**The Kingdom in History and Prophecy** Lewis Sperry Chafer, 1915      **Lewis Sperry Chafer** Lewis Chafer, Revival Press, 2017-07-15 Many valuable books have been written on the general subjects related to the kingdom. A partial list of these is appended herewith but no similar work covering in brief form the historic and prophetic aspects of the kingdom in their relation to the present age purpose was known to the writer hence this volume. It is hoped that this book will prove a comprehensive if not exhaustive treatise on this important theme. It has not seemed expedient to deal with all problems of interpretation when they first appear in the discussion. Therefore the general difficulties arising in this study are taken up so far as the writer is able in what may seem to him to be the most appropriate place and the reader to whom this interpretation is new is requested to withhold all judgments and conclusions until the various aspects of this revelation here dealt with have been considered. May the Spirit whose office work it is to guide into all truth and to show us things to come guide the study of what it has pleased our God to reveal of His purpose and plan in the realization of His kingdom in the earth. [Davidic Millennialism](#) Jeffrey J. Richards, 2025-08-26 This book presents a new understanding of the biblical concept of the kingdom of God. In particular, it gives an alternative to the two contrasting views of the Reformed and

Progressive Dispensational understanding of how to interpret the kingdom These two interpretations have been long contested and dispensationalism has undergone dramatic changes concerning the interpretation of key biblical passages especially those pertaining to the covenants in the Old Testament Progressive Dispensationalism is a recent reinterpretation of the classical views of both Scofield and Chafer There is thus a great variance of opinions among three major positions the Reformed the classical and the Progressive Dispensational This book s proposed new position is termed Davidic Millennialism with an interpretation centering on the understanding of the Davidic covenant This book is written for both academics and those who are interested in a more comprehensive understanding of how to interpret current and future events in light of God s activity in the world     *Prophecy and the Lord's Return* James Martin Gray,1917     *The Dial* ,1915     The Popular Encyclopedia of Church History Ed Hindson,Dan Mitchell,2013-08-01 Announcing the newest release in our well received Popular Encyclopedia series The Popular Encyclopedia of Church History an ideal resource for anyone who want a clear user friendly guide to understanding the key people places and events that shaped Christianity General editors Ed Hindson and Dan Mitchell have extensive experience with producing reference works that combine expert scholarship and popular accessibility Together with a broad range of well qualified contributors they have put together what is sure to become a standard must have for both Bible teachers and students With nearly 300 articles across 400 pages readers will enjoy a comprehensive panorama of church history from Acts 2 to today a clear presentation of how the church and its teachings have developed concise biographies of major Christian figures and their contributions fascinating overviews of key turning points in church history This valuable resource will enrich believers appreciation for the wonderful heritage behind their Christian faith     The Dispensational-Covenantal Rift R. Todd Mangum,2007-06-01 This groundbreaking study explores how the fight between dispensationalists and covenant theologians started and how a unique dynamic of personalities and sociological factors enflamed it Readers may be surprised to discover that even the terminology of dispensationalists and covenant theologians originated in the 1930s disputes that the majority of the original protagonists on both sides were Presbyterians and that soteriology rather than eschatology was the original bone of contention between them This study examines how two respective strands of fundamentalism came to identify one another as theological rivals as they each vied for position in their recently formed separatist bodies The significance of disagreements over dispensationalism is explored in the founding of the Orthodox Presbyterian and Bible Presbyterian churches And then as the debate traveled southward the response of the PCUS is examined with special attention given to the consummative reports of an ad hoc committee that found dispensationalism to be out of harmony with the Westminster doctrinal standards Significant misunderstandings that impeded fruitful dialogue from the beginning are clarified particularly those that have persisted most stubbornly to the present day Perhaps most surprising of all the reader will discover that nearly all of the original points of debate between dispensationalists and covenant theologians have since been resolved as each side has honed its position in light of pertinent

critiques Why has this development gone almost unnoticed This study suggests an answer and proposes that understanding how the feud began may hold the key to rapprochement today     **Bibliotheca Sacra and Theological Review** ,1916

