Oedipus at Colonus and King Lear: Classical and Early Modern Intersections Silvia Bigliazzi, 2019-12-29 The story of King Lear seems to fill in the blank space separating the end of Oedipus Tyrannus and the beginning of Oedipus at Colonus In both Oedipus at Colonus and the latter part of King Lear we are presented with an old man who was once a King and following his expulsion from his kingdom on account of a crime or of an error is turned into a no thing This happens in the time of the division of the kingdom which is also the time of the genesis of intraspecific conflict and consequently of the end of the dynasty This collection of essays offers a range of perspectives on the many common concerns of these two plays from the relation between fathers and sons daughters to madness and wisdom from sinning and

suffering to being and non being in human and divine time It also offers an overarching critical frame that interrogates questions of source and reception probing into the possible exchangeability of perspectives in a game of mirrors that challenges ideas of origin
