**Teaching Music Theory** Jennifer Snodgrass, 2020 For music theory teachers, some common questions might arise: why assess students with exams like AP Music Theory? Why teach them melodic dictation, formal structures, and key signatures? Why design curriculums this way? In recent years, educators around the country have developed new and innovative teaching approaches to address these questions, reintroducing a sense of purpose into their classrooms. In this new volume, Jennifer Snodgrass visits several of these teachers, observing them in their music theory classrooms and providing lesson plans that build upon their approaches. Based on three years of field study spanning seventeen states, coupled with reflections from the author on her own teaching strategies, *Teaching Music Theory: New Voices and Approaches* highlights real-life teaching approaches from effective and sometimes award-winning instructors from a wide range of institutions: high schools, community colleges, liberal arts colleges, and conservatories. Throughout the book, Snodgrass focuses on topics like classroom environment, collaborative learning, undergraduate research, and professional development and curriculum reform. She also emphasizes the importance of a diverse, progressive, and inclusive teaching environment throughout, from encouraging student involvement in curriculum planning to designing lesson plans with Common Core Standards in mind, so that pedagogical concepts may be applied to other subjects. An accessible and valuable text designed with the needs of both students and faculty in mind, *Teaching Music Theory* provides teachers with a vital set of tools to rejuvenate the classroom and produce confident, empowered students.

**Cathedral of the Wild** Boyd Varty, 2014-03-11 This is a gorgeous, lyrical, hilarious, important book. Read this, and you may find yourself instinctively beginning to heal old wounds in yourself, in others, and just maybe in the cathedral of the wild that is our true home. Martha Beck, author of *Finding Your Own North*. Star Boyd Varty had an unconventional upbringing. He grew up on Londolozi Game Reserve in South Africa, a place where man and nature strive for balance, where perils exist alongside wonders. Founded more than eighty years ago as a hunting ground, Londolozi was transformed into a nature reserve beginning in 1973 by Varty's father and uncle, visionaries of the restoration movement. But it wasn't just a sanctuary for the animals; it was also a place for ravaged land to flourish again and for the human spirit to be restored. When Nelson Mandela was released after twenty-seven years of imprisonment, he came to the reserve to recover. *Cathedral of the Wild* is Varty's memoir of his life in this exquisite

and vast refuge At Londolozi Varty gained the confidence that emerges from living in Africa We came out strong and largely unafraid of life he writes with the full knowledge of its dangers It was there that young Boyd and his equally adventurous sister learned to track animals raised leopard and lion cubs followed their larger than life uncle on his many adventures filming wildlife and became one with the land Varty survived a harrowing black mamba encounter a debilitating bout with malaria even a vicious crocodile attack but his biggest challenge was a personal crisis of purpose An intense spiritual quest takes him across the globe and back again to reconnect with nature and rediscover the track Cathedral of the Wild is a story of transformation that inspires a great appreciation for the beauty and order of the natural world With conviction hope and humor Varty makes a passionate claim for the power of the wild to restore the human spirit Praise for Cathedral of the Wild Extremely touching a book about growth and hope The New York Times It made me cry with its hard won truths about human and animal nature Both funny and deeply moving this book belongs on the shelf of everyone who seeks healing in wilderness BookPage
