Safari Based Theology Dr. Enos Lwamba,2012-12-21 In Safari based Theology Dr Enos Lwamba has developed an approach to theology and mission based on his proposed safari motif for the development of theology and mission Based on his Ph D dissertation The Safari Motif in the Development of Theology in Africa Dr Lwamba argues that God has used a series of divine redemptive safaris in the Bible to reveal Himself progressively to people The author develops his proposed motif around a tri dimensional conception of reality and time and explores a threefold aspect of the safari mwanzo sasa and mwisho which provide keys to the African mindset He explores the various meanings and uses of the safari idea from both a biblical and theological perspective In addition to the literal safaris journey is an analogy of the church and believers are on a divine safari individually and collectively The safari model highlights the absolute necessity of the biblical message and the contextual situation to help Christians live effective and fruitful lives in society now and in future Inspired by both John Mbitis The African Concept of Time and Paul Hieberts The Flaw of the Excluded Middle the author utilizes biblical theological historical and contextual sources to make his point In the philosophical aspect of the safari the author develops his notion of an African conception of time modeled on the cultural safari idea which he relates to development of theology and mission He refutes the western influenced or commercially based notion that safari refers to a game hunting or tourist expedition to Africa Dr Lwamba promotes the argument that the philosophical framework and methodology drawn from the safari approach provides a more effective way of doing theology and mission in Africa and other contextual situations He also draws parallels to the safari concept from such sources as Augustines City of God John Bunyans The Pilgrims Progress and others in a refreshing and original style that the reader will find engaging The motif provides interpretational and practical application tools as it harmonizes the unity of the biblical message Its practical appeal makes Safari Based Theology a must read for Christians and others interested in their daily journey of faith The author contends that just as the idea of logos described the mindset conception of divine truth and aspirations of the Greek mind the concept of safari does the same for the African This book is highly recommended for pastors missionaries and teachers as well as students of Bible and theology culture and missions and other related disciplines Kenyan English Alfred Buregeya,2019-08-05 English in Kenya is a stable post colonial variety that is used as an inter ethnic lingua franca in private domains is the medium of instruction as well as the language spoken in parliament and court rooms Yet so far no comprehensive research monograph on Kenyan English has been published that surveys its characteristic linguistic features The present book closes this gap by giving a full description of the characteristic linguistic features of Kenyan English The book provides an in depth overview of Kenyan English phonetics phonology morphology syntax semantics and pragmatics and also gives a meticulous account of the diachronic evolution of this post colonial variety *Safari ya Matumaini* John W.

African Battle Traditions of Insult Tanure Ojaide,2023-04-26 This book explores the battles of words songs poetry and performance in Africa and the African Diaspora These are usually highly competitive artistic contests in which rival parties duel for supremacy in poetry composition and or its performance This volume covers the history of this battle tradition from its origins in Africa especially the udje and halo of the Urhobo and Ewe respectively to its transportation to the Americas and the Caribbean region during the Atlantic slave trade period and its modern and contemporary manifestations as battle rap or other forms of popular music in Africa Almost everywhere there are contemporary manifestations of the more traditional older genres The book is thus made up of studies of contests in which rivals duel for supremacy in verbal arts song poetry and performance as they display their wit sense of humor and poetic expertise

Mbula,2004 Over the past decade there has been a growing awareness in sub Sahara Africa that institutions of governance are critical to the achievement of sustainable human development These institutions also play a crucial role in the promotion of democracy and partnership building in all areas that are essential to the advancement of developmental goals The International Learning Centre ILC at the University of Nairobi with support from the Great Lakes Colleges Association GLCA and Kalamazoo College brought together leading scholars from the Universities of Dar es Salaam Makerere and several Kenyan institutions These were joined by a group of twenty scholars

drawn from the collaborating universities and colleges in the United States of America East Africa in Transition Images Institutions and Identities was the theme of the 2001 Symposium The goal was to challenge the common thinking about countries undergoing transition to re examine the process of change as it occurs in all areas of modern life Several questions have been put forward in the book Chief among these questions is what in a holistic manner informs and moulds the East African identity Is it the shared colonial heritage including the legacy of artificial political borders Is it a product of ethnicity and or home locale Could it be the similarity among the languages within the region Is it the commonality of the struggle of all the peoples of East Africa to take their place in the global village Is identity the product of self actualization or a local response to global pressures

The Bulldozer and the Word Raoul Granqvist,2004 This book examines the operating of cultural work in postcolonial Nairobi from the view that it drives modernity survival and processes of empowerment It depicts a city of global and spatial aspirations divided by a past that transcends its present It is a neo colonial and acquisitive city Western cultural institutions dominate the marketplace An associative aspect is the gendered city space streets bars pubs which is overwhelmingly masculine The book demonstrates that women s marginalisation impacts variously on the city s texts its fiction theatre and the iconography of the Matatu vehicle The major theme of the book is the struggle for cultural recognition and authority Strategies of social and political accommodation coalesce both creatively and antagonistically in this formulation of Kenyan self identification
