**Sexual Ethics and Problematic Consent** David Boonin, 2024-11-11. When it comes to sex, no means no, but yes doesn't always mean yes. Cases where a person's yes to sex should be treated as a no are uncontroversial when they involve forms of coercion, deception, or incompetence that clearly render their consent to sex invalid. But between those cases where yes clearly means yes and those where yes clearly means no lie a variety of more problematic cases. In this provocative and challenging book, David Boonin considers what we should say about them. Clear cases of coercion, for example, involve the threat of significant physical harm. But what should we say about cases involving the threat of harms that are relatively insignificant or that involve no physical harm at all? Impersonating someone's spouse to trick them into saying yes to sex is clearly very wrong, but what about the more mundane kinds of lies people tell when they're trying to meet someone? It's wrong to have sex with someone who says yes when they're so drunk they're about to pass out, and not wrong if they say yes after having a few sips of beer. What, though, should we say about the more difficult cases in the middle where it's genuinely unclear whether they've had too much to drink? What's the most reasonable view about other forms of incompetent consent to sex, like those involving young children, elderly dementia patients, or people born with severe and permanent cognitive impairments? And what about cases of problematic sexual consent that don't involve coercion, deception, or incompetence at all? Can a patient give valid consent to sex with their therapist? Can the offer of a large amount of money in exchange for sex invalidate the sexual consent the offer elicits? Boonin offers a variety of clear and at times surprising answers to these and other questions about unclear cases in an engaging discussion that should be of interest to students and scholars as well as to anyone else who is concerned with problematic sexual consent. Day of Confession Allan Folsom, 2024-09-24. The New York Times bestseller. A superviolent tale of Vatican intrigue, just the type of script Hollywood dies for. Booklist. In Italy, the Cardinal Vicar of Rome is assassinated during a papal celebration. In Los Angeles, entertainment lawyer Harry Addison receives a desperate message from his long estranged brother, Father Daniel Addison, a Vatican priest. Hours later, a tour bus with Father Daniel aboard explodes on the road to Assisi. When Harry arrives in Italy to claim his brother's body, he discovers that not only may Father Daniel still be alive, but he is the prime suspect in the murder of the Cardinal Vicar. In a sudden turn, Harry finds himself framed for the murder of an Italian policeman. Now on the run and on his brother's trail, Harry is thrust into a terrifying world of horror and deception where an international terrorist hunts Father Daniel as relentlessly as the authorities, and where a monstrous conspiracy arises from the very heart of the Vatican. Folsom is an enthusiastic storyteller.
