

Dear Parents of ECA:

It's a pleasure for us to present to you the most important Vacation Bible School in the United States brought to Colombia in 2017.

VBS (Vacation Bible School) is a 5-day program, in which children between 5 and 12 years old, learn about Jesus in an extremely fun way, and completely immersed in English.

As they rotate through 7 stations with specific topics (imagination, art, cinema, among others) we reinforce Biblical ideas that will seal their hearts with God's living word.

We know that **VBS** is a powerful tool to bring the kingdom of God to our nation and we don't want any child between 5 and 12 years old to miss out.

This year, **VBS** brings "Shipwrecked" where we'll emphasize the truth that **JESUS RESCUES** us in any circumstance: when we feel alone, afraid, or if we fail.

We invite you to visit our official webpages: www.vbscolombia.com / www.facebook.com/vbscolombia to know more about us and access the sign up forms bit.ly/2vbtv0iz to guarantee a spot for your child.

The spots are limited. Don't miss out!

Sincerely,

Kingdom Rock Parents Letter

James Elgin

The Calhoun Family Letters: Life in New England, 1820-1879, Volume I, **Scribal Repertoires in Egypt from the New Kingdom to the Early Islamic Period** Jennifer Cromwell, Eitan Grossman, 2017-12-22 Scribal Repertoires in Egypt from the New Kingdom to the Early Islamic Period deals with the possibility of glimpsing pre modern and early modern Egyptian scribes the actual people who produced ancient documents through the ways in which they organized and wrote those documents While traditional research has focused on identifying a pure or original text behind the actual manuscripts that have come down to us from pre modern Egypt the volume looks instead at variation different ways of saying the same thing as a rich source for understanding the complex social and cultural environments in which scribes lived and worked breaking with the traditional conception of variation in scribal texts as free or indicative of corruption As such it presents a novel reconceptualization of scribal variation in pre modern Egypt from the point of view of contemporary historical sociolinguistics seeing scribes as agents embedded in particular geographical temporal and socio cultural environments Introducing to Egyptology concepts such as scribal communities networks and repertoires among others the authors then apply them to a variety of phenomena including features of lexicon grammar orthography palaeography layout and format After first presenting this conceptual framework they demonstrate how it has been applied to better studied pre modern societies by drawing upon the well established domain of scribal variation in pre modern English before proceeding to a series of case studies applying these concepts to scribal variation spanning thousands of years from the languages and writing systems of Pharaonic times to those of Late Antique and Islamic Egypt

Realm of the Dead through the Voice of the Living Julia Hsieh investigates the beliefs and practices of communicating with the dead in ancient Egypt through close lexical semantic analysis of extant Letters Hsieh shows how oral indicators toponyms and adverbs in these Letters signal a practice that was likely performed aloud in a tomb or necropolis and how the senders of these Letters demonstrate a belief in the power and omniscience of their deceased relatives and enjoin them to fight malevolent entities and advocate on their behalf in the afterlife These Letters reflect universals in beliefs and practices and how humankind past and present makes sense of existence beyond death

Ezra Pound's Chinese Friends Ezra Pound, 2008-02-21 No literary figure of the past century in America or perhaps in any other Western country is comparable to Ezra Pound in the scope and depth of his exchange with China To this day scholars and students still find it puzzling that this influential poet spent a lifetime incorporating Chinese language literature history and philosophy into Anglo American modernism How well did Pound know Chinese Was he guided exclusively by eighteenth to nineteenth century orientalist in his various Chinese projects Did he seek guidance from Chinese peers Those who have written about Pound and China have failed to address this fundamental question No one could do so just a few years ago when the letters Pound wrote to his Chinese friends were sealed or had not been found This book brings together 162 revealing letters between Pound and nine Chinese intellectuals eighty five of them newly opened up and none previously printed Accompanied by editorial introductions and notes these selected letters make available for the first time the forgotten stories of Pound and his Chinese friends They illuminate a dimension in Pound's career that has been neglected his dynamic interaction with people from China over a span of forty five years from 1914 until 1959 This selection will also be a documentary record of a leading modernist's unparalleled efforts to pursue what he saw as the best of China including both his stumbles and his triumphs
