most activities use materials that are in your house This easy to use guide is full of creative ideas and expert advice to help you be your kids best learning partner      **Exploring Maths through Stories and Rhymes** Janet Rees,2019-05-09 This practical book is packed with tried and tested activities which draw on popular stories and rhymes and use everyday materials and objects to help young children develop their understanding and enjoyment of mathematical concepts By relating ideas of number shape size and pattern to everyday contexts stories and experiences Exploring Maths through Stories and Rhymes improves confidence increases understanding and develops children s desire to engage with maths Offering a range of creative and exciting activities to encourage hands on learning and discussion chapters include a range of step by step activities which are easily adapted to varying needs ages and abilities use popular stories and nursery rhymes as a way of engaging children with mathematical thinking show how inexpensive everyday materials can be used to encourage learning include full colour photographs photocopyable materials vocabulary lists and key questions to help the reader get the most out of the ideas described This practical text will be a go to resource for early years practitioners and students looking to adopt a creative approach to early years mathematics      *The New Kid* Rhonda Henderson Adams,2010-09-01 Through short stories higher order questions and a variety of creative cross curricular activities this packet challenges early primary students to use a variety of diagrams in every subject area Brightly and imaginatively illustrated this unique packet presents graphic organizers as irresistible cartoon characters and makes critical thinking fun      *Developing Thinking and Understanding in Young Children* Sue Robson,2012-01-19 *Developing Thinking and Understanding in Young Children* presents a comprehensive and accessible overview of contemporary theory and research about young children s developing thinking and understanding Throughout this second edition the ideas and theories presented are enlivened by transcripts of children s activities and conversations taken from practice and contemporary research helping readers to make links between theory research and practice Each chapter also includes ideas for further reading and suggested activities Aimed at all those interested in how young children develop through their thoughts and actions Sue Robson explores theories of cognitive development the social emotional and cultural contexts of children s thinking children s conceptual development visual thinking approaches to supporting the development of young children s thinking and understanding latest developments in brain science and young children the central roles of play and language in young children s developing thinking Including a new chapter on young children s musical thinking expanded sections on self regulation metacognition and creative thinking and the use of video to observe and describe young children s thinking this book will be an essential read for all students undertaking Early Childhood Primary PGCE and EYPS courses Those studying for a Foundation degree in Early Years and Childcare will also find this book to be of interest      **Bloomsbury—An Activity-based Integrated Course Class 1 Semester 2 AY (2023-24)Onward** Leena Kapoor,Dr Lucy Shaily,R. S. Dhauni,Nisha Mudgal,Sara George,Sr. Vijaya,2023-05-20 Bloomsbury An Activity based Integrated Course for LKG UKG and Classes 1 to 5 has been

designed and formulated in accordance with the guidelines of National Education Policy NEP 2020 The series comprises a set of fourteen books two for each class and one per semester Semester books for LKG and UKG include English Mathematics and Environmental Science Semester books for Classes 1 and 2 include English Mathematics Environmental Science and General Knowledge Semester books for Classes 3 to 5 include English Mathematics Science Social Studies and General Knowledge The series is strictly aligned with the basic tenets of NEP 2020 Thus a lot of emphasis has been laid on promoting activity based and experiential approach to learning The series also seeks to develop the core twenty first century skills in learners which lie at the heart of NEP 2020 Besides great care has been taken to make learning a joyful experience for the learners All this will together lay a strong foundation at the primary level and lead to the holistic development of the learners at each level Some of the key features of the series are Key concepts supported with visual activities games and real life examples Carefully graded and comprehensive exercises to facilitate true evaluation Online support in the form of animated lessons interactive exercises topic wise videos and E books For Teachers only as per the requirement of the subject Teachers Resource Book to facilitate teaching ENGLISH The content for English is a perfect blend of the best of both worlds past and present The selections are based on the learners interests and therefore will not only easily arrest their attention but also facilitate longer retention The graded exercises lay appropriate emphasis on learning the four basic language skills of Listening Speaking Reading and Writing Grammar Section in each book offers simple and clear conceptual understanding MATHEMATICS The Mathematical concepts have been dealt with in an interesting and comprehensive manner This way even an average child will have no difficulty in grasping the fundamentals The series follows a graded and spiral approach keeping in mind the age and level of understanding of the learner ENVIRONMENTAL STUDIES NEP 2020 lays emphasis on promoting the spirit of analysis and questioning because it has been increasingly felt that children learn more through talking observing and discussing with others This approach has been adopted in EVS content SCIENCE The content in this section emphasises meaningful learning of science for the overall development of learners It focuses on helping children understand their natural environment and correlate science with their everyday experiences in an interesting and comprehensive manner SOCIAL STUDIES A totally new and innovative approach to teaching social studies has been adopted in this section The lessons enhance the learners life skills and equip them with a high civic sense and arm them with an ability to face the challenges in life with confidence and as responsible citizens GENERAL KNOWLEDGE The main objective of the General Knowledge section is to create a sense of wonder in the learners and arouse in them a desire to learn and find out more about the world around them We look forward for feedback and constructive criticism from the students teachers and parents which will be given due consideration in the future reprints and editions of the books The Publisher Ebook

**Building Blocks** Sharon Snow, 2007-06-30 Librarians can stay relevant in the twenty first century when they build on those areas where they have excelled Service to children is one of those and a hot topic is emergent literacy the earliest

phases of literacy development Because parents are a child's first teacher they need to understand that children who enter school with a larger vocabulary are more likely to succeed in school and that they can offer experiences for their pre school children to prepare them for school This book provides six sessions for a children's librarian to use to introduce literacy skills to parents of preschool children These sessions teach parents how to give their child an opportunity to explore and experience new things Designed to be conducted in two simultaneous units one for parents and one for children handouts and activities are included These are especially helpful for helping parents who will be able to make most of the teaching devices rather than purchasing expensive commercial items The hot topic for children's librarians building their pre school programming is emergent literacy the earliest phases of literacy development A brief introduction to the research in emergent literacy and some examples of successful programs are given Because parents are a child's first teacher they need to understand that children who enter school with a larger vocabulary are more likely to succeed in school and that they can offer experiences for their pre school children to prepare them for school This book provides six sessions for a children's library to use to introduce literacy skills to parents of preschool children These sessions teach parents how to give their child an opportunity to explore and experience new things Designed to be conducted in two simultaneous units one for parents and one for children handouts and activities are included These are especially helpful for parents who will be able to make the most of the teaching devices rather than purchasing expensive commercial items This would be especially helpful as a training manual for solo children's librarians who must use volunteers to conduct the children's workshop

Enriching Primary English Jonathan Glazzard, Jean Palmer, 2025-02-28 This essential text provides ideas for trainees and teachers to extend both their own teaching and their pupils learning in primary English through creative approaches and enrichment strategies to promote best practice and outstanding teaching The book is accessible to all levels of experience and combines theory with practice throughout delivering the required subject knowledge while encouraging innovative approaches that demand critical reflection It looks closely at how young children learn to read and write and how practitioners can enable this development through creative ideas The book begins with an exploration of the development of speaking and listening skills which form the foundation of successful literacy Chapters then cover all the key elements of the new curriculum including word reading reading comprehension transcription and composition plus additional material on drama and reading for pleasure Throughout the book there is a clear progression from KS1 to KS2 and a focus on creativity as a vital ingredient in successful English teaching

*The Continuum Encyclopedia of Children's Literature* Bernice E. Cullinan, Diane Goetz Person, 2005-01-01 Provides articles covering children's literature from around the world as well as biographical and critical reviews of authors including Avi C S Lewis J K Rowling and Anno Mitsumasa
