Legal Aspects of Crowdfunding Caroline Kleiner,2021-11-05 This book offers a comparative perspective on 18 countries legal regulation of crowdfunding In the wake of the financial crises of 2008 use of this alternative financing method has increased substantially in various forms Whereas some states have adopted tailor made regimes in order to regulate but also encourage this way of financing projects allowing loans to be made by non banking institutions others still haven't specifically addressed the subject An analysis of these diverse legislative stances offers readers a range of legal solutions for managing crowdfunding activities with regard to e.g. protecting investors imposing limits on project owners and finally the role and duties of intermediaries i.e. companies operating crowdfunding platforms In addition the content presented here provides a legal basis for states and supranational organizations interested in regulating this phenomenon to achieve more legal certainty ,

Greenhouse Effect, Sea Level and Drought R. Paepe,Rhodes W. Fairbridge,Saskia Jelgersma,2012-12-06 Shortly after the creation of the Vrije Universiteit Brussel Free University Brussels in 1970 currently labelled as VUB a Department of Quaternary Geology was installed within the Faculty of Science in 1974 At the beginning it dealt mainly with the study of periglacial loess deposits of the Pleistocene Glacial Period in Central Belgium and with coastal deposits in relation to sea level rise during the warm Holocene period covering the last 10 000 years in which the dawn of civilization took place step by step Today the same research teams widen their scope of interest they are presently studying the loess plateau in the People's Republic of China and the world wide problems associated with sea level rise coastal erosion being one of the most devastating natural hazards More and more emphasis is put on problems concerning environmental engineering and those dealing with global change Since 1975 UNESCO sponsored a number of symposia of the International Union for Quaternary Research INQUA whose secretariat was located on the VUB Campus grounds from 1973 to 1982 In 1981 the Applied Geology Department of the Faculty of Applied Sciences was created The NATO Advanced Research Workshop ARW organized in Fuerteventura Canary Islands Spain in March 1989 was a climax of this series of Global Change gatherings As Rector of the VUB I am satisfied that the VUB through its Earth Technology Institute of both USA and Belgium could cooperate with NATO and the National Science Foundations in cosponsoring such an initiative **The Pressuremeter and Its New Avenues** Gerard Ballivy,1995-01-01 Pressuremeter testing activities are of great interest for scientists and engineers concerned with the mechanical behaviour of civil engineering materials The proceedings include the first Menard Lecture presented by Professor Branko Ladanyi and 57 technical papers from 16 countries They are related to

Fernández Arroyo, Alexandre Senegacnik, 2020-12-17 This book explores convergences of legal doctrine despite jurisdictional cultural and political barriers as well as divergences due to such barriers examining topics that are of vital importance to contemporary legal scholars Written by leading experts from all continents its 26 chapters present a comparative analysis of cutting edge legal issues of the 21st century While each of the countries covered stands alone as a sovereign state in a technologically advanced world their disparate systems nonetheless show comparable strategies in dealing with complex legal issues Several of the chapters show how in addition to state normative production and state adjudication a growing panoply of non state instruments and non state adjudication are becoming more and more central to the legal field This book is a key addition to the library of any scholar wanting to keep abreast of the major trends in contemporary law Representing the current state of law in a vast range of areas it covers each topic from a comparative perspective Cet ouvrage en examinant des sujets d'une importance vitale pour les juristes contemporains traite des convergences de la doctrine juridique malgré les barrières juridictionnelles culturelles et politiques ainsi que des divergences dues à ces barrières critiquées par des universitaires de tous les continents ses 26 chapitres présentent une analyse comparative de sujets juridiques majeurs du 21^{si} siècle Dans un monde technologiquement avancé bien que chaque pays analysé dans cet ouvrage demeure autonome en tant qu'état souverain l'ensemble des systèmes disparates présente néanmoins des stratégies comparables pour traiter des questions juridiques complexes En outre plusieurs chapitres montrent comment en plus de la production normative et de la résolution des différends juridiques la panoplie croissante de différents types d'instruments non juridiques et de résolution non juridique des différends devient de plus en plus centrale dans la sphère juridique Cet ouvrage est un ajout essentiel à la bibliothèque de tout universitaire souhaitant se tenir au courant des principales tendances du droit contemporain Il couvre un vaste domaine de sujets traités d'un point de vue comparatif et représente l'état actuel du droit dans chaque domaine **The Science of**

Composting Marco de Bertoldi, 2013-11-11 The European Union initially demonstrated its interest in waste in the late 70s with the programme on Waste Recycling Research and Development At that time composting was only present as a coordination activity and it was only later that specific research programmes in the area were within Europe which was largely instrumental in setting up a series of European conferences seminars and work shops Some of these have resulted in publications which have made significant contributions to developments in the understanding of composting and the use of composts In particular the outputs from meetings in Oxford 1984 Udine 1986 Neresheim 1988 and Angers 1991 are worthy of note Composting has seen significant changes since the 70s when the major thrust in Europe was using mixed municipal

solid waste as a feed material Many composting plants which were built to use this material were closed due to the poor quality of the compost which made it very difficult to market As a result the main areas of interest as far as the municipalities are concerned are now with biowaste and source separated organics This interest is apparent from the many new plants which are being constructed across Europe and the ready market which exists for the products In parallel with the renewed interest of the municipalities other areas such as agriculture and the wastewater treatment industries are also developing their own schemes

Postcolonial Echoes and Evocations Derek O'Regan, 2006 This work is a sedulous enquiry into the intertextual practice of Maryse Condé in *Moi Tituba sorcière noire de Salem* 1986 *Traversée de la mangrove* 1989 and *La Migration des coeurs* 1995 the texts of her oeuvre in which the practice is the most elaborate and discursively significant Arguing that no satisfactory reading of these novels is possible without due intertextual reference and interpretation the author analyses

salient intertexts which flesh out and in the case of Travers e de la mangrove shed considerable new light on meaning and authorial discourse Whether it be in respect of canonical William Faulkner Emily Bront Nathaniel Hawthorne postcolonial Aim C saire Jacques Roumain or other Anne H bert Saint John Perse writers the author explores Cond s intertextual choices not only around such themes as identity resistance m tissage and errance but also through the dialectics of race culture male female centre periphery and past present As both textual symbol and enactment of an increasingly creolised world intertextuality constitutes a pervasively powerful force in Cond s writing the elucidation of which is indispensable to evaluating the significance of this unique fictional oeuvre
