**Robots That Kill** Judith A. Markowitz,2019-05-01 This book describes real world killer robots using a blend of perspectives Overviews of technologies such as autonomy and artificial intelligence demonstrate how science enables these robots to be effective killers Incisive analyses of social controversies swirling around the design and use of killer robots reveal that science alone will not govern their future Among those disputes is whether fully autonomous robotic weapons should be banned Examinations of killers from the golem to Frankenstein s monster reveal that artificially created beings like them are precursors of real 21st century killer robots This book laces the death and destruction caused by all these killers with science and humor The seamless combination of these elements produces a deeper and richer understanding of the robots around us

**The Second Chronicles of Caer Norren** Adriana Pausenwein,2023-12-24 In the mystical realm of The Witcher where monsters lurk in the shadows and magic intertwines with destiny a collection of enthralling short stories unfolds Within the vast tapestry of this universe readers embark on a riveting journey encountering familiar faces such as the legendary Gerald of Liva and the enigmatic Ziri while also being introduced to new heroes who leave an indelible mark on

the landscape of witcher lore Among the fresh protagonists stands Renny of Vindobona a seasoned master witcher hailing from the illustrious Manticore school Her blade is as sharp as her wit and her encounters with monstrous foes reveal the depth of her expertise Beside her Petrus of Steyr the Grandmaster of the Manticore witchers navigates the delicate balance between leadership and the perilous life of a monster hunter The narrative unfolds in a mosaic of tales ranging from the initiation of young witchers on their inaugural monster hunts to the heart stopping moments where seasoned veterans risk their lives to protect their successors The specter of danger looms large forging unbreakable bonds between generations of witchers as they face the relentless onslaught of grotesque creatures Amidst the tumult political intrigues among the elves weave a web of mystery showcasing the cunning and treachery of the vrihedd elven fighters Their deadly dance unfolds against a backdrop of elven history and enmity adding a layer of complexity to the already intricate world of The Witcher Dwarven and gnomish weapon smiths emerge as unsung heroes crafting the tools that become the last line of defense against the monstrous threats Their forges echo with the clanging of hammers and the hiss of quenched steel providing a stark contrast to the eeriness of the haunted forests and shadowy caves where the witchers face their adversaries Dragons soar through the skies their majestic wings casting shadows over the landscapes below Forktails and trolls each more fearsome than the last become formidable opponents in the witchers quest to maintain the delicate equilibrium between the natural and supernatural Through each meticulously crafted tale the reader is transported into a world where bravery is tested alliances are forged and the line between friend and foe blurs in the face of a common enemy The Witcher universe comes alive in this collection offering a rich and immersive experience that lingers in the imagination long after the final page is turned
