Ebenezer Hill John B. Hill, 2025-08-26 Reprint of the original first published in 1858 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Getting the Holy Ghost Peter Marina, 2013-01-30 This book carries an ethnographic signature in approach and style and is an examination of a small Brooklyn New York African American Pentecostal church congregation and is based on ethnographic notes taken over the course of four years The Pentecostal Church is known to outsiders almost exclusively for its members bizarre habit of speaking in tongues This ethnography however puts those outsiders inside the church pews as it paints a portrait of piety compassion caring love all embraced through an embodiment perspective as the church's members experience these forces in the most personal ways through religious conversion Central themes include concerns with the notion of spectacle because of the grand bodily display that is highlighted by spiritual struggle social aspiration punishment and spontaneous explosions of a variety of emotions in the public sphere The approach to sociology throughout this work incorporates the striking

dialectic of history and biography to penetrate and interact with religiously inspired residents of the inner city in a quest to make sense both empirically and theoretically of this rapidly changing surprising and highly contradictory late modern church scene The focus on the individual process of becoming Pentecostal provides a road map into the church and canvasses an intimate view into the lives of its members capturing their stories as they proceed in their Pentecostal careers This book challenges important sociological concepts like crisis to explain religious seekership and conversion while developing new concepts such as God Hunting and Holy Ghost Capital to explain the process through which individuals become tongue speaking Pentecostals Church members acquire Holy Ghost Capital and construct a Pentecostal identity through a relationship narrative to establish personal status and power through conflicting tongue speaking ideas Finally this book examines the futures of the small and large institutionally affiliated Pentecostal Church and argues that the small Pentecostal Church is better able to resist modern rationalizing forces retaining the charisma that sparked the initial religious movement. The power of charisma in the small church has far reaching consequences and implications for the future of Pentecostalism and its followers The Year's Best Science Fiction Vol. 1 Jonathan Strahan, 2020-09-08 The definitive guide and a must have collection of the best short science fiction and speculative fiction of 2019 showcasing brilliant talent and examining the cultural moment we live in compiled by award winning editor Jonathan Strahan With short works from some of the most lauded science fiction authors as well as rising stars this collection displays the top talent and the cutting edge cultural moments that affect our lives dreams and stories The list of authors is truly star studded including New York Times bestseller Ted Chiang author of the short story that inspired the movie Arrival N K Jemisin Charlie Jane Anders and many more incredible talents An assemblage of future classics this anthology is a must read for anyone who enjoys the vast and exciting world of science fiction Memoir of the Rev.
