Historic Seattle 2016 Calendar:

The Holocaust's Jewish Calendars Alan Rosen, 2019-02-28 The most comprehensive to date treatment of these precious artifacts of the Holocaust's Jewish efforts to maintain religious observations and identity Choice Calendars map time shaping and delineating our experience of it While the challenges to tracking Jewish conceptions of time during the Holocaust were substantial Alan Rosen reveals that many took great risks to mark time within that vast upheaval Rosen inventories and organizes Jewish calendars according to the wartime settings in which they were produced from Jewish communities to ghettos and concentration camps The calendars he considers reorient views of Jewish circumstances during the war and show how Jews were committed to fashioning traditional guides to daily life even in the most extreme conditions In a separate chapter moreover he elucidates how Holocaust era diaries sometimes served as surrogate Jewish calendars All in all Rosen presents a revised idea of time continuity the sacred and the mundane the ordinary and the extraordinary even when death and destruction were the order of the day Rosen's focus on the Jewish calendar the ultimate symbol of continuity as weekday follows weekday and Sabbath follows Sabbath sheds new light on how Jews maintained connections to their way of conceiving time even within the cauldron of the Holocaust Rosen demonstrates the relationship between time and meaning between meaning and holiness between holy days and the divine presence all of which came under assault in the Nazis effort to kill Jewish souls before destroying Jewish bodies David Patterson author of *Along the Edge of Annihilation The Collapse and Recovery of Life in the Holocaust Diary* History of Soybean Crushing: Soy Oil and Soybean Meal (1980-2016): William Shurtleff; Akiko Aoyagi, 2016-10-30 The world's most comprehensive well documented and well illustrated book on this subject With extensive subject and geographical index 378 photographs and illustrations mostly color Free of charge in digital PDF format on Google Books **A History of Tatarstan** Kees Boterbloem, 2023-10-10 A History of Tatarstan The Russian Yoke and the Vanishing Tatars surveys the history of the Tatar people living along the Volga river It argues that the Volga Tatars were Russia's first colonized people and after their subjugation in 1552 the Tatars have been continually mistreated by their Russian rulers even when the nature of the Russian regime changed over time For a long period the Tatars managed to evade overly deep Russian intrusion into their lives after the middle of the 1850s Russian and Soviet authorities obliterated their traditional way of life Despite efforts at restoring a measure of Tatar independence in the 1990s russification has led to a marked fall in those identifying as Tatar in the Russian Federation pointing at the possibility of a disappearance altogether of the Volga Tatars **New Mexico Historical Review** Lansing Bartlett Bloom, Paul A. F. Walter, 2016 **Art and Political Thought in Medieval England, C. 1150-1350** Laura Slater (Lecturer in history of art), 2018 An exploration of how power and political society were imagined represented and reflected on in medieval English art Images and imagery played a major role in medieval political thought and culture but their influence has rarely been explored This book provides a full assessment of the subject Starting with an examination of the writings of late twelfth

century courtier clerics and their new vision of English political life as a heightened religious drama it argues that visual images were key to the development and expression of medieval English political ideas and arguments It discusses the vivid pictorial metaphors used in contemporary political treatises and highlights their interaction with public decorative schemas in English great churches private devotional imagery seal iconography illustrations of English history and a range of other visual sources Meanwhile through an exploration of events such as the Thomas Becket conflict the making of Magna Carta the Barons War and the deposition of Edward II it provides new perspectives on the political role of art especially in reshaping basic assumptions and expectations about government and political society in medieval England LAURA SLATER is a Fulford Junior Research Fellow at Somerville College University of Oxford

Chase's Calendar of Events 2026 Editors of Chase's, 2025-10-16 Since 1957 the most comprehensive and authoritative reference available on special days weeks and months special events national and international holidays federal and state observances religious observances celebrity birthdays astronomical phenomena major sporting events and more

