Group Dynamics And Organizational Culture Effective Work Groups And Organizations:

Group Dynamics and Organizational Culture Athena Xenikou, Adrian Furnham, 2017-09-16 Furnham and Xenikou provide an overview of the classic and contemporary theories debated within organizational culture grounding debates within the context of group dynamics This psychological focus ties in with OB modules allowing students to develop their understanding of the psychological processes underpinning organizational life

Group Dynamics for Teams Daniel Levi, 2007 Thoroughly updated and revised the Second Edition of Group Dynamics for Teams provides a clear and concise overview of the basic psychological concepts of group dynamics with a focus on their application with teams in the workplace Grounded in psychology research but with a very practical focus on organizational behavior issues the book helps readers understand and participate in teams more effectively in day to day work

A Comparative Approach to Police Leadership Rune Glomsæth, Ole Boe, 2025-09-30 This book presents an in depth exploration of contemporary police leadership in Norway drawing on unique data from police leaders Through interviews with former and current police commissioner police chiefs prosecutors and law enforcement executives it examines their backgrounds leadership philosophies and the evolving role of top management within the Nordic model of policing Situating police leadership within broader societal and organizational contexts the book analyzes the impact of reforms crisis crime trends and elite influence on decision making at the highest levels It offers insights into how leadership shapes daily operations investigations and long term strategic development By synthesizing the experiences of Norway's most senior police leaders alongside perspectives from Swedish and Danish national police commissioners the book provides a previously unexplored perspective on modern police leadership Concluding with a new model for contemporary top level police leadership it is a valuable resource for scholars policing professionals and those interested in law enforcement governance

Organizational Leadership John Bratton, 2023-02-04 Understand the reality of contemporary organizational leadership with the second edition of this thought provoking textbook Through an analysis of key theories and topical issues such as innovation gender power ethics and environmental sustainability the authors deftly illustrate how leadership cannot be extricated from the wider organizational context and why leadership is increasingly seen as a shared endeavour between leaders and followers The book has been fully updated with a new introduction discussing the challenges faced by leaders during the Covid 19 pandemic as well as a Foreword by Mary Robinson NEW to this edition A new chapter on Team Leadership looks at team dynamics the role of technology in teamworking and the challenges arising for virtual teams A new chapter on Leadership and Artificial Intelligence covers the rise of AI and big data and how AI affects the employment relationship and leader follower relations A new Ethical Spotlight feature in all chapters explores ethical issues faced by leaders and encourages reflection Suitable for undergraduate and postgraduate students studying leadership John Bratton is Honorary Professor in the Management School at Queen's University Belfast Northern Ireland

Managing Toxic Leaders and Dysfunctional Organizational Dynamics Seth

Allcorn,2024-04-29 Understanding experience at work especially in organizations that have toxic leaders and dysfunctional organizational dynamics is a multidimensional undertaking that must include in depth perspectives informed by psychosocial theory This may be best accomplished by relying on complementary theories to account for what is found and experienced in our organizations and in particular a better understanding of why this is happening Why did she do that Why did he say that Why did a group react the way they did Why is critical in terms of understanding organizational dynamics Our lives at work in large complex and multidimensional organizations are saturated with experience some of which is fulfilling and some are of a darker nature that arises from the presence of toxic leaders and dysfunctional organizational dynamics Understanding these toxicities and dysfunctions and their effect on organization members is approached by first raising their awareness at the beginning of the book before providing psychosocially informed insights that form a basis for understanding and organizational change in the following sections This book explores these work life dynamics by grounding them in concrete examples and then using complementary psychoanalytically informed perspectives to illuminate their underlying often unconscious nature filling an important gap in management and organizational literature The Handbook of Organizational Culture and Climate Neal M. Ashkanasy,Celeste P M Wilderom,Mark F. Peterson,2011 The Second Edition provides an overview of current research theory and practice in this expanding field The editorial team and the authors come from diverse professional and geographical backgrounds and provide an unprecedented coverage of topics relating to both culture and climate of modern organizations *Employee Engagement for Organizational Change* Julie Hodges,2018-08-15 The success of organizational change in a world of increasing volatility is highly dependent on the advocacy of stakeholders It is the link between strategic decision making and effective execution between individual motivation and product innovation and between delighted customers and growing revenues Only by engaging stakeholders does change have a chance to be successful This book presents a coherent and practical view of how organizations might engender engagement with organizational change within their operational tactical and strategic practices It does this by providing a comprehensive review of the theoretical and empirical works on engagement and change from a variety of academic and practical perspectives The academic research presented in this book is reinforced by research from consultancies as well as insights from practitioners that provide timely evidence Ultimately the aim is to help raise awareness of the need to foster engagement with OC through a stakeholder perspective and how this can be done successfully within organizations across the globe *Employee Engagement for Organizational Change* is a valuable textbook for advanced undergraduate and postgraduate students of organizational change employee engagement human resource management and leadership Its balance of theory and practice also makes it a reliable resource for HR and organizational development practitioners Modern Organizations and Emerging Conundrums Richard Alan Goodman,1999-01-01 The contributors to this book review the postindustrial subculture emphasizing cross disciplinary and cross contextual inquiry a central idiom of

postindustrial organizational life The essays consider alternative methods of understanding media that add variety to meanings within and without organizations This multi method approach in the search for meaning and the limits of word and symbols to express meaning generates a personally interpretive basis to science The Wiley Blackwell Handbook of the Psychology of Team Working and Collaborative Processes Eduardo Salas,Ramon Rico,Jonathan Passmore,2020-04-06 A state of the art psychological perspective on team working and collaborative organizational processes This handbook makes a unique contribution to organizational psychology and HRM by providing comprehensive international coverage of the contemporary field of team working and collaborative organizational processes It provides critical reviews of key topics related to teams including design diversity leadership trust processes and performance measurement drawing on the work of leading thinkers including Linda Argote Neal Ashkanasy Robert Kraut Floor Rink and Daan van Knippenberg
