Finding the Historical Christ Paul Barnett, 2009-04-10 Paul Barnett's title Finding the Historical Christ is a calculated jab against the popular dichotomy between the Jesus of history and the Christ of faith In this book Barnett seeks to establish that the two figures are in fact one and the same The culmination of Barnett's After Jesus trilogy Finding the Historical Christ carefully examines the ancient sources pertaining to Jesus including writings by historians hostile to the Christian movement Josephus Tacitus Pliny the summarized biographies of Jesus in the book of Acts and especially the four canonical Gospels Based on compelling historical evidence Barnett maintains that Jesus of Nazareth regarded himself as the prophesied Christ as did his disciples before Jesus died and rose again This is the only way to explain the phenomenon of the early church worshiping Jesus There is currently something of a revival of confidence in the historical value of the Gospels Paul Barnett's work notable for its sober use of historical method and its many fresh observations and proposals is an excellent contribution to that development Richard Bauckham University of St Andrews Over his illustrious career Paul Barnett has returned repeatedly to questions about the historical Jesus the historicity of the Gospels and the history of earliest Christianity Drawing together scattered strands of all of that work elaborating them further and adding still new ones Barnett here mounts what may be his most impressive case yet for the accuracy of the

canonical material and the messiahship of Jesus of Nazareth on historical grounds alone Craig L Blomberg Denver Seminary
