King Arthurs Modern Return Garland Reference Library Of The Humanities:

King Arthur's Modern Return Debra N. Mancoff, 2014-04-23 The Arthurian legend closes with a promise On a distant day when his country calls the king will return His lost realm will be regained and his shattered dream of an ideal world will at last be realized This collection of original essays explores the issue of return in the modern Arthurian legend With an Introduction by noted scholar Raymond H Thompson and 13 essays by authors from the fields of literature art history film history and folklore this collection reveals the flexibility of the legend Just as the modern legend takes the form current to its generation the myth of return generates a new legend with each telling As these authors show return can come in the form of a noble king or a Caribbean immigrant with the mystery of an art theft or a dying boy's dream

A Bibliography of Modern Arthuriana (1500-2000) Ann F. Howey, Stephen Ray Reimer, 2006 Annotated bibliography of the Arthurian legend in modern English language fiction not only in literary texts but in television music and art The legend of Arthur has been a source of fascination for writers and artists in English since the fifteenth century when Thomas Malory drew together for the first time in English a variety of Arthurian stories from a number of sources to form the *Morte Darthur* It increased in popularity during the Victorian era when after Tennyson's treatment of the legend not only authors and dramatists but painters musicians and film makers found a source of inspiration in the Arthurian material This interdisciplinary annotated bibliography lists the Arthurian legend in modern English language fiction from 1500 to 2000 including literary texts film television music visual art and games It will prove an invaluable source of reference for students of literary and visual arts general readers collectors librarians and cultural historians indeed by anyone interested in the history of the ways in which Camelot has figured in post medieval English speaking cultures ANN F HOWEY is Assistant Professor at Brock University Canada STEPHEN R REIMER is Associate Professor at the University of Alberta Canada

The Cambridge Companion to the Arthurian Legend Elizabeth Archibald, Ad Putter, 2009-09-10 For more than a thousand years the adventures of King Arthur and his Knights of the Round Table have been retold across Europe They have inspired some of the most important works of European literature particularly in the medieval period the romances of Chr tien de Troyes Wolfram von Eschenbach's *Parzival* Sir Gawain and the Green Knight and Malory's *Le Morte d Arthur* In the nineteenth century interest in the Arthurian legend revived with Tennyson Wagner and Twain This Companion outlines the evolution of the legend from the earliest documentary sources to *Spamalot* and analyses how some of the major motifs of the legend have been passed down in both medieval and modern texts With a map of Arthur's Britain a chronology of key texts and a guide to further reading this volume itself will contribute to the continuing fascination with the King and his many legends

Bulletin Bibliographique de la Société Internationale Arthurienne International Arthurian Society, 2000 (2015) Nathanael Busch, 2016-12-19 The purpose of the BIAS is year by year to draw attention to all scholarly books and articles directly concerned with the *mati re de Bretagne* The bibliography aims to include all books reviews and articles published in the year

preceding its appearance an exception being made for earlier studies which have been omitted inadvertently The present volume contains over 700 entries on relevant publications that were published in 2014

The Grail Legend in Modern Literature John Barry Marino, 2004 The Grail legends have in modern times been appropriated by a number of different scholarly schools of thought their approaches are analysed here This study shows how modern including postmodern adaptations of the Grail legend correspond to trends in the scholarly community and how the legend has been appropriated by competing world views There are three parallel trends in Grail scholarship and modern adaptations of the legend controversy over Christian or pagan origins secularization by way of humanism and esoteric mysticism These three trends reflect movements in popular culture Relativism and multiculturalism influence Christian pagan cultural conflict in the adaptations Mythographers maintain the legend's appeal in a humanist culture by considering the Grail metaphor rather than material actuality modern adaptations then transform the Grail from a particularly Christian symbol to one with universal application in an increasingly secular society Modern esoteric spiritualities allow the Grail actuality with flexible meaning This study then demonstrates how the Grail legend is transformed and adapted from medieval to modern cultures and continues to evolve today JOHN B MARINO is adjunct instructor Maryville University and Saint Louis University

The Remains of the Victorian Gentleman in James, Conrad, and Wharton Marta Kaye Beckman, 2002

Subject Guide to Books in Print, 1997

Nature in the Middle Ages and the Early Modern Times Albrecht Classen, 2024-07-01 The study of pre modern anthropology requires the close examination of the relationship between nature and human society which has been both precarious and threatening as well as productive soothing inviting and pleasurable Much depends on the specific circumstances as the works by philosophers theologians poets artists and medical practitioners have regularly demonstrated It would not be good enough as previous scholarship has commonly done to examine simply what the various writers or artists had to say about nature While modern scientists consider just the hard core data of the objective world cultural historians and literary scholars endeavor to comprehend the deeper meaning of the concept of nature presented by countless writers and artists Only when we have a good grasp of the interactions between people and their natural environment are we in a position to identify and interpret mental structures social and economic relationships medical and scientific concepts of human health and the messages about all existence as depicted in major art works In light of the current conditions threatening to bring upon us a global crisis it matters centrally to take into consideration pre modern discourses on nature and its enormous powers to understand the topoi and tropes determining the concepts through which we perceive nature Nature thus proves to be a force far beyond all human comprehensibility being both material and spiritual depending on our critical approaches
