

# Killing or Letting Die?

- ▶ The killing - letting die distinction has been widely used to separate permissible practices from condemnable practices.
- ▶ Three questions:
  1. What conceptually is the difference between killing and letting die?
  2. Is killing itself morally wrong, whereas allowing to die is not itself morally wrong?
  3. Is forgoing life-sustaining treatment sometimes a form of killing?

# Killing And Letting Die Killing And Letting Die

**Bonnie Steinbock, Alastair Norcross**

## **Killing And Letting Die Killing And Letting Die:**

Killing and Letting Die Bonnie Steinbock, Alastair Norcross, 2024-10-22 Available in a new digital edition with reflowable text suitable for e readers This collection contains twenty one thought provoking essays on the controversies surrounding the moral and legal distinctions between euthanasia and letting die Since public awareness of this issue has increased this second edition includes nine entirely new essays which bring the treatment of the subject up to date The urgency of this issue can be gauged in recent developments such as the legalization of physician assisted suicide in the Netherlands how to manuals topping the bestseller charts in the United States and the many headlines devoted to Dr Jack Kevorkian who has assisted dozens of patients to die The essays address the range of questions involved in this issue pertaining especially to the fields of medical ethics public policymaking and social philosophy The discussions consider the decisions facing medical and public policymakers how those decisions will affect the elderly and terminally ill and the medical and legal ramifications for patients in a permanently vegetative state as well as issues of parent infant rights The book is divided into two sections The first Euthanasia and the Termination of Life Prolonging Treatment includes an examination of the 1976 Karen Quinlan Supreme Court decision and selections from the 1990 Supreme Court decision in the case of Nancy Cruzan Featured are articles by law professor George Fletcher and philosophers Michael Tooley James Rachels and Bonnie Steinbock with new articles by Rachels and Thomas Sullivan The second section Philosophical Considerations probes more deeply into the theoretical issues raised by the killing letting die controversy illustrating exceptionally well the dispute between two rival theories of ethics consequentialism and deontology It also includes a corpus of the standard thought on the debate by Jonathan Bennet Daniel Dinello Jeffrie Murphy John Harris Philipa Foot Richard Trammell and N Ann Davis and adds articles new to this edition by Bennett Foot Warren Quinn Jeff McMahan and Judith Lichtenberg

Killing and Letting Die Bonnie Steinbock, Alastair Norcross, 1994-01-01 This collection contains twenty one thought provoking essays on the controversies surrounding the moral and legal distinctions between euthanasia and letting die Since public awareness of this issue has increased this second edition includes nine entirely new essays which bring the treatment of the subject up to date The urgency of this issue can be gauged in recent developments such as the legalization of physician assisted suicide in the Netherlands how to manuals topping the bestseller charts in the United States and the many headlines devoted to Dr Jack Kevorkian who has assisted dozens of patients to die The essays address the range of questions involved in this issue pertaining especially to the fields of medical ethics public policymaking and social philosophy The discussions consider the decisions facing medical and public policymakers how those decisions will affect the elderly and terminally ill and the medical and legal ramifications for patients in a permanently vegetative state as well as issues of parent infant rights The book is divided into two sections The first Euthanasia and the Termination of Life Prolonging Treatment includes an examination of the 1976 Karen Quinlan Supreme Court decision and selections from the 1990 Supreme Court decision in the

case of Nancy Cruzan Featured are articles by law professor George Fletcher and philosophers Michael Tooley James Rachels and Bonnie Steinbock with new articles by Rachels and Thomas Sullivan The second section Philosophical Considerations probes more deeply into the theoretical issues raised by the killing letting die controversy illustrating exceptionally well the dispute between two rival theories of ethics consequentialism and deontology It also includes a corpus of the standard thought on the debate by Jonathan Bennet Daniel Dinello Jeffrie Murphy John Harris Philipa Foot Richard Trammell and N Ann Davis and adds articles new to this edition by Bennett Foot Warren Quinn Jeff McMahan and Judith Lichtenberg      Killing and Letting Die Bonnie Steinbock,1980      **Killing and Letting Die** Peter McLaren Black,1978

