Talking to North Korea James Glyn Ford, 2018-09-20 Despite recent attempts at negotiation the attitudes of both Kim Jong un s regime and the West seem unchanged North Korea is still shrouded in mystery and there are no clear plans for the future Can we trust either side to bring about peace And if so how This provocative insider s account blasts apart the myths which paint North Korea as a rogue state run by a mad leader Informed by extraordinary access to the country s leadership Glyn Ford investigates the regime from the inside providing game changing insights which Trump and his administration have failed to do Acknowledging that North Korea is a deeply flawed and repressive state he nonetheless shows that sections of the leadership are desperate to modernise and end their isolation With chapters on recent developments including the Trump Kim summit Ford supports a dialogue between East and West whilst also criticising Trump s facile attempts Talking to North Korea provides a road map for averting a war in North East Asia that would threaten the lives of millions *Kim Jong-Il, Revised and Updated* Michael Breen, 2011-11-09 An expert on North Korea sheds new light on the enigmatic tyrant From his goose stepping military parades to his clownish macho swagger North Korea s Kim Jong il is an odd amalgam of political cartoon and global menace In charge of a nuclear arsenal he s threatened to use against the U S and Japan the man his motives and the mechanisms of his absolute control over a country of twenty three million people remains shrouded in mystery In this second edition of his bestselling *Kim Jong il* Michael Breen a leading expert on North Korea dispels common myths and fallacies about the so called Dear Leader while turning a spotlight on the man to reveal his true nature and the nature of his hold over a country ravaged by poverty and famine Looks at Kim from a broad perspective unlike most other books that cater exclusively to those interested in policymaking and international relations Features new information about succession plans as well as the latest scoop on the mounting pressure among world leaders to thwart North Korea s nuclear ambitions Illustrated with rare photographs of Kim and his regime Highly accessible and suitable for anyone interested in learning more about North Korea it s government and its leader Kim Jong il unravels the mysteries the myths and the fallacies about the man in charge in ways that will entice even the harshest critics **Films on Ice** MacKenzie Scott MacKenzie, 2015-11-17 The first book to address the vast diversity of Northern circumpolar cinemas from a transnational perspective *Films on Ice* Cinemas of the Arctic presents the region as one of great and previously overlooked cinematic diversity **The Revolution Will Be Tweeted?** Chris Stokel-Walker, 2011-05-06 The media have been clamouring to call the events of 2010 11 a social media revolution However their snap judgements misconstrue the real history of the revolution which has unseated successive dictators around the Middle East and North Africa In *The Revolution Will Be Tweeted* Chris Stokel Walker investigates the complexity of the Middle East and North African revolutions and explores the multi layered circumstances which so engaged the world Heroism on the ground rather than online caused some of the most feared dictators in the region from their palaces and into exile The media outlets who were so quick to ascribe credit to the internet
