Gothic-postmodernism Maria Beville, 2009 Preliminary Material Introduction Defining Gothic postmodernism On Gothic Terror Generic Investigations What is Gothic Postmodernism The Gothic and Postmodernism At the Interface Gothic Literary Transformations The Fin de Siecle and Modernism Introduction to Part II The Gothic postmodernist Novel Three Models Gothic Metafiction The Satanic Verses Bulgakov's The Master and Margarita Textual Terrors of the Self Haunting and Hyperreality in Lunar Park Conclusion Bibliography Index

Gothic-postmodernism Maria Beville, 2009 Being the first to outline the literary genre Gothic postmodernism this book articulates the psychological and philosophical implications of terror in postmodernist literature analogous to the terror of the Gothic novel uncovering the significance of postmodern recurrences of the Gothic and identifying new historical and philosophical aspects of the genre While many critics propose that the Gothic has been exhausted and that its significance is depleted by consumer society's obsession with instantaneous horror analyses of a number of terror based postmodernist novels here suggest that the Gothic is still very much animated in Gothic postmodernism These analyses observe the spectral characters doppelgangers hellish waste lands and the demonised or possessed that inhabit texts such as Paul Auster's City of Glass Salman Rushdie's The Satanic Verses and Bret Easton Ellis's Lunar Park However it is the deeper issue of the lingering emotion of terror as it relates to loss of reality and self and to death that is central to the study a notion of terror formulated from the theories of continental philosophers and contemporary cultural theorists With a firm emphasis on the sublime and the unrepresentable as fundamental to this experience of terror vital to the Gothic genre and central to the postmodern experience this study offers an insightful and concise definition of Gothic postmodernism It firmly argues that terror with all that it involves remains a connecting and potent link between the Gothic and postmodernism two modes of literature that together offer a unique voicing of the unspeakable terrors of postmodernity

Upon Childhood and Adolescence: Intertextual Dialogue in The Cement Garden Anna Wilczewska,2014-04-10 The thesis is devoted to the intertextual analysis of The Cement Garden the first novel of a famous postmodern British novelist Ian McEwan In the following chapters I shall prove that the novel exhibits both intertextual relations with particular works of fiction and also enters into a discourse with the generic archetypes The first chapter refers to the intertextual relation text text and concentrates on the profound interconnectivity between McEwan s The Cement Garden and Golding s Lord of the Flies The focus is also placed upon depiction of childhood and in a more general sense human nature by both authors in relation to the literary tradition The chapter traces various techniques employed by McEwan in the novel in order to refresh the already read and provide a modern vision of childhood and adolescence The second and the third chapters are devoted to the intertextual discourse with the generic literary tradition namely Gothic fiction and psychological novel of development Both chapters depict the ways generic conventions are used in The Cement Garden but also portray the author s deliberate departure and inversion of particular attributes of the genres The author either provides the parody and inversion of the generic conventions or employs particular generic aspects in order to effectively express and emphasize certain issues brought about in the novel Thanks to the skillful use of the genres and their conventions McEwan achieves an extraordinary effect and invites the reader to explore a complex network of literary allusions **Fantasy, Politics, Postmodernity**

Andrew Rayment,2014-06-15 The books are true while reality is lying Championing the popular Fantasy genre on the same terms as its readers Rayment casts a critical eye over the substance and methods of political critique in the Fantasy novels of Terry Pratchett Philip Pullman and China Mi ville Ranging across subjects as diverse as exquisite fundamentalism and revolutionary trains encountering pervert priests dwarf hermaphrodites and sex scarred lovers and pondering the homicidal tendencies of fairy tales and opera Fantasy Politics Postmodernity develops a theoretically wide ranging and illuminating account of how the novels of these writers do and do not sustain politically insightful critique of the real world while bringing intellectual and ethical concerns to bear on the popular Fantasy form *Will Spook You For Real* Christina Maria

Anthony, 2018-08-30 Dystopian fiction captivates us by depicting future worlds at once eerily similar and shockingly foreign to our own This collection of new essays presents some of the most recent scholarship on a genre whose popularity has surged dramatically since the 1990s Contributors explore such novels as *The Lord of the Flies* *The Heart Goes Last* *The Giver* and *The Strain* Trilogy as social critique revealing how they appeal to the same impulse as utopian fiction the desire for an idealized yet illusory society in which evil is purged and justice prevails

Time, the City, and the Literary Imagination Anne-Marie Evans, Kaley Kramer, 2020-11-18 *Time the City and the Literary Imagination* explores the relationship between the constructions and representations of the relationship between time and the city in literature published between the late eighteenth century and the present This collection offers a new way of reading the literary city by tracing the ways in which the relationship between time and urban space can shape literary narratives and forms The essays consider the representation of a range of literary cities from across the world and consider how an understanding of time and time passing can impact on our understanding of the primary texts Literature necessarily deals with time both as a function of storytelling and as an experience of reading In this volume the contributions

demonstrate how literature about cities brings to the forefront the relationship between individual and communal experience and time **Mosaic of Juxtaposition** Micheal Sean Bolton, 2014-05-20 William S Burroughs experimental narratives from the 1959 publication of *Naked Lunch* through the late trilogy of the 1980s have provided readers with intriguing challenges and for some disheartening frustrations Yet these novels continue to generate new interest and inspire new insights among an increasing and evolving readership This book addresses the unique characteristics of Burroughs narrative style in order to discover strategies for engaging and navigating these demanding novels Bolton advises Burroughs subversive themes and randomizing techniques do not amount to unmitigated attacks on conventions as many critics suggest but constitute part of a careful strategy for effecting transformations in his readers Utilizing various poststructuralist theories as well as recent theories in electronic literature and posthumanism *Mosaic of Juxtaposition* examines the various strategies that Burroughs employs to challenge assumptions about textual interpretation and to redefine the relationship between reader and text

