anthology Vietnamese writers describe their experience of what they call the American War and its lasting legacy through the lens of their own vital artistic visions A North Vietnamese soldier forms a bond with an abandoned puppy Cousins find their lives upended by the revelation that their fathers fought on opposite sides of the war Two lonely veterans in Hanoi meet years after the war has ended through a newspaper dating service A psychic assists the search for the body of a long vanished soldier The father of a girl suffering from dioxin poisoning struggles with corrupt local officials The twenty short

stories collected in *Other Moons* range from the intensely personal to narratives that deal with larger questions of remembrance trauma and healing By a diverse set of authors including many veterans they span styles from social realism to tales of the fantastic Yet whether describing the effects of Agent Orange exposure or telling ghost stories all speak to the unresolved legacy of a conflict that still haunts Vietnam Among the most widely anthologized and popular pieces of short fiction about the war in Vietnam these works appear here for the first time in English *Other Moons* offers Anglophone audiences an unparalleled opportunity to experience how the Vietnamese think and write about the conflict that consumed their country from 1954 to 1975 a perspective still largely missing from American narratives

Fathers and Daughters in the Hebrew Bible Johanna Stiebert, 2013-03-28 The father daughter dyad features in the Hebrew Bible in all of narratives laws myths and metaphors In previous explorations of this relationship the tendency has been to focus on discrete stories notable among them Judges 11 the story of Jephthah's human sacrifice of his daughter and Genesis 19 the dark tale of Lot's daughters seduction of their father By taking the full spectrum into account however the daughter emerges prominently as not only expendable and exploitable as an emphasis on daughter sacrifice or incest has suggested but as cherished and protected by her father Depictions of daughters are multifarious and there is a balance of very positive and very negative images While not uncritical of earlier feminist investigations this book makes a contribution to feminist biblical criticism and utilizes methods drawn from the social sciences and psychoanalysis Alongside careful textual analysis Johanna Stiebert offers a critical evaluation of the heuristic usefulness of the ethnographic honour shame model of parallels with Roman family studies and of the application and meaning of patriarchy Following semantic analysis of the primary Hebrew terms for father and daughter as well as careful examination of inter family dynamics and the daughter's role vis vis the son's alongside thorough investigation of both Judges 11 and Genesis 19 and also of the metaphor of God the father of daughters Eve Wisdom and Zion Stiebert provides the fullest exploration of daughters in the Hebrew Bible to date

The Cuck, His Wife and Her Boss Dante X, 2021-03-05 It all started when Kirsty my wife of two years started working at Barclays bank She's 23 very attractive and a typical girl next door type with long dark brown hair sexy size 10 figure and at 5 feet 8 has beautiful long legs Her bottom and 34 B breasts are perfect and up until this all began was very reserved and demure I'm Greg and slightly older at 28 and her boss is from Brazil speaks very good English well educated and in his late 50's I know it's not her fault it was me I encouraged her to let him seduce her They're in our bedroom right now making love and I can hear everything I've never been able to make her cum like that and I've lost count how many times I don't know why but it turns me on so much knowing she's with another guy It started a couple of months ago when she came home from work one evening and told me her boss had come on to her She said nothing happened as we'd only been married a couple of years and even though I couldn't satisfy her in bed I know she loved me and my below average size and premature ejaculation didn't bother her But him flirting with her turned me on so much I couldn't stop thinking about it and asked her to tell me exactly

what happened She was a bit reluctant at first but when I told her I truly loved her and she saw how quickly I became aroused she told me all the details and we made love passionately for the first time in over a year Not that I lasted very long And now we re in so deep she s bringing him home to sleep in our bed as I lay awake all night in the spare room listening to her moans and sighs She leaves the door open slightly so I can hear and peep through the gap and he knows all about me

Strictly 18 Adults Only 9500 Words **Telling Our Own Stories** Shetler,2021-10-11 In this collection of ethnic group histories written by authors from the Mara Region of Tanzania local people tell their stories as a way to inspire development that builds on the strengths of the past It combines histories from the small but closely related ethnic groups of Ikizu Sizaki Ikoma Ngoreme Nata Ishenyi and Tatoga in South Mara east of Lake Victoria and west of Serengeti National Park Many of the authors compiled their stories by meeting with groups of elders They were concerned to preserve history for the next generation who had not taken the time to learn the stories orally The stories were written in Swahili and translated into English with annotations and an introduction so that readers not familiar with this region might also share in the experience It also includes transcriptions of oral interviews with some of the same stories to get a sense of the ongoing conversions about the past This collection makes local history told in a local idiom accessible to students of African history interested in social memory and the creation of ethnicity *Second Language Socialization and Learner Agency* Lyn Wright

Fogle,2012-08-02 This book examines how Russian speaking adoptees in three US families actively shape opportunities for language learning and identity construction in everyday interactions By focusing on a different practice in each family i e narrative talk about the day metalinguistic discourse or languaging and code switching the analyses uncover different types of learner agency and show how language socialization is collaborative and co constructed The learners in this study achieve agency through resistance participation and negotiation and the findings demonstrate the complex ways in which novices transform communities in transnational contexts The perspectives inform the fields of second language acquisition and language maintenance and shift The book further provides a rare glimpse of the quotidian negotiations of adoptive family life and suggestions for supporting adoptees as young bilinguals Southern Writers Joseph M. Flora,Amber Vogel,2006-06-21

