

STEP 8: MALEFICENT

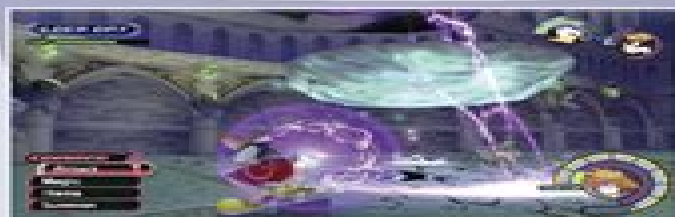

HP	900
Strength	31
Defense	24
EXP	6000

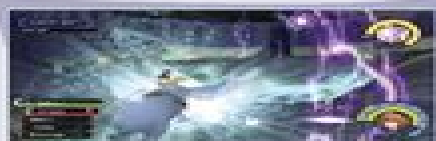

Two square off against Maleficent in the Castle Chapel. She rides a glowing green platform with a lot of HP all its own. The key to the battle is to constantly attack Maleficent's platform when it's up in the air to bring it down. Only when Maleficent is on the ground is she vulnerable to damage.

TIP

Use your Gravity spell to bring down Maleficent's floating platform quickly!

Maleficent will use her purple lightning attacks and blue cartoon summons to drive you away and deal serious damage. Dodge Roll away from the lightning, or sit under her floating platform, where it's difficult for her to target. Moleons will fly down the Chapel at you on one side or the other, so keep to the opposite side and Dodge Roll if a collision seems imminent.

You might want to summon some reinforcements for this battle. Summons like Dumbo can fly up to Maleficent and his water attack can hose her down. Dumbo's MP balls are a great resource if you're casting a lot of magic during the fight.

Fire away at Maleficent with your ranged spells or get up close with combos when her platform drops near you. Ignore her Heartless minions as best you can; only deal with them if you want some more MP balls to drop. Poor on the

damage and you can drive Maleficent into retreat. For your victory, you receive Donald's *Cheer* ability and *Aaron's Report 5*.

Maleficent is beaten, but not defeated. She retreats through a portal, leaving you time to explore the Castle Chapel. Make sure you save your game at the save point and stock up on items before confronting Maleficent's Dragon.