*Is There a Morally Significant Difference Between Killing and Letting Die?.* ,1978      *Killing and Letting Die - is There a Significant Moral Difference?.* Ann Marie Begley,1993      *Rights, Restitution, and Risk* Judith Jarvis Thomson,1986 Moral theory should be simple the moral theorist attends to ordinary human action to explain what makes some acts right and others wrong and we need no microscope to observe a human act Yet no moral theory that is simple captures all of the morally relevant facts In a set of vivid examples stories and cases Judith Thomson shows just how wide an array of moral considerations bears on all but the simplest of problems She is a philosophical analyst of the highest caliber who can tease a multitude of implications out of the story of a mere bit of eavesdropping She is also a master teller of tales which have a philosophical bite Beyond these pleasures however she brings new depth of understanding to some of the most pressing moral issues of the moment notably abortion Thomson s essays determinedly confront the most difficult questions What is it to have a moral right to life or any other right What is the relation between the infringement of such rights and restitution How is rights theory to deal with the imposition of risk      **Principles of Biomedical Ethics** Tom L. Beauchamp,James F. Childress,2001 For many years this has been a leading textbook of bioethics It established the framework of principles within the field This is a very thorough revision with a new chapter on methods and moral justification      **Bioethics** Megan-Jane Johnstone,2008-09-01 The 5th edition of Bioethics provides nursing students with the necessary knowledge and understanding of the ethical issues effecting nursing practice Groundbreaking in its first edition Bioethics continues its role as a vital component of nursing education and provides a framework for students to understand the obligations responsibilities and ethical challenges they will be presented with throughout their careers This latest edition responds to new and emerging developments in the field and marks a significant turning point in nursing ethics in that it serves not only to inform but also to revitalise and progress debate on the issues presented      **Morality, Mortality** F. M. Kamm,2001-01-04 In *Morality Mortality* Volume II Kamm continues to explore questions of life and death as illustrations of general issues in moral theory Resuming her development of non consequentialist ethical theory and its application to practical ethical problems she explores the distinction between killing and letting die between harming and not aiding and between intending and foreseeing harm Throughout this examination she focuses on the methodology used in analyzing these questions Kamm

develops a principled account of when harming some to save others is permissible and impermissible. In the process she discusses the Survival Lottery and Trolley Problem and other related dilemmatic situations. Kamm then covers the concepts of rights and prerogatives contrasting a victim focused account of rights with that of an agent relative account. Here she considers the problem of minimizing rights violations and the significance of the status of inviolability. She concludes Volume II by assessing whether agreements or supererogatory conduct may permissibly override restrictions and what their doing or not doing indicates about morality duties and prerogatives. Danish Yearbook of Philosophy Vol. 33 Finn Collin, 1999-12

**Danish Yearbook of Philosophy Volume 33 On the Moral Relevance of the Distinction Between Killing and Letting Die** Young-Mo Koo, 1997

**Ethics and Moral Philosophy** Thom Brooks, 2011-10-28 Ethics and moral philosophy is an area of particular interest today. This book brings together some of the most important essays in this area. The essays have all appeared recently in the *Journal of Moral Philosophy*, an internationally recognized leading philosophy journal. This book is divided into five sections: practical reason, particularism, moral realism, virtue ethics, and ethics and moral philosophy more generally.

**Action, Ethics, and Responsibility** Joseph Keim Campbell, Michael O'Rourke, Harry S. Silverstein, 2010-10-08

Leading philosophers explore responsibility from a variety of perspectives including metaphysics, action theory, and philosophy of law. Most philosophical explorations of responsibility discuss the topic solely in terms of metaphysics and the free will problem. By contrast, these essays by leading philosophers view responsibility from a variety of perspectives: metaphysics, ethics, action theory, and the philosophy of law. After a broad framing introduction by the volume's editors, the contributors consider such subjects as responsibility as it relates to the free will problem, the relation between responsibility and knowledge or ignorance, the relation between causal and moral responsibility, the difference if any between responsibility for actions and responsibility for omissions, the metaphysical requirements for making sense of collective responsibility, and the relation between moral and legal responsibility. The contributors include such distinguished authors as Alfred R. Mele, John Martin Fischer, George Sher, and Frances Kamm, as well as important rising scholars. Taken together, the essays in *Action, Ethics, and Responsibility* offer a breadth of perspectives that is unmatched by other treatments of the topic.

Contributors: Joseph Keim Campbell, David Chan, Randolph Clarke, E. J. Coffman, John Martin Fischer, Helen Frowe, Todd Jones, Frances Kamm, Antti Kauppinen, Alfred R. Mele, Michael O'Rourke, Paul Russell, Robert F. Schopp, George Sher, Harry S. Silverstein, Saul Smilansky, Donald Smith, Charles T. Wolfe.

**Blunt Traumas: Negotiating Suffering and Death** Nate Hinerman, Holly Lynn Baumgartner, 2019-07-22

This volume was first published by Interdisciplinary Press in 2016. From the ridicule of Emo culture on YouTube to the minute joys of the Happy Hour Trolley in an Australian palliative care setting, responses to suffering and death range from avoidance to eradication. *Blunt Traumas* thoughtfully engages these topics with compassion and brutal honesty. Contributors across the spectrum of professions, using a variety of methodologies including case studies, fieldwork, systematic philosophy, and historical and textual analysis, all respond to the orienting question: How does culture

impact co create and or produce suffering Their inter and multi disciplinary perspectives are divided into two sections The first Public Perceptions of Death Dying and Suffering closely examines human interactions with and performance of technologies of suffering from wireless to religious dead baby bloggers to wounded warriors The second half of the book focuses on the The Sufferer s Right to Choose whether that concerns end of life decisions medical technologies or narratives of self Together these chapters provide greater intelligibility on and provocative discussions about the oft ignored or buried discourses of suffering and dying