This new edition of Southern Writers assumes its distinguished predecessor s place as the essential reference on literary artists of the American South Broadly expanded and thoroughly revised it boasts 604 entries nearly double the earlier edition s written by 264 scholars For every figure major and minor from the venerable and canonical to the fresh and innovative a biographical sketch and chronological list of published works provide comprehensive concise up to date information Here in one convenient source are the South s novelists and short story writers poets and dramatists memoirists and essayists journalists scholars and biographers from the colonial period to the twenty first century What constitutes a southern writer is always a matter for debate Editors Joseph M Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region in either a personal or literary sense New to this volume are younger writers who have

emerged in the quarter century since the dictionary's original publication as well as older talents previously unknown or unacknowledged. For almost every writer found in the previous edition a new biography has been commissioned. Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners, *Southern Writers* is an indispensable reference book for anyone intrigued by the subject. **Horror Comics in Black and White** Richard J. Arndt, 2013-01-04 In 1954 the comic book industry instituted the Comics Code, a set of self-regulatory guidelines imposed to placate public concern over gory and horrific comic book content, effectively banning genuine horror comics. Because the Code applied only to color comics, many artists and writers turned to black and white to circumvent the Code's narrow confines. With the 1964 *Creepy* 1 from Warren Publishing, black and white horror comics experienced a revival, continuing into the early 21st century, an important step in the maturation of the horror genre within the comics field as a whole. This generously illustrated work offers a comprehensive history and retrospective of the black and white horror comics that flourished on the newsstands from 1964 to 2004. With a catalog of original magazines, complete credits, and insightful analysis, it highlights an important but overlooked period in the history of comics. In The South Seas Neil Rennie, Robert Louis Stevenson, 1998-10-29 *IN THE SOUTH SEAS* records Stevenson's travels with his wife Fanny and their family in the Marquesas, the Paumotu, and the Gilbert Islands during 1888-9. Originally drafted in journal form while Stevenson travelled, it was then ambitiously rewritten to describe the islands and islanders as well as Stevenson's own personal experiences. *IN THE SOUTH SEAS* was published posthumously in 1896. Its combination of personal anecdote and historical account of autobiography and anthropology of Stevenson and South Sea Islands has a particular charm. The Ocean of Story, Being C. H. Tawney's Translation of Somadeva's Kathā Sarit Sāgara (or Ocean of Streams of Story) No Edited with Introduction, Fresh Explanatory Notes and Terminal Essay Somadeva Bhatta, 1927 *A Brief Guide to Celtic Myths and Legends* Martyn Whittock, 2013-10-03 A very readable guide which fills the gap between academic analysis and less critical retellings of the myths and legends. Martyn Whittock provides an accessible overview while also assessing the current state of research regarding the origins and significance of the myths. Since all records of the myths first occur in the early medieval period, the focus is on the survival of pre-Christian mythology and the interactions of the early Christian writers with these myths. A wide-ranging and enthralling introduction to Celtic mythology from the Irish gods before gods, the Fomorians to the children of Llyr, the sea deity from the hunter-warrior Fionn mac Cumhaill whose exploits are chronicled in the Fenian Cycle to Cú Chulainn, the Hound of Ulster, and from the Welsh heroes of the Mabinogion to Arthur, King of Britain, though the mythical Welsh version who predates the medieval legends. The Saturday Review of Politics, Literature, Science and Art, 1890 *Deadly Doctrine* Wendell Watters, 1992-12 The Christian religion presents itself as the way to contentment, spiritual health, and salvation. But is this really true? Dr. Wendell Watters offers a powerful argument based on his many years of clinical experience with individuals, couples, and families that Christianity's influence actually militates against human development in

such vital areas as self esteem sexuality and social interactions The tragic end result of Christian conditioning is too often antisocial behavior sexual dysfunction poor psychological development anxiety and even major psychiatric illness Christian indoctrination is not simply a problem affecting individuals or single families the noxious effects of its teachings over nearly two millennia pervade society at large even those who are not Christians and in ways that seriously undermine human welfare and the quality of life Christianity s aggressive pronatalist policies have encouraged large families despite parents inability to cope either emotionally or financially With this the Christian church has formulated rigid sexual roles forbidding all practices not leading directly to conception By actually promoting sexual ignorance and irresponsibility Christianity has allowed the proliferation of such social ills as rape child molestation and pornography In the face of so much human suffering resulting from Christian doctrine it is imperative that health care professionals recognizing the Christian belief system as an addictive disease develop a religious status examination to help evaluate how notions about life derived from Christian god talk compromise individuals healthy functioning In failing to determine the role of oppressive religious beliefs in mental illness physicians and other health care workers actually promote Christianity s continued stranglehold on human happiness and self fulfillment