Technical Arts in the Han Histories Mark Csikszentmihalyi, Michael Nylan, 2021-11-01 While cultural literacy in early China was grounded in learning the Classics basic competence in official life was generally predicated on acquiring several forms of technical knowledge Recent archaeological finds have brought renewed attention to the use of technical manuals and mantic techniques within a huge range of discrete contexts pushing historians to move beyond the generalities offered by past scholarship To explore these uses Technical Arts in the Han Histories delves deeply into the rarely studied Treatises and Tables compiled for the first two standard histories the Shiji Historical Records and Hanshu History of Han important supplements to the better known biographical chapters and models for the inclusion of technical subjects in the twenty three later Standard Histories of imperial China Indeed for a great many aspects of life in early imperial society they constitute our best primary sources for understanding complex realities and perceptions The essays in this volume seek to explain how different social groups thought of disseminated and withheld technical knowledge relating to the body body politic and cosmos in the process of detailing the preoccupations of successive courts from Qin through Eastern Han in administering the localities the frontier zones and their numerous subjects at the time roughly one quarter of the world's population

The Ice at the End of the World Jon Gertner, 2019-06-11 A riveting urgent account of the explorers and scientists racing to understand the rapidly melting ice sheet in Greenland a dramatic harbinger of climate change Jon Gertner takes readers to spots few journalists or even explorers have visited The result is a gripping and important book Elizabeth Kolbert Pulitzer Prize winning author of *The Sixth Extinction* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post The Christian Science Monitor Library Journal Greenland a remote mysterious island five times the size of California but with a population of just 56 000 The ice sheet that covers it is 700 miles wide and 1 500 miles long and is composed of nearly three quadrillion tons of ice For the last 150 years explorers and scientists have sought to understand Greenland at first hoping that it would serve as a gateway to the North Pole and later coming to realize that it contained essential information about our climate Locked within this vast and frozen white desert are some of the most profound secrets about our planet and its future Greenland's ice doesn't just tell us where we've been More urgently it tells us where we're headed In *The Ice at the End of the World* Jon Gertner explains how Greenland has evolved from one of earth's last frontiers to its largest scientific laboratory The history of Greenland's ice begins with the explorers who arrived here at the turn of the twentieth century first on foot then on skis then on crude motorized sleds and embarked on grueling expeditions that took as long as a year and often ended in frostbitten tragedy Their original goal was simple to conquer Greenland's seemingly infinite interior Yet their efforts eventually gave way to scientists who built lonely encampments out on the ice and began drilling one mile two miles down Their aim was to pull up ice cores that could reveal the deepest mysteries of earth's past going back hundreds of thousands of years Today scientists from all over the world are deploying every technological tool available to uncover the secrets of this frozen island before it's too late As Greenland's ice melts and runs off into the sea it not only threatens to affect hundreds of millions of people who live in coastal areas It will also have drastic effects on ocean currents weather systems economies and migration patterns Gertner chronicles the unfathomable hardships amazing discoveries and scientific achievements of the Arctic's explorers and researchers with a transporting deeply intelligent style and a keen sense of what this work means for the rest of us The melting ice sheet in Greenland is in a way an analog for time It contains the past It reflects the present It can also tell us how much time we might have left

Cosmopolitan Dreams Jennifer

Dubrow, 2018-10-31 In late nineteenth century South Asia the arrival of print fostered a dynamic and interactive literary culture There within the pages of Urdu language periodicals and newspapers readers found a public sphere that not only catered to their interests but encouraged their reactions to featured content *Cosmopolitan Dreams* brings this culture to light showing how literature became a site in which modern daily life could be portrayed and satirized the protocols of modernity challenged and new futures imagined Drawing on never before translated Urdu fiction and prose and focusing on the novel and satire Jennifer Dubrow shows that modern Urdu literature was defined by its practice of self critique and parody Urdu writers resisted the cultural models offered by colonialism creating instead a global community of imagination in which

