Killing Castro #1 Jason Ciaccia, 2019-09-14 How many times did the CIA try to kill Castro A black satirical comedy if only it wasn't true In the sweltering summer of 1963 at the height of Cold War paranoia CIA agent Robert Bob Maheu is sent to Cuba on a suicide mission aptly titled Operation Good Times to humiliate Fidel Castro during a live television broadcast by dosing the dictator with LSD and making his beard fall out But Bob bears the permanent scars of the MKULTRA program a dark secret in the untold history of the United States clandestine services Overseeing Bob's mission back home is Dr Gottlieb the mad mastermind behind the MK Ultra program which tried to turn Americans like Bob into remote controlled killing machines But as the devious doctor discovers Bob's humanity and his red white blue birthright to freedom and individuality remain just beneath the surface of his sock puppet skin This is the mostly true story of how one agency's epic failure set the United States on a collision course with paranoia and peace Jason Ciaccia's tale of LSD crazed assassins would seem ridiculously hyperbolic if it weren't derived from the CIA's own files Aaron Norhanian's fervid ink drawings propel this witty hybrid of underground comix and the History Channel right of the top R C Baker The Village Voice A Caliber Comics release

hadn't already taken place in the real world Comics Bulletin A Caliber Comics release **Killing Castro** Lawrence Block, 2016-01-08 BECAUSE IN 1961 NO ONE WOULD HAVE CALLED FIDEL CASTRO THE RETIRING TYPE There were five of them each prepared to kill each with his own reasons for accepting what might well be a suicide mission The pay 20 000 apiece The mission Find a way into Cuba and kill Castro This breathtaking thriller originally published the year before the Cuban Missile Crisis under a pen name Lawrence Block never used before or since is the rarest of Block's books and still a work of chilling relevance all these years later with Castro and Cuba once again commanding headlines The book was universally ignored when it first appeared but Hard Case Crime's reprint was very well received Publishers Weekly in a starred review Passages discussing Castro's life and times add depth to this intense taut thriller just as good now as it was in 1961 Booklist As a kind of alternate pulp history the novel works just fine with plenty of blood and bullets and as always with Block a fine feel for character A curiosity yes but also an entertaining thriller This Classic Crime Library ebook edition of *Killing Castro* includes as a bonus the opening chapter of the next book in the series *A Diet of Treacle* *Alleged Assassination Plots Involving Foreign Leaders* United States. Congress. Senate. Select Committee to Study Governmental Operations with Respect to Intelligence Activities, 1975 *Ultimate Sacrifice* Lamar Waldron, Thom Hartmann, 2013-08-22 Drawing on seventeen years of research thousands of recently declassified files and dozens of interviews *Ultimate Sacrifice* re-creates and in many ways rewrites the crucial period of our history leading up to November 22 1963 In the process this groundbreaking account provides the missing pieces to the greatest tragic puzzle of post war America the true circumstances behind the assassination of President John F Kennedy *Ultimate Sacrifice* details a previously unknown Plan for a Coup in Cuba authorized by President John Kennedy run by Attorney General Robert Kennedy and set for December 1 1963 The Kennedy plan unique and different from any previously disclosed operation was as detailed in a Joint Chiefs of Staff memo to have included a palace coup a provisional Cuban government and if necessary a full scale invasion by invited US military forces The CIA's code name for their part of the operation AMWORLD has never previously surfaced in any government investigation nor in any book or article making it one of the most covert operations in United States history *Ultimate Sacrifice* will detail how the Kennedy plan was penetrated by three mafia godfathers Carlos Marcello Santo Trafficante and Johnny Roselli being vigorously pursued by Attorney General Robert Kennedy along with a dozen of their associates six of whom were also working on the Coup plan The crime bosses then used parts of the Coup Plan AMWORLD to arrange JFK's assassination in a way that would prevent a truly thorough government investigation in order to protect the Coup Plan its participants and national security By using the secrecy surrounding the Plan the mob bosses would target JFK not only in Dallas but in two earlier attempts one in Chicago on November 1 and then one in Tampa on November 18 which *Ultimate Sacrifice* reveals for the first time in any book *Ultimate Sacrifice* has finally pieced together the whole story by building on the work of the seven governmental committees that have investigated aspects of the assassination on the work of former

government investigators and on the four million documents that were declassified in the 1990s in addition to exclusive interviews with dozens of witnesses and participants including Secretary of State Dean Rusk Press Secretary Pierre Salinger and the Kennedys closest Cuban exile aide Harry Ruiz Williams

