literati tells the cultural history of the interconnected lives of the 20th century's most influential gay writers Philadelphia Inquirer In the years following World War II a group of gay writers established themselves as major cultural figures in American life Truman Capote the enfant terrible whose finely wrought fiction and nonfiction captured the nation's imagination Gore Vidal the wry withering chronicler of politics sex and history Tennessee Williams whose powerful plays rocketed him to the top of the American theater James Baldwin the harrowingly perceptive novelist and social critic Christopher Isherwood the English novelist who became a thoroughly American novelist And the exuberant Allen Ginsberg whose poetry defied censorship and exploded minds Together their writing introduced America to gay experience and