literary models could freely circulate and be readapted mixed and drawn upon to develop alternative lines of thinking Highlighting the participation of readers and writers from diverse social and religious backgrounds the book reveals an Urdu cosmopolis where lively debates thrived in newspapers literary journals and letters to the editor shedding fresh light on the role of readers in shaping vernacular literary culture Arguing against current understandings of Urdu as an exclusively Muslim language Dubrow demonstrates that in the late nineteenth century Urdu was a cosmopolitan language spoken by a transregional transnational community that eschewed identities of religion caste and class The Urdu cosmopolis pictured here was soon fractured by the forces of nationalism and communalism Even so Dubrow is able to establish the persistence of Urdu cosmopolitanism into the present and shows that Urdu's strong tradition as a language of secular critical modernity did not end in the late nineteenth century but continues to flourish in film television and on line In lucid prose Dubrow makes the dynamic world of colonial Urdu print culture come to life in a way that will interest scholars of modern Asian literatures South Asian literature and history cosmopolitanism and the history of print culture **Unseeing Empire** Bakirathi

Mani,2020-10-26 In *Unseeing Empire* Bakirathi Mani examines how empire continues to haunt South Asian American visual cultures Weaving close readings of fine art together with archival research and ethnographic fieldwork at museums and galleries across South Asia and North America Mani outlines the visual and affective relationships between South Asian diasporic artists their photographic work and their viewers She notes that the desire for South Asian Americans to see visual representations of themselves is rooted in the use of photography as a form of colonial documentation and surveillance She examines fine art photography by South Asian diasporic artists who employ aesthetic strategies such as duplication and alteration that run counter to viewers demands for greater visibility These works fail to deliver on viewers desires to see themselves producing instead feelings of alienation estrangement and loss These feelings Mani contends allow viewers to question their own visibility as South Asian Americans in U S public culture and to reflect on their desires to be represented

Cultural Life at the Abyss B. L. Molyneaux,2022-07-14 Ideology dominates social research encouraged by rejections of nature and the past and often ignores the direct experience of actual people This archaeological study takes a different approach grounding concepts of culture landscape and art in ecological relations that embrace all of life An ecological approach considers that life exists in the interactions of people with the environment surrounding them This theoretical grounding therefore supports research at a local scale and validates the analysis of individual effort The case studies explore individual perception action and expression in a startlingly diverse set of objects and features from the past natural and constructed monuments ancient and recent rock paintings petroglyphs fresco paintings and impressionist landscape art While traditional cultural approaches render ordinary people as proxies these individuals as members of families and communities do the actual work of society using their senses bodies and minds The analysis here therefore turns away from traditional speculations about the meanings of cultural things to look for evidence of the personal choices of travelers

