Histoire Ve Rpublique 15e D:

The Republic of de Gaulle 1958-1969 Serge Bernstein, 1993-04 The Republic of De Gaulle offers a comprehensive account the fullest yet available in English of the eleven years that followed the establishment of the Fifth Republic in 1958 Serge Bernstein analyses the new constitutional and political system that emerged under De Gaulle and shows how France was able to disengage from the ruinous Algerian War He then conducts a detailed analysis of the socio economic changes wrought during this period and discusses the aims of De Gaulle s highly individualistic foreign policy In the final section Professor Bernstein traces the decline of De Gaulle s ascendancy up to his eventual resignation in 1969 In conclusion the author assesses the contribution of a remarkable political leader to the not less remarkable changes that took place in France during his presidency This volume lucidly translated by Peter Morris features all those student aids now associated with the series

The Pompidou Years, 1969-1974 Serge Bernstein, Jean-Pierre Rioux, 2000-03-13 This is the latest volume to appear in the successful Cambridge History of Modern France series and is the most authoritative account available of the presidency of Georges Pompidou Pompidou consolidated the constitutional changes made by de Gaulle to the extent that he is now regarded as the Fifth Republic s second founding father and continued his haughty attitudes to foreign policy He also launched a programme of modernisation and industrialisation under Pompidou France saw both the climax and the end of the post war boom Serge Bernstein and Jean Pierre Rioux analyse the politics of the period and also give an overview of France s economy culture and society Their comprehensive study contains all the standard features such as maps chronology and tables which have helped this series to establish itself as the premier multi volume account of modern France Students scholars and teachers in history and political studies will find this volume invaluable Leadership and Uncertainty

Management in Politics François Vergniolle De Chantal, 2015-08-11 Through a range of international case studies from the USA UK France Germany and Italy this text assesses the conditions necessary for effective leadership and emphasizes the part played by uncertainty and division amongst followers Toutes les clés pour réussir en STAPS. that conservatives did not simply return to French politics in 1945 untouched by the events of the previous five years The experiences of Vichy the occupation and the purges produced new kinds of political synthesis making conservatives more dynamic and receptive to change than their progressive opponents *Oil, Power, and War* Matthieu Auzanneau, 2020-02-20 The story of oil is one of hubris fortune betrayal and destruction It is the story of a resource that has been undeniably central to the creation of our modern culture and ever present during the darkest exploits of empire the world over For the past 150 years oil has become the most essential ingredient for economic military and political power And it has brought us to our present moment in which political leaders and the fossil fuel industry consider extraordinary and extraordinarily dangerous policy on a world stage marked by shifting power bases Upending the conventional wisdom by crafting a people's history award winning journalist Matthieu Auzanneau deftly traces how oil became a national and then global addiction outlines the enormous consequences of that addiction sheds new light on major historical and contemporary figures and raises new questions about stories we thought we knew well What really sparked the oil crises in the 1970s the shift away from the gold standard at Bretton Woods or even the financial crash of 2008 How has oil shaped the events that have defined our times two world wars the Cold War the Great Depression ongoing wars in the Middle East the advent of neoliberalism and the Great Recession among them With brutal clarity *Oil Power and War* exposes the heavy hand oil has had in all of our lives and illustrates how much heavier that hand could get during the increasingly desperate race to control the last of the world's easily and cheaply extractable reserves **Journal officiel de la République Française** Frankreich, 1878 **France's Long Reconstruction** Herrick Chapman, 2018-01-08 Postwar recovery required a transformation of France but what form it should take remained a question Herrick Chapman charts the course of France's reconstruction from 1944 to 1962 offering insights into the ways the expansion of state power produced fierce controversies at home and unintended consequences abroad in France's crumbling empire **Journal officiel de la République française** France, 1929 **Universal Singular** Sonia Curnier, 2022-11-21 A critical introduction to the design of public spaces The way public spaces are designed reflects the period in which they were created However in our globalized world of experience and images the desire for uniqueness tends to achieve the opposite increasingly designers of open spaces resort to the same devices and thereby distance themselves from the urban context The author analyzes ten outstanding contemporary designs of public spaces in Europe in terms of their function in the urban context and what materials are used for their implementation In interviews with the designers she retraces the changes of the concepts during the design stage of the projects underpinning her findings with numerous sketches In addition her research focuses on how the projects were received in the community Learning from designers of outstanding public spaces in Europe Numerous unpublished design sketches A clear guide to urban design Also available in a French edition