Intelligence and Espionage: Secrets and Spies Daniel Lomas, Christopher John Murphy, 2019-01-30 Intelligence and Espionage Secrets and Spies provides a global introduction to the role of intelligence a key but sometimes controversial aspect of ensuring national security Separating fact from fiction the book draws on past examples to explore the use and misuse of intelligence examine why failures take place and address important ethical issues over its use Divided into two parts the book adopts a thematic approach to the topic guiding the reader through the collection and analysis of information and its use by policymakers before looking at intelligence sharing Lomas and Murphy also explore the important associated activities of counterintelligence and the use of covert action to influence foreign countries and individuals Topics covered include human and signals intelligence the Cuban Missile Crisis intelligence and Stalin Trump and the US intelligence community and the Soviet Bloc This analysis is supplemented by a comprehensive documents section containing newly released documents including material from Edward Snowden's leaks of classified material Supported by images a comprehensive chronology glossary and who's who of key figures Intelligence and Espionage is an invaluable resource for anyone interested in the role of intelligence in policymaking international relations and diplomacy warfighting and politics to the present day

Encyclopedia of Political Assassinations Nigel West, 2017-08-07 With the recent declassification of secret documents new light has been shed on old mysteries For example we now know that what might be termed the JFK assassination conspiracy industry was deliberately fueled and manipulated by the KGB so as to distract the CIA and undermine confidence in successive U S administrations Also new evidence continues to emerge of Vladimir Putin's commitment to the extra judicial elimination of extremists overseas as legitimized by the Duma in July 2006 Controversially the legislation included a definition of extremists as those slandering the individual occupying the post of president of the Russian Federation The Encyclopedia of Political Assassinations contains a chronology an introduction and appendixes The encyclopedia section has more than 700 cross referenced entries on assassinations intelligence agencies politics and foreign relations

Alleged Assassination Plots Involving Foreign Leaders, 1975 President's Kill List Luca Trenta, 2024-05-31 From Fidel Castro to Qassem Soleimani the US government has been involved in an array of assassinations and assassination attempts against foreign leaders and officials The President's Kill List reveals how the US government has relied on a variety of methods from the use of poison to the delivery of sniper rifles and from employing hitmen to simply laying the groundwork for local actors to do the deed themselves It shows not only how policymakers decided on assassination but also the level of Presidential control over these decisions Tracing the history of the US government's approach to assassination the book analyses the evolution of assassination policies and for the first time reveals how successive administrations through private justifications and public legitimations ensured assassination

Kennedy United States. Congress. House. Select Committee on Assassinations,1979 Inside Joseph A. Califano

Jr.,2009-04-27 Joe Califano grew up in a tight knit working class family in Depression era Brooklyn His parents instilled in their son a work ethic sense of self and devotion to Church that stayed with him as he rose through the ranks of America s ruling class From Jesuit undergraduate schools to Harvard Law influential law firms Robert McNamara s Pentagon Lyndon Johnson s White House and Jimmy Carter s Cabinet Califano was hard charging effective and committed to his causes whether that meant reforming the military working for equal rights for all his struggle to be a committed Catholic in America or finally his passion to combat addictions that ruin so many American lives The book is called Inside and that s where it takes us inside his public and private life as Califano worked in the power centers of three Democratic administrations He shows us how hardball is often necessary to make government serve its people Califano remained inside even out of government representing the Washington Post and Democratic Party during Watergate Inside is history memoir and a profoundly revealing personal drama of a powerful figure involved in many defining events of the last half century It is a tale of how ambition tenacity and courage guided by deeply felt ethics can move the world from the inside **The**

Affairs in the Philippine Islands United States. Congress. Senate. Committee on the Philippines,1902 *Reports of Cases Determined in the Supreme Court of the State of California* California. Supreme Court,1906 *Cuban Missile Crisis* Jonathan Colman,2016-02-15 October 1962 The Cuban Missile Crisis the confrontation that brought the world closer to nuclear catastrophe than ever before or since Both John F Kennedy and Nikita Khrushchev were determined to avoid nuclear war but events could easily have spiraled out of control with cataclysmic results Drawing on an extensive body of research

including primary sources released only in the last few years this work places the crisis in a broader international and chronological context than previously possible Discover how America was responsible for causing the conflict and Cuba's role as an important actor rather than a superpower pawn *Reclaiming History* Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling *Outrage* Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission *Reclaiming History* is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi's irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense
