Godly Republicanism Puritans Pilgrims And A City On A Hill

John Frederick Martin

Godly Republicanism Puritans Pilgrims And A City On A Hill:

Godly Republicanism Michael P. Winship, 2012-04-16 Puritans did not find a life free from tyranny in the new world they created it there Massachusetts emerged a republic as they hammered out a vision of popular participation and limited government in church and state spurred by Plymouth pilgrims Godly Republicanism underscores how pathbreaking yet rooted in puritanism's history the project was

The Roots of American Politics John Frederick Martin, 2025-04-01 This book examines the ways in which American habits and politics replaced the traditional European republican canon Before the modern era European republics relied on procedural complexity in office filling to arrive at neutral government They did so with such technical consistency over a long span of time as to create a republican procedural tradition That tradition collided with conditions in the Anglo American world with entrenched social deference in politics quasi representative institutions and an ascendant doctrine of majorities American habits would ultimately overwhelm the European republican canon but not without a fight This book suggests that arguments over the abandonment of the procedural tradition shook politics in early America especially at the federal convention and that it is difficult to understand the convention delegates votes concerning the Great Compromise apportioning the House and Senate and the presidential selection system without reference to those arguments The contest between simple majorities and complexity aiming at comity was not resolved neatly in Philadelphia and continued during the first decades of the republic this book argues that some political institutions to this day bear the stamp of the imperfect arrangements reached at the nation's founding which among other things was a moment of inflection between older and newer concepts of republican architecture This volume will be of interest to students and scholars interested in American Political History Early American History and Political Science

The Covenant with Moses and the Kingdom of God Andrew J. Martin, 2023-07-10 Covenant theology was a popular and controversial topic in early modern England In particular the biblical old covenant with Moses generated tremendous theological and political debates during the years of the English Civil Wars And yet the disciplinary boundaries of historical theology and the history of political thought make it hard to understand why early modern preachers and philosophers wrestled over this topic with such vigour This interdisciplinary historical theological study explains the development of the covenant theology in the major works of Thomas Hobbes and his contemporaries including Bishop Robert Sanderson and the puritan and presbyterian circles of the Westminster Assembly

The Forge of Vision David Morgan, 2015-10-27 Religions teach their adherents how to see and feel at the same time learning to see is not a disembodied process but one hammered from the forge of human need social relations and material practice David Morgan argues that the history of religions may therefore be studied through the lens of their salient visual themes *The Forge of Vision* tells the history of Christianity from the sixteenth century through the present by selecting the visual themes of faith that have profoundly influenced its development After exploring how distinctive Catholic and Protestant visual cultures emerged in the early modern period Morgan examines a variety of

Christian visual practices ranging from the imagination visions of nationhood the likeness of Jesus the material life of words and the role of modern art as a spiritual quest to the importance of images for education devotion worship and domestic life An insightful informed presentation of how Christianity has shaped and continues to shape the modern world this work is a must read for scholars and students across fields of religious studies history and art history

London presbyterians and the British revolutions, 1638-64 Elliot Vernon, 2021-09-28 This is the first book length exploration of presbyterians and presbyterianism in London during the crisis period of the mid seventeenth century It charts the emergence of a movement of clergy and laity that aimed at reforming the Reformation by instituting presbyterianism in London s parishes and ultimately the Church of England The book analyses the movement s political narrative and its relationship with its patrons in the parliamentary aristocracy and gentry It also considers the political and social institutions of London life and examines the presbyterians opponents within the parliamentary camp Finally it focuses on the intellectual influence of presbyterian ideas on the political thought and polity of the Church and the emergence of dissent at the Restoration

The Corporation as a Protagonist in Global History, c. 1550-1750, 2018-12-10 William A Pettigrew and David Veevers put forward a new interpretation of the role Europe s overseas corporations played in early modern global history recasting them from vehicles of national expansion to significant forces of global integration Across the Mediterranean Atlantic Indian Ocean and Pacific corporations provided a truly global framework for facilitating the circulation movement and exchange between and amongst European and non European communities bringing them directly into dialogue often for the first time Usually understood as imperial or colonial commercial enterprises The Corporation as a Protagonist in Global History reveals the unique global sociology of overseas corporations to provide a new global history in which non Europeans emerged as key stakeholders in European overseas enterprises in the early modern world Contributors include Michael D Bennett Aske Laursen Brock Liam D Haydon Lisa Hellman Leonard Hodges Emily Mann Simon Mills Chris Nierstrasz Edgar Pereira Edmond Smith Haig Smith and Anna Winterbottom

The General Will James Farr, David Lay Williams, 2015-02-16 Although it originated in theological debates the general will ultimately became one of the most celebrated and denigrated concepts emerging from early modern political thought Jean Jacques Rousseau made it the central element of his political theory and it took on a life of its own during the French Revolution before being subjected to generations of embrace or opprobrium James Farr and David Lay Williams have collected for the first time a set of essays that track the evolving history of the general will from its origins to recent times The General Will The Evolution of a Concept discusses the general will s theological political formal and substantive dimensions with a careful eye toward the concept s virtues and limitations as understood by its expositors and critics among them Arnould Pascal Malebranche Leibniz Locke Spinoza Montesquieu Kant Constant Tocqueville Adam Smith and John Rawls

The Oxford Handbook of Early Modern English Literature and Religion Andrew Hiscock, Helen Wilcox, 2017 This handbook scrutinises the links between English literature and religion specifically in the early modern

period the interactions between the two fields are explored through an examination of the literary impact the British church had on published work in the sixteenth and seventeenth centuries

Lay Empowerment and the Development of Puritanism Francis Bremer, 2016-01-12 A study of the rise and decline of puritanism in England and New England that focuses on the role of godly men and women It explores the role of family devotions lay conferences prophesying and other means by which the laity influenced puritan belief and practice and the efforts of the clergy to reduce lay power in the seventeenth century

Ordained Ministry in Free Church Perspective Jan Martijn Abrahamse, 2020-10-12 In *Ordained Ministry in Free Church Perspective* Jan Martijn Abrahamse presents a constructive theology of ordained ministry by returning to the life and thought of the English Separatist Robert Browne c 1550 1633 This study makes a substantial contribution not only by solving one of the most thorny problems in congregational ecclesiology but also by recovering the legacy of this ecclesial pioneer Through an in depth analysis of Browne s literature the author provides a covenantal theology of ordained ministry in conversation with present day authors Stanley Hauerwas and Kevin Vanhoozer Inspired by the emerging trend of theology of retrieval Abrahamse offers a methodologically innovative way of doing systematic theology in a manner in which voices from the past can be made fruitful for today

Unity in Diversity Randall J. Pederson, 2014-08-14 *Unity in Diversity* presents a fresh appraisal of the vibrant and diverse culture of Stuart Puritanism provides a historiographical and historical survey of current issues within Puritanism critiques notions of Puritanisms which tend to fragment the phenomenon and introduces unitas within diversitas within three divergent Puritans John Downname Francis Rous and Tobias Crisp This study draws on insights from these three figures to propose that seventeenth century English Puritanism should be thought of both in terms of Familien hnlichkeit in which there are strong theological and social semblances across Puritans of divergent persuasions and in terms of the greater narrative of the Puritan Reformation which united Puritans in their quest to reform their church and society

One Small Candle Francis J. Bremer, 2020 Publishing on the 400th anniversary of the landing of the Mayflower *One Small Candle* highlights the religious beliefs and practices of the men and women who founded the Plymouth Colony and how the example of their community influenced the political and cultural foundations of English New England

Hobbes, Sovereignty, and Early American Literature Paul Downes, 2015-07-28 *Hobbes, Sovereignty, and Early American Literature* pursues the question of democratic sovereignty as it was anticipated theorized and resisted in the American colonies and in the early United States It proposes that orthodox American liberal accounts of political community need to be supplemented and challenged by the deeply controversial theory of sovereignty that was articulated in Thomas Hobbes s *Leviathan* 1651 This book offers a radical re evaluation of Hobbes s political theory and demonstrates how a renewed attention to key Hobbesian ideas might inform inventive re readings of major American literary religious and political texts Ranging from seventeenth and eighteenth century Puritan attempts to theorize God s sovereignty to revolutionary and founding era debates over popular sovereignty this book argues that

democratic aspiration still has much to learn from Hobbes's Leviathan and from the powerful liberal resistance it has repeatedly provoked

The Oxford History of Protestant Dissenting Traditions, Volume I John Coffey, 2020 A study of the fragmented nature of post Reformation English Protestantism and the Dissenters who offered theological alternatives to Anglican traditions through Presbyterianism Baptism and Quakerism This book explains the spread of these Dissenting traditions and the adoption of religious pluralism as a result of Protestant nonconformity

Religion and Governance in England's Emerging Colonial Empire, 1601-1698 Haig Z. Smith, 2022-01-07 This open access book explores the role of religion in England's overseas companies and the formation of English governmental identity abroad in the seventeenth century Drawing on research into the Virginia East India Massachusetts Bay Plymouth New England and Levant Companies it offers a comparative global assessment of the inextricable links between the formation of English overseas government and various models of religious governance across England's emerging colonial empire While these approaches to governance varied from company to company each sought to regulate the behaviour of their personnel as well as the numerous communities and faiths which fell within their jurisdiction This book provides a crucial reassessment of the seventeenth century foundations of British imperial governance

Church polity and politics in the British Atlantic world, c. 1635-66 Elliot Vernon, Hunter Powell, 2020-01-07 This volume looks at how mid seventeenth century debates on the government and order of the Church related to the political crisis of the time It explores debates concerning the relationship between church state and people the nature of the various post Reformation settlements in the British Atlantic and how they impacted on each other as well as central and local responses to ecclesiastical upheaval This is one of the first scholarly collections to focus on the topic of church polity and its relation to politics during a critical period of transatlantic history It will be of interest to scholars and students of the British revolutions as well as those working on the history of the Church and early dissenting tradition

The First Thanksgiving Robert Tracy McKenzie, 2013-05-20 Veteran historian Robert Tracy McKenzie sets aside centuries of legend and political stylization to present the mixed blessing that was the first Thanksgiving Like good narrative history McKenzie's critical account of our Pilgrim ancestors confronts us with our own unresolved issues of national and spiritual identity

Law and Religion in Colonial America Scott Douglas Gerber, 2023-11-02 By focusing on law this book offers new insights into the history of religious liberty in colonial America

New England Bound: Slavery and Colonization in Early America Wendy Warren, 2016-06-07 Finalist for the Pulitzer Prize in History A New York Times Notable Book A New York Times Book Review Editors Choice Selection A Providence Journal Best Book of the Year Winner of the Organization of American Historians Merle Curti Award for Social History Finalist for the Harriet Tubman Prize Finalist for the Berkshire Conference of Women Historians Book Prize This book is an original achievement the kind of history that chastens our historical memory as it makes us wiser David W Blight author of Frederick Douglass Prophet of Freedom Finalist for the Pulitzer Prize Widely hailed as a powerfully written history about

America's beginnings Annette Gordon-Reed's *New England Bound* fundamentally changes the story of America's seventeenth-century origins. Building on the works of giants like Bernard Bailyn and Edmund S. Morgan, Wendy Warren has not only mastered that scholarship but has now rendered it in an original way and deepened the story. *New York Times Book Review*. While earlier histories of slavery largely confine themselves to the South, Warren's panoptical exploration, *Christian Science Monitor*, links the growth of the northern colonies to the slave trade and examines the complicity of New England's leading families, demonstrating how the region's economy derived its vitality from the slave trading ships coursing through its ports. And even while *New England Bound* explains the way in which the Atlantic slave trade drove the colonization of New England, it also brings to light in many cases for the first time ever the lives of the thousands of reluctant Indian and African slaves who found themselves forced into the project of building that city on a hill. We encounter enslaved Africans working side jobs as con artists, enslaved Indians who protested their banishment to sugar islands, enslaved Africans who set fire to their owners' homes and goods, and enslaved Africans who saved their owners' lives. In Warren's meticulous, compelling, and hard-won recovery of such forgotten lives, the true variety of chattel slavery in the Americas comes to light, and *New England Bound* becomes the new standard for understanding colonial America.

[Puritan Family and Community in the English Atlantic World](#) Margaret Manchester, 2019-05-31 *Puritan Family and Community in the English Atlantic World* examines the dynamics of marriage, family, and community life during the Great Migration through the microhistorical study of one puritan family in 1638 Rhode Island. Through studying the Verin family, a group of English nonconformists who took part in the Great Migration, this book examines differing approaches within puritanism towards critical issues of the age, including liberty of conscience, marriage, family, female agency, domestic violence, and the role of civil government in responding to these developments. Like other nonconformists who challenged the established Church of England, the Verins faced important personal dilemmas brought on by the dictates of their conscience, even after emigrating. A violent marital dispute between Jane and her husband Joshua divided the Providence community and resulted for the first time in the English-speaking colonies in a woman's right to a liberty of conscience independent of her husband being upheld. Through biographical sketches of the founders of Providence and engaging with puritan ministerial and prescriptive literature and female-authored petitions and pamphlets, this book illustrates how women saw their place in the world and considers the exercise of female agency in the early modern era. Connecting migration studies, family and community studies, religious studies, and political philosophy, *Puritan Family and Community in the English Atlantic World* will be of great interest to scholars of the English Atlantic World, American religious history, gender, and violence, the history of New England, and the history of family.

If you ally need such a referred **Godly Republicanism Puritans Pilgrims And A City On A Hill** books that will have the funds for you worth, get the categorically best seller from us currently from several preferred authors.