inhabitants pilgrims and artists as they acted and attempt to gain insights from these decisions about the past as lived The book will be of interest to scholars researchers and advanced students in culture and society who may be restless in theatres of discourse dominated by self affirming narratives who wish to consider the fields of possibility in an environmental perspective that integrates culture with nature and humans with other beings in a singular physical world **Revolution** Enzo Traverso,2024-04-30 Brilliant and beautiful Now this book exists it s hard to know how we did without it China Mi ville author of October A cultural and intellectual balance sheet of the twentieth century s age of revolutions This book reinterprets the history of nineteenth and twentieth century revolutions by composing a constellation of dialectical images Marx s locomotives of history Alexandra Kollontai s sexually liberated bodies Lenin s mummified body Auguste Blanqui s barricades and red flags the Paris Commune s demolition of the Vendome Column among several others It connects theories with the existential trajectories of the thinkers who elaborated them by sketching the diverse profiles of revolutionary intellectuals from Marx and Bakunin to Luxemburg and the Bolsheviks from Mao and Ho Chi Minh to Jos Carlos Mari tegui C L R James and other rebellious spirits from the South as outcasts and pariahs And finally it analyzes the entanglement between revolution and communism that so deeply shaped the history of the twentieth century This book thus merges ideas and representations by devoting an equal importance to theoretical and iconographic sources offering for our troubled present a new intellectual history of the revolutionary past **Historical Dictionary of Turkey** Metin Heper,Duygu Öztürk,Nur Bilge Criss,2018-05-23 The fourth edition of Historical Dictionary of Turkey covers Ottoman Empire and the Republic of Turkey through a time span of more than six centuries It presents the basic characteristics of the two periods and traces the developments from an empire to a state nation from tradition to modernity from a sultanate to a republic and from modest country to a country that is already a regional power and further aspiring becoming a country to be reckoned with This is done through a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Turkey **Kraus' Recreation and Leisure in Modern Society** Amy Hurd,Denise M. Anderson,Tracy Mainieri,2021-08-06 Kraus Recreation and Leisure in Modern Society provides a detailed introduction to the history developments and current trends in leisure studies The Twelfth Edition focuses on the challenges and opportunities impacting the profession including dramatic demographic changes new technologies and innovations in marketing through an array of pedagogical features including engaging sidebars and case studies addressing contemporary issues Focusing on ten different types of organizations ranging from nonprofit community organizations and armed forces recreation to sports management and travel and tourism sponsors the Twelfth Edition is an invaluable resource for students considering a career in the recreation and leisure industry **Power and Time** Dan Edelstein,Stefanos Geroulanos,Natasha Wheatley,2021-01-01 Time is the backdrop of historical inquiry yet it is

much more than a featureless setting for events Different temporalities interact dynamically sometimes they coexist tensely sometimes they clash violently In this innovative volume editors Dan Edelstein Stefanos Geroulanos and Natasha Wheatley challenge how we interpret history by focusing on the nexus of two concepts power and time as they manifest in a wide variety of case studies Analyzing history culture politics technology law art and science this engaging book shows how power is constituted through the shaping of temporal regimes in historically specific ways Power and Time includes seventeen essays on human rights sovereignty Islamic European Chinese and Indian history slavery capitalism revolution the Supreme Court the Anthropocene and even the Manson Family Power and Time will be an agenda setting volume highlighting the work of some of the world s most respected and original contemporary historians and posing fundamental questions for the craft of history

The Revolutionary War in South Carolina Steven D. Smith, Kevin Dougherty, 2025-03-31 A real page turner a must read for devotees of America s struggle for Liberty and for scholars and students of the Military Art of Leadership Joining history and modern management thought in one volume illuminating great men in the crucible of crisis and combat from the strategic to the tactical from the political to the logistical Here is a compelling expert telling of the Revolutionary War in its critical human dimension Leadership Steven Smith and Kevin Dougherty s collaboration is a winning combination of history and applied leadership theory as to illuminate the bloody contest in South Carolina that changed the world Major General J B Burns US Army Ret Trustee SC RevWar250 An examination of the panorama of individuals whose leadership helped make the Patriot cause successful in South Carolina Historians Steven D Smith and Kevin Dougherty look beyond the towering figure of Francis Marion to profile significant personalities and actions both on and off the battlefield in this innovative approach to the Revolutionary War in South Carolina The book profiles a range of individuals Henry Laurens was the President of the Council of Safety Richard Furman was the pastor of a church John Rutledge was the Governor of South Carolina and Rebecca Motte was a plantation owner William Moultrie and Andrew Pickens perhaps most familiar as soldiers are discussed in their non combatant roles Moultrie as a prisoner of war and Pickens as a post war civic leader Military leaders William Jasper Thomas Sumter Francis Marion Isaac Shelby Nathanael Greene Daniel Morgan Tadeusz Kosciuszko Hezekiah Maham and Henry Lee round out the selection of profiles The profiles are preceded by a historical overview of the Southern Campaign and the Revolutionary War in South Carolina in order to provide the reader the background necessary to understand the leadership profiles in context The book s conclusion highlights that the Revolutionary War was a landmark in the democratization of war and that the choices made by these leaders and their followers reflect the same element of choice inherent in the democratic process
