Children See Dead People Rob Armstrong, One of the most famous lines in movie history is I see dead people uttered by a young boy Is there any reason to believe that children can see the dead Do they have spooky powers denied to adults Do they grow out of these powers as they reach puberty Do they forget that they once interacted with the dead One study says that by age seven 65 percent of children have had an imaginary friend Are these imaginary friends actually spirits Do children have the dead as their imaginary playmates. They re not imaginary at all They re real but they re dead Children are natural mediums psychics and necromancers They can channel the other world Is the poltergeist phenomenon caused by children's imaginary friends Can imaginary friends operate externally to children's minds Are some children in cahoots with spirits There is nothing more fascinating than the psychic abilities of children and the astonishing thing that eventually happens to them which suppresses their paranormal powers in order to allow them to enter the normal world the adult world What would you prefer to remain a child all your life and have paranormal powers or to become an adult and sacrifice your paranormal powers Nature has made this a tradeoff Do you want to be Peter Pan who can fly but can never grow up or do you want to join the adults and have adult fun and also adult responsibilities Why do children lose their natural powers Is it possible to get these powers back Can adults recover their lost paranormal abilities the abilities which society warned them as children never to play with It s always dangerous to play with fire It s even more dangerous to ignore your natural fire Isn **Sensing Psychic** Mitchell Coombes, 2012-09-01 The telephone rings You rush to answer it t it time to light up your life The person you have been thinking about says Hello For some inexplicable reason you feel compelled to take the long way home from work Only later you discover a tragic accident would have blocked your usual route home Someone you haven t seen in years comes to mind A few days later you bump into him or her Everyone is naturally psychic Perhaps you regularly solve problems in your dreams or experience ah ha moments out of the blue Maybe your inner voice guides the decisions you make Or are you someone who just knows something without knowing why you know it Perhaps you can recall a time when you had a hunch and trusted it because it felt right Have sensations like butterflies in your stomach or the hairs standing up on the back of your neck ever alerted you to danger Maybe you ve glimpsed the future heard a voice from Beyond or acted upon an impulse that has saved your life Every day people from all walks of life sense the unspoken read between the lines and experience events that defy logic Subtle or dramatic these are all hallmarks of natural psychic ability In this book
