to do next I believe this job is too important to leave up to chance For a child is a gift from God much more important than a gift to be placed on a shelf and forgotten all about Raising a child is an enormous responsibility and parents must take this responsibility seriously or face the consequences of not doing so Therefore I urge you to take the time to read this book I hope as you begin to walk down the path of parenting another human being the most important and incredible journey you will ever experience in life you will not forget the lessons learned from A to Z      **Congressional Record Index** ,1991 Includes history of bills and resolutions      **Congressional Record** United States.
