**Jews, Christians, and Muslims in the Mediterranean World After 1492** Alisa Meyuhas Ginio, 2014-02-25 The expulsion of the Jews and later the Muslims from the Iberian Peninsula marked the beginning of a new era in the life of the Mediterranean world. The articles in this volume discuss the aftermath of the crucial historical events that took place in the Mediterranean world in 1492, focusing on the social, economic, and cultural consequences of these occurrences. *The Oxford Handbook of Russian Religious Thought* Caryl Emerson, George Pattison, Randall A. Poole, 2020-09-04 The Oxford Handbook of Russian Religious Thought is an authoritative new reference and interpretive volume detailing the origins, development, and influence of one of the richest aspects of Russian cultural and intellectual life: its religious ideas. After setting the historical background and context, the Handbook follows the leading figures and movements in modern Russian religious thought through a period of immense historical upheavals, including seventy years of officially atheist communist rule and the growth of an exiled diaspora. With e.g. its journal *The Way*, therefore, the shape of Russian religious thought cannot be separated from long-running debates with nihilism and atheism. Important thinkers such as Losev and Bakhtin had to guard their words in an environment of religious persecution, whilst some views were shaped by prison experiences. Before the Soviet period, Russian national identity was closely linked with religion, linkages which again are being forged in the new Russia. Relevant in this connection are complex relationships with Judaism. In addition to religious thinkers such as Philaret, Chaadaev, Khomiakov, Kireevsky, Soloviev, Florensky, Bulgakov, Berdyaev, Shestov, Frank, Karsavin, and Alexander Men, the Handbook also looks at the role of religion in aesthetics, music, poetry, art, film, and the novelists Dostoevsky and Tolstoy. Ideas, institutions, and movements discussed include the Church, academies, Slavophilism, and Westernism; theosis, the name glorifying imiaslavie controversy, the God-seekers and God-builders, Russian religious idealism and liberalism, and the Neopatristic school. Occultism is considered, as is the role of tradition and the influence of Russian religious thought in the West. *Religion and Secular Modernity in Russian Christianity, Judaism, and Atheism* Ana Siljak, 2024-11-15 *Religion and Secular Modernity in Russian Christianity, Judaism, and Atheism* is a multifaceted account of the engagement between religion and the secular in Russia's Christian, Jewish, and atheist traditions. Ana Siljak brings together an interdisciplinary group of leading scholars to present unique perspectives on the secularization dynamic in Russia and the Soviet Union, telling stories about theologians, sects, churches, poets, and artists. From the Jewish Christian priest Alexander Men to the cross-dressing poet Zinaida Gippius to the Soviet promoter of Yiddish theater Solomon Mikhoels, *Religion and Secular Modernity in Russian Christianity, Judaism, and Atheism* gives a voice to a variety of actors who have grappled with the possibilities of faith and unbelief in an industrialized, modern, and seemingly secular world. Now more than ever, as one narrative of Russia's religious history dominates official Russian accounts, alternative perspectives of the relationship between Russian religion and secularism should be highlighted and emphasized. **Pearson General Knowledge Manual 2009** Edgar
