Coming Full Circle Parth Atrey,2017-06-01 Coming Full Circle Redefining God in the Age of Reason takes us on a journey that explores how conceptions of God have evolved over 5 000 years of human history This evolution takes us from the Vedic Rt to Plato s forms Spinoza s substance and Einstein s mind of God In the process we are treated to the wisdom of the ages Parth Atrey leads us to the incredible realization that our modern definition of God is completely consistent with the definition of God put forth by our most ancient ancestors We have come full circle Parth discusses the importance of faith and why it often trumps rationality He shows why it is important to define God in a way that satisfies both our rational and our emotional needs Reconciling rationality with deeply held faith and belief brings us full circle again back to our most ancient religious roots It also provides the only path to reducing religious conflict eliminating superstition and making this world a more peaceful place for all of humanity Join this fascinating journey through the annals of time and through faith belief and rationality and emerge with a refreshing perspective and perhaps your own personal definition of God redefining god com

Meals Matter Michael Symons,2020-06-02 Until the early nineteenth century political philosophy and economics were dining companions Both took up fundamental questions of how we should feed one another But with the rise of corporate capitalism modern economics lost sight of its primary task and turned away from the complexities of real people s sustenance in favor of the single minded pursuit of money In Meals Matter Michael Symons returns economics to its roots in the distribution of food and the labor required Setting the table with vivid descriptions of conviviality he offers a gastronomic rebuttal to the narrow worldview of mainstream economics Engaging with a wide variety of thinkers including Epicurus Enlightenment philosophers such as Thomas Hobbes and John Locke the gastronome Jean Anthelme Brillat Savarin and economic theorists from Fran ois Quesnay and Adam Smith through the neoliberals Symons traces how we went astray and how we can find our way back to a more caring sustainable way of life He finds hope for shared table pleasure in institutions like community gardens street markets and banquets and in eating fresh local and slow food An innovative historically based argument at the intersection of food history and social thought Meals Matter challenges us to reject the economics of greed in favor of a community based economics of sharing and

gastronomic enjoyment      **Clutch** Paul Sullivan,2010-09-02 Is clutch performance innate or can it be learned Sooner or later everyone encounters a situation in which the stakes are high and the outcome is crucial And even top performers can crumble when faced with such extreme pressure Consider the CEO who panics in a desperate attempt to shore up his company s earnings the veteran politician who grows overconfident and loses to the upstart candidate the quarterback who carries his team to the Super Bowl but falls apart in the final quarter All of them choked But then there are the performers who thrive under such conditions the ER doctor racing the clock to save someone s life the lieutenant who leads his platoon to victory after an ambush the young attorney who refuses to be intimidated in court and wins the crucial case These people are clutch and their ability to overcome extreme pressure consistently and beat the toughest odds fascinates us How do they do it According to Paul Sullivan clutch performance does not stem from an innate ability It s a learned skill the art of operating in high stress situations as if they were everyday conditions Even some of the most experienced and talented performers lack this skill but Sullivan shows that anyone can develop it Drawing on new research and interviews with stars across a range of fields Sullivan uncovers the shared traits that define clutch performers and explains how anyone can apply their strategies He builds his case through many inspiring true stories including those of a skinny sergeant who saved his battalion in Iraq a rookie baseball player who pitched his team into its first World Series an eccentric psychiatrist who trained a group of financial traders to become the best in the world a lawyer who struggled in school but became one of the top litigators in America Full of powerful advice and real world examples Clutch will show you how to overcome extreme pressure to achieve greatness      *The Saint Francis de Sales Collection [15 Books]* Saint Francis de Sales,Catholic Way Publishing,2015-04-11