evolutionary psychology postcolonial theory and New Materialism this handbook investigates issues of gender and sexuality race censorship and morality environmental studies and literary versus popular fiction Ramsey Campbell Keith M. C. O'Sullivan, 2023-05-15 This book pays overdue attention to the British writer Ramsey Campbell a key figure in the post 1970s boom in Anglo American horror fiction Despite a huge output and receiving every accolade within his field over a long career Campbell has not yet been accorded anything like the wider critical recognition given to his contemporary Stephen King This study concentrates also on Campbell s neglected novels and novellas rather than the short stories for which he has been better known The book Ramsey Campbell establishes the author s unique prose style denoted by a haunted self consciousness about the act of writing and role of readership and his distinctive mediation of the Gothic tradition religiously agnostic politically liberal and ethically humane For the first time Campbell s works are interpreted in the contexts of trends in postmodernist and posthumanist thought and compared explicitly to King s and his contribution to both Gothic studies and wider contemporary literature is appraised Deconstructing Bret Easton Ellis Annette Schimmelpfennig, 2021-09-03 Riddled with intertextual references and notorious for their explicit portrayal of sex drugs and the occasional rock n roll the novels of Bret Easton Ellis reveal many layers The novels are often accused of not making sense but they instead make many senses Their semantic complexity is obvious when put under a theoretical lens as provided by Jacques Derrida His semiotic analysis which focuses on the instability of meaning and is shaped by key terms such as difference the trace and the supplement offers the ideal framework to look behind Ellis s obsession with surfaces Aimed at aficionados of Ellis s works as well as students of contemporary American fiction and literary theory this book discusses the central issues in Ellis s novels through 2019 and offers a new perspective for the practical use of Derrida s ideas In order to ensure accessibility a theoretical chapter introduces all the concepts necessary to understand a Derridean analysis of Ellis s fiction As Rip says in *Imperial Bedrooms* It means so many things Clay Walking Shadows Ib Johansen, 2015-08-25 *Walking Shadows* focuses on the American fantastic and the American grotesque attempting in this manner for the first time to establish an overview of and a theoretical approach to two literary modes that have often been regarded as essential to an understanding of the American cultural canon The central importance of these two literary forms has been pointed out earlier by important theorists such as Stanley Cavell David Reynolds and William Van O Connor A number of literary works from the beginning of the nineteenth to the end of the twentieth centuries are taken up in order to illustrate the inherent links or family resemblances between the two modes with special reference to the way in which a Bakhtinian reading may facilitate our appreciation of their status within the canon These excursions into the House of Fantastic and Grotesque Fiction may be of interest not only to hardcore aficionados but also to philosophically minded readers in general in particular perhaps to those who have paid acute attention to debates on late twentieth and early twenty first century post structuralism and deconstruction where the classic positions of Foucault Derrida et al still appear to be relevant Heresy and Heterotopia in

Works by Lawrence Durrell Isabelle Keller-Privat, Anne R. Zahlan, 2025-03-15 Heresy and Heterotopia in Works by Lawrence Durrell Alexandria to Angkor Wat gathers new essays by international scholars who examine heretical concepts and heterotopian counter spaces in Durrell's thought and writing The volume includes studies of texts set in locations from the Mediterranean to Cambodia with spatial focus ranging from the Egypt of The Alexandria Quartet and of Anatole France's *Thaïs* to the scattered locations of The Avignon Quintet with stops along the way for the island books and other treatments of wandering and exile in poetry as well as prose The contributors approach Durrell's texts from a variety of perspectives philosophical and intertextual architectural and historical mystical and digital In so doing they expose the deeper echoes set off by his wide ranging literary production and map out the metaphysical literary and aesthetic connections that account for Durrell's impact on our understanding of those twentieth century social and cultural paradigms that foreshadow the disruptions of today's world

Wells Meets Deleuze Michael Starr, 2017-05-21 The writings of H G Wells have had a profound influence on literary and cinematic depictions of the present and the possible future and modern science fiction continues to be indebted to his scientific romances such as *The Time Machine* *The War of the Worlds* and *The Island of Doctor Moreau* Interpreted and adapted for more than a century Wells's texts have resisted easy categorization and are perennial subjects for emerging critical and theoretical perspectives The author examines Wells's works through the post structuralist philosophy of Gilles Deleuze Via this critical perspective concepts now synonymous with science fiction such as time travel alien invasion and transhumanism demonstrate the intrinsic relevance of Wells to the genre and contemporary thought

Videogames and the Gothic Ewan Kirkland, 2021-10-01 This book explores the many ways Gothic literature and media have informed videogame design Through a series of detailed case studies *Videogames and the Gothic* illustrates the extent

to which particular tropes of Gothic culture neo medieval aesthetics secret filled labyrinthine spaces the sense of a dark past impacting upon the present have been appropriated by and transformed within digital games Moving beyond the study of the generic influences of horror on digital gaming Ewan Kirkland focuses in on the Gothic a less visceral mode tending towards the unsettling the uncertain and the uncanny He explores the extent to which imagery storylines and narrative preoccupations taken from Gothic fiction facilitate the affordances and limitations of the videogame medium A core contention of this book is that videogames have developed as an inherently Gothic form of popular entertainment Arguing for close proximity between Gothic culture and the videogame medium itself this book will be a key contribution to both Gothic and digital game scholarship as such it will have resonance with scholars and students in both areas as well as those interested in Gothic novels media and popular culture digital games and interactive fiction
