Lines Of Fire A Renegade Writes On Strategy Intelligence And Security:

To Make and Keep Peace Among Ourselves and with All Nations Angelo Codevilla, 2014-05-01 Author Angelo Codevilla asks What is to be America's peace How is it to be won and preserved in our time He notes that our government's increasingly unlimited powers flow in part from our statesmen's inability to stay out of wars or to win them and that our statesmen and academics have ceased to think about such things The purpose of this book is to rekindle such thoughts The author reestablishes early American statecraft's understanding of peace what it takes to make it and what it takes to keep it He reminds Americans why our founding generation placed the pursuit of peace ahead of all other objectives he shows how they tried to keep the peace by drawing sharp lines between America's business and that of others as well as between peace and war He shows how our 20th century statesmen confused peace and war as well as America's affairs with that of mankind's The result he shows has been endless war abroad and spiraling strife among Americans Codevilla provides intellectual guidelines for recovering the pursuit of peace as the guiding principle by which the American people and statesmen may navigate domestic as well as international affairs Modern Ninjutsu: a Definitive Guide to the Tactics, Concepts, and Spirit of the Unconventional Combat Arts J. Alaric Justice, 2016-07-12 Modern Ninjutsu A Definitive Guide to the Tactics Concepts Spirit of Unconventional Combat Arts is a path guide to realistic training and mind set development for combat situations wherever they may occur J Alaric Justice is a military combat veteran and former anti terrorist as well as a former law enforcement defensive tactics instructor and crisis negotiator Perhaps most important to this work he has survived many violent street encounters fights and attempted crimes in gang infested areas Speaking as someone who has been exposed to violence and opponent force in myriad forms he offers a unique view to practitioners of any system of how to handle crisis situations and maintain realism in their training for generations to come From Buddy to Boss, 2nd Ed Chase Sargent, 2018-04-13 Professional development and leadership with you in mind A good friend once said about Chase Sargent that he's a very intelligent man but he sure does tick people off sometimes Sargent doesn't disagree He may have made some people mad but he wishes he had done it more often to get this point across Leadership in all aspects of life is sorely lacking The second edition of From Buddy to Boss Effective Fire Service Leadership reinforces the fact that the fire service is screaming for leaders as men and women discover that leadership is important to their existence and success Being a firefighter can be tiring and frustrating but it can be rewarding It's not only about the job but also about raising kids managing your life and trying to be a good person attached to God country family and friends says the author Many leaders today are surrounded by external politics hidden agendas fiscal constraints and manipulative people Consider these factors when navigating your career Sargent knows from decades of experience that simply reaching the top of the organizational ladder does not make you a good leader Before he went into teaching this subject It became apparent very quickly that the leadership and human resources training being provided was as scarce as water in a desert and that the re service was

thirsty This new second edition includes must read topics on leadership lessons from the War in Iraq knowing death in the fire service and providing leadership in large scale disasters This book will change your life Winning Space Brandon J.
