More Than Letters,

Standards Edition Sally Moomaw, 2020-08-25 For decades early childhood educators in high quality programs have understood that the transition into reading and writing occurs naturally when young children are surrounded by opportunities to interact with print in ways that are meaningful to them The original edition of *More Than Letters* first published in 2001 showed teachers how to intentionally help children develop literacy skills through hands on play based activities Like the original edition the *Standards Edition* is based on theory and research It contains new chapters that specifically focus on developing the skills needed to decode literature and informational text Expanded chapters include activities that target specific concepts included in national literacy standards *The Administrator's Guide to Building Blocks* Dorothy P. Hall, Amanda B. Arens, Karen L. Loman, 2002-01-21 This book is designed to help administrators know what to look for when they observe kindergarten teachers doing *Building Blocks* the kindergarten program for the Four Blocks Literacy model Included in this resource are valuable planning and observation checklists *The Administrator's Guide to the Four Blocks®* Dorothy P. Hall, Patricia M. Cunningham, 2003-01-23 This resource is designed to help administrators know what to look for when they observe Four Blocks teachers Included are valuable planning and observation checklists sample lessons and much more *Implementing the 4-blocks Literacy Model* Cheryl Mahaffey Sigmon, 1997-12 **Classroom Authoring Grd K** Jima Dunigan, 2008-04 **Inclusive Early Childhood Education** Suzanne Winter, 2007 This volume examines how to work with young children who have disabilities within typical preschool and day care settings The authors present strategies for creating a classroom where all children can learn Cultural and linguistic diversity is discussed throughout and stories based on real classroom scenarios provide context for each chapter's content Collaboration is the topic emphasized in this text The author provides information about how to collaborate and communicate with families and other professionals in early childhood educational settings **Constructing Strong Foundations of Early Literacy** Malinda E. Jones, Ann E. Christensen, 2022-08-31 This text provides a comprehensive understanding of the foundational literacy knowledge skills behaviors and attitudes necessary to guide emerging readers and writers in early childhood Centered on the critical question of why some children learn to read easily while others do not this text walks readers through developmentally appropriate goal setting based on the foundational literacy skills that are critical for preschool and kindergarten children to develop Written in an authoritative yet accessible style chapters offer instructional strategies insights and scenarios from educators self reflection and a variety of methods for implementation Each chapter also includes differentiation for children with language and learning challenges as well as dual language learners exploring methods for valuing the home language while building critical literacy skills in the classroom Providing critical skills for guiding all emerging readers to an independent reading level this is an essential resource for both students in early childhood literacy and special education courses and educators in early childhood public education non profit preschool settings such as Head Start home and daycare settings and private and corporate care and education centers *The Whole Language*

Kindergarten Shirley C. Raines, Robert J. Canady, 1990 Teachers interested in transforming their traditional kindergartens into child centred Whole Language classrooms now have a model for change Child Growth and Educational Psychology Varrien Holmes, 2018-08-27 Child growth entails the biological psychological and emotional changes that occur in human beings between birth and the end of adolescence as the individual progresses from dependency to increasing autonomy It is a continuous process with a predictable sequence yet having a unique course for every child Educational psychology is a distinct scientific discipline within psychology that includes both methods of study and a resulting knowledge base This book authoritatively describes all important aspects of child growth and educational psychology Students scholars and academics in the field of education and psychology besides educational planners psychologists psychiatrists etc will find this book highly valuable First Class Ada J. Hand, Patricia Monaghan-Nourot, 1999 Focusing on the argument that early childhood education plays a crucial role in children's future success this guide provides information to educators about development based education that leads to active and productive learning for children ages 4 through 6 The guide provides examples for planning and organizing classroom environments scheduling the day's activities guiding interactions between children and adults and planning challenging curriculum and assessment activities Chapter one Guiding Principles for Quality Early Primary Programs focuses on models of child development and explanations of development based education Chapter two Planning Environments for Early Primary Programs addresses the importance of environment and physical space in meeting children's needs Chapter three Scheduling the Day in the Early Primary Program addresses the need to balance classroom activities in the daily schedule while chapter four Planning Classroom Instruction and Management focuses on the goals of quality learning and managing inevitable issues that arise in the classrooms of young children Chapter five Applying Child Development Principles to Curriculum addresses specific areas of study and how they fit into the education of young children Chapter six Planning an Integrated Early Primary Program addresses incorporation and integration of diversity special services and teaching strategies into the program The guide's four appendices address specific issues of reading writing assessment and working with English language learners Contains approximately 350 references SD Classrooms that Work Patricia Marr Cunningham, Richard L. Allington, 2007 Cunningham and Allington's voice and presentation style are unique and I think this distinguishes their book from others This book is an enjoyable and exciting read for my students It makes them want to get out there and teach They walk away from it with not only a sound set of teaching strategies but a strong sense of why they would use them and a belief that they can teach like this Bravo Donna H Topping Millersville University Classrooms That Work's strengths are the knowledge of the authors the organization and conversational tone of the text and the emphasis on all children can learn I believe the information presented changed my students' perspectives on how reading and writing should be viewed and taught Brenda Bradshaw Southwest Missouri State University This book is easy to understand The most distinguishing feature is that it is comprehensive and less than 350 pages It is practical in ways

others are not Dr Susan McBridge California Polytechnic State University The fourth edition of Classrooms That Work emphasizes a core set of ideas across a variety of timely topics providing a comprehensive balanced treatment of instructional reading methods for struggling and culturally diverse students Pat Cunningham and Dick Allington with their clear and friendly writing style emphasize the importance of promoting the integration of phonics and literature based process writing and reading instruction to enhance ALL students learning and reading skills It clarifies concepts defines key terms and offers just the right balance of research and practical coverage to make the content complete without being overwhelming This affordable book helps teachers engage all children in meaning centered reading by fostering powerful decoding and comprehension strategies and implementing a balanced reading program It identifies and explores five components real reading and writing guided reading guided writing decoding spelling and word word knowledge The fourth edition is filled with workable practical strategies and activities to use in the classroom This book plays upon readers natural curiosity and desire for relevance by offering a modern applied approach to traditional reading topics and an in depth look at areas of reading instruction not covered by other books Chapters 11 12 and 13 describe a sample day in a Building Blocks kindergarten a sample day in a Four Blocks primary classroom and a sample week in a Big Blocks intermediate classroom respectively Combined these chapters show how all of the important components of a balanced literacy program can be integrated For the fourth edition the authors have reorganized the chapters to reflect an integrative approach to literacy this new edition starts with Creating Classrooms That Work a chapter that summarizes the characteristics of the most effective classrooms Other chapters on words comprehension writing and assessment inform teachers of the need for a balanced approach to literacy There are also three new chapters in this edition Creating Enthusiastic Independent Readers Chapter 2 contains ideas for helping all children become independent readers Building Vital Vivid and Valuable Vocabularies Chapter 5 describes practical strategies for building meaning vocabulary Building the Literacy Foundation Chapter 3 describes activities to get young children off to a successful start in reading and writing Meet the Authors Patricia M Cunningham is a professor of education at Wake Forest University in Winston Salem North Carolina She has taught in various elementary grades and been a curriculum coordinator and director of reading Her major professional goal is promoting literacy for all children Richard L Allington is a professor of education at the University of Tennessee at Knoxville He is a past president of the National Reading Conference and a member of the Reading Hall of Fame Dick has extensively researched effective teaching and how schools can develop effective expert teachers
