The Growth of the Soul A. P. Sinnett, 2017-10-16 Excerpt from The Growth of the Soul A Sequel to Esoteric Buddhism
There is something pathetic for us who know better in the altitude of mind of people who treat as matters of ribald incredulity the existence of faculties in daily use amongst some of us in connexion with the study not merely of literary philosophy but of special conditions of existence That other world from which in the old phrase no traveller returns has been found accessible to travellers who are going backwards and forwards constantly and in saying this I am leaving entirely out of account communications from the next world purporting to come from those who have passed over to it finally About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com
This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works A. groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional The Academy ,1896 A.