*Things to Come* J. Dwight Pentecost,2010-05-11 A comprehensive and accessible study of eschatology for anyone interested in the important subject of biblical prophecy The Bible and its revelation about Jesus Christ s return is the one source of hope and confidence for the future in these dark days Approximately one fourth of the Bible was prophetic at the time it was written meaning that a greater body of Scripture is devoted to the unfolding of God s plan than any other one subject God the architect of the ages has seen fit to take us into His confidence concerning His great design But until *Things To Come* was published the treatment of biblical prophecy had been mainly either apologetic or expository with prophetic themes being developed individually apart from their relation to the whole revealed prophetic program This methodology produces fragmentary and unrelated knowledge of the subject In this monumental classic Dr Dwight Pentecost has synthesized the whole field of prophecy into a unified biblical doctrine a systematic and complete biblical eschatology He deftly handles many controversial topics including a detailed presentation of premillennial eschatology With nearly a quarter of a million copies sold *Things to Come* has earned its place in the library of the pastor the scholar and the seminarian or Bible institute student     **The Gospel of the Christ** Thomas Lewis Stegall,2009-07 The Gospel of the Christ is a clear

biblical reply to the question of what a person must believe about Jesus Christ to possess eternal life While Christianity has historically maintained that faith in Jesus Christ is essential for everlasting life this raises the vital question what is the necessary content of this faith Written against the backdrop of the controversy within Free Grace circles over the crossless gospel and the contents of saving faith Thomas Stegall goes well beyond a carefully documented analysis of his own movement The Gospel of the Christ provides a systematic exegetically based treatment of biblical teaching on the subject of the gospel and the meaning of the title the Christ The end result is a comprehensive biblical and theological study of Jesus Christ s person and work in the contents of saving faith     **Christian Thought** ,1916     **Continuity and Discontinuity (Essays in Honor of S. Lewis Johnson, Jr.)** John S. Feinberg,1988-05-01 Evangelicals agree that the Bible is God s

inerrant word But we sometimes differ on how to relate the messages of the Old and New Testaments Without a basic understanding of this crucial matter it is difficult to know how to use the Testaments to formulate either doctrine or practice For example Was Israel the OT Church are OT promises to God s national people fulfilled in the church today Or is Mosaic Law binding on believers now are twentieth century Christians to obey the Ten Commandments including sabbath observance In this book thirteen noted evangelical theologians discuss fairly but clearly the continuity discontinuity debate in regard to six basic categories theological systems hermeneutics salvation the Law of God the people of God and kingdom promises Covering much more than the differences between Covenant Theology and Dispensationalism this work of distinguished evangelical scholarship will fuel much profitable study and discussion     **The Promise of Dawn** Jeffrey J.

Richards,2002-03-12 This book identifies Lewis Sperry Chafer evangelist teacher author and founder of one of the world's largest seminaries as one who has greatly influenced recent controversies and scholarship concerning the Second Coming of Christ This work portrays this important figure in the Evangelical movement as a forceful and creative theologian who has had an incredible impact on religious thought and practices not only in the United States but worldwide Chafer gathered massive themes materials and collective dispensational premillennial thought of the latter nineteenth century and the first half of the twentieth century He did not merely collect but he interpreted the evangelical theology in a positive manner He had the ability to interpret the timeless truths of Scripture in a manner which captivated and inspired others A University Press of America Book **The Princeton Theological Review**, 1917 Less Than Conquerors Doug Frank,2009-08-01 Although evangelicals enjoyed respect and leadership in American society in the decades before the Civil War their fortunes declined precipitately in the wake of the industrialism modernism and secularism of the next half century But the 1920s evangelicals felt like an embattled minority within a largely unbelieving culture and perceived that history was very much out of their control Frank examines the spiritual significance of these events by placing them against a biblical understanding of the gospel He sees in the confidence and self congratulation of the turn of the century evangelicals a portrait of the spiritually rich of the Bible who must lose their riches before they can come to know God truly Harmful uses of the gospel are explored through dispensational premillennialism the victorious life theology and the revivalism of Billy Sunday Altogether Less Than Conquerors is a call to replace the blurred and self serving gospel of a besieged subculture with the genuine gospel of Jesus Christ An Uncommon Union John D. Hannah,2009 This insightful history explores the stereotype of Dallas Theological Seminary as an anti intellectual stronghold of fundamentalism and dispensational premillennialism The tenures of the school's five presidents reveal the tensions that DTS a blend of differing heritages and of opposing traditions has experienced amid changes in American religious and cultural life **The "SUPERWHELMING", "GLORIOUSTOUNDING", "MEGAMIRACULOUS" Return of the King of Kings and Pretentious Interloper** Cedric Fisher,2024-06-19 Complaints are replete on social media and everywhere people gather to sip coffee and opine about the world's ills Something is wrong with American society A few years ago people were saying I don't know how it can get worse It is worse and going to get worse The reality and angst of watching it disintegrate have pressed many people into apathy They have latched onto the belief that God will not permit them to suffer the consequences of the world's wicked rebellion Instead Christ will snatch them off the earth and out of danger during a split second secret coming There is an alternative to apathy and fantastical notions It is the central focus of biblical eschatology the superwhelming gloriously astounding megamiraculous return of the King of kings
