices where the most exciting and provocative moments can occur for those of us who are passionate about education teaching social justice equity and love As such social education is a journey an endeavor that makes us savor the experience of the journey more than the destination And social education is a journey that is enhanced through educator and student voices because it occurs in the most important spaces of our personal and professional lives It occurs in the hallways of the schools we teach in the staff meetings we attend in the mountain villages we venture to visit in the places we work and in the spaces we occupy Moreover social education is a unique kind of journey because it is a human experience that seldom occurs alone It happens with our colleagues and our loved ones It happens with our students administrators and other professionals who are fighting for the same things that we so fervently believe In the end social education occurs and flourishes in the trenches because it is the active pursuit of getting our hands dirty in our endless pursuit for a better and more just world Social education is also a narrative which takes on a different meaning for each one of us This is because sooner or later each person that embarks into the journey of social education develops its own personal definition of what social education entails through his or her own personal landscape and knowledge This personal landscape has been evolving since we were very young with some of the best examples of human courage and tenacity in the fight for social justice Voices of Social Education A Pedagogy of Change is a collection of personal stories In this volume academics teachers students activists and artists share their personal stories of triumph tribulations and courage in their daily fight for social justice and equality The term social education is not defined as a set number of guidelines or a specific definition we give the term an organic fluency to stress that social education is a point of encounter a common space where we can share with each other our experiences values and culture to form a more genuine and just social experience

Curriculum Theory, Curriculum Theorising, and the Theoriser, 2020-12-29

Curriculum studies is at the core of the educational endeavour and informs what happens in every educational institution As a result of its criticality or primacy every educational practitioner appears to claim expertise in curriculum matters and what direction the field should take In Africa the curriculum practitioner has been given little or no space to theorise and orient the future of the field in Africa Instead European and American curriculum theorists have been allowed to exert a marked influence on the nature and direction of African theoretical and philosophical underpinnings This situation raises fundamental questions about the future of education in Africa and this volume explores and answers these questions relating to curriculum theory theorising and the theoriser by breaking traditions and experimenting on alternative approaches and pathways Contributors are Aruna Ankiah Gangadeen Lynn Biggs Eunice Champion Taryn Isaacs De Vega Kehdinga George Fomunyam Nadaraj Govender Angela James Simon Bheki Khoza Noma China Kubashe Nehemiah Latolla Jacqui L ck Dumisa Celumusa Mabuza Simeon Maile Suriamurthee Maistry Makhulu A Makumane Zvisinei Moyo Cedric Bheki Mpungose Pascal Nadal Blanche Ntombizodwa Ndlovu Christopher Ndlovu Emily Mangwaya Ndlovu Nellie Ngcongco James Deirdre Pratt Mukhtar Raban Nolundi Radana Makhosazana Edith Shoba Mahlapahlapana Themane Molaodi Tshelane and Denise Zinn