**Killing and Letting Die** Peter McLaren Black,1982      **Killing and Saving** John P. Reeder,2010-11-01 This impressive work is fair balanced critical and insightful Choice Contrary to the views of Alasdair MacIntyre and others who assert that modern Western morality is in disarray torn by incommensurable moral views John Reeder believes that there is much agreement about taking and saving lives Many people might in fact agree on the various circumstances in which the death of a person constitutes a violation of the right to life or that people have a right to our help especially a right to life saving aid In Killing and Saving Reeder analyzes five sorts of situations in which we are morally permitted or even obligated to take human life e g when we repel an attacker who voluntarily forfeits the right to life when we are confronted with involuntary pursuit or material aggression when someone yields the right to life when all will die if nothing is done but some can be saved if others are killed and when there is a double effect in which we take life as a foreseen but unintended consequence of attempt to achieve a greater good Reeder argues that these and closely related categories account for many of our convictions ranging from abortion to infanticide to starvation to war He also examines the concept of absolute or exceptionless right to life Reeder draws on a number of moral views from theological ethics to Enlightenment notions of natural rights or respect for rational creatures He does not attempt to argue for a foundation for the right not to be killed and the right to be saved Rather he focuses on the content of the convictions themselves and argues that where disagreements remain such as the case of abortion they can be accounted for by the way the rights in question are explained and justified

Act and Omission in Criminal Law Roni Rosenberg,2024-08-30 This book offers an innovative perspective on the critical distinction between acts and omissions in criminal law a distinction that runs like a defining thread through all types of criminal offenses While any act that positively causes a prohibited harm is sufficient for a conviction an omission that causes the very same harm warrants a conviction only when there is a legal duty to act This fundamental distinction between acts and omissions is not just relevant to criminal law but it is also deeply rooted in our moral thinking Thus it is commonly argued that the difference between acts and omissions is also applicable to the intuitive moral distinction between active euthanasia forbidden in most countries and passive euthanasia permitted in many countries under certain circumstances Hence the significance of this book is threefold First it offers a comprehensive coherent and systematic discussion of the intersections between the philosophical moral and the legal criminal aspects of this fundamental topic Second it offers a novel rationale for the distinction between acts and omissions based on the principle of autonomy

Finally it demonstrates the influences of the theoretical discussion on the most significant practical questions This book will be of interest to researchers academics and policy makers working in the areas of criminal law moral philosophy and bioethics

**Pluralistic Casuistry** Mark J. Cherry, Ana Smith Iltis, 2007-08-19 This volume presents a sustained philosophical analysis of Brody's contributions to biomedical ethics The book combines methodological philosophical considerations with applied chapters and each contributor carefully and critically explores Brody's writings in biomedical ethics and the philosophy of medicine The volume includes a response by Baruch Brody that critically engages the contributions to the volume

*Bioethics* Udo Schüklenk, Peter Singer, 2021-08-11 The new edition of the classic collection of key readings in bioethics fully updated to reflect the latest developments and main issues in the field For more than two decades *Bioethics An Anthology* has been widely regarded as the definitive single volume compendium of seminal readings on both traditional and cutting edge ethical issues in biology and medicine Acclaimed for its scope and depth of coverage this landmark work brings together compelling writings by internationally renowned bioethicists to help readers develop a thorough understanding of the central ideas critical issues and current debate in the field Now fully revised and updated the fourth edition contains a wealth of new content on ethical questions and controversies related to the COVID 19 pandemic advances in CRISPR gene editing technology physician assisted death public health and vaccinations transgender children medical aid in dying the morality of ending the lives of newborns and much more Throughout the new edition carefully selected essays explore a wide range of topics and offer diverse perspectives that underscore the interdisciplinary nature of bioethical study Edited by two of the field's most respected scholars *Bioethics An Anthology* Covers an unparalleled range of thematically organized topics in a single volume Discusses recent high profile cases debates and ethical issues Features three brand new sections Conscientious Objection Academic Freedom and Research and Disability Contains new essays on topics such as brain death life and death decisions for the critically ill experiments on humans and animals neuroethics and the use of drugs to ease the pain of unrequited love Includes a detailed index that allows the reader to easily find terms and topics of interest *Bioethics An Anthology Fourth Edition* remains a must have resource for all students lecturers and researchers studying the ethical implications of the health related life sciences and an invaluable reference for doctors nurses and other professionals working in health care and the biomedical sciences

## **Killing And Letting Die Killing And Letting Die Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and

manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Killing And Letting Die Killing And Letting Die PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Killing And Letting Die Killing And Letting Die PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Killing And Letting Die Killing And Letting Die free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

## FAQs About Killing And Letting Die Killing And Letting Die Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
