Intelligence Jefferson Adams, 2009-09-01 No country can rival the sheer diversity of intelligence organizations that Germany has experienced over the past 300 years Given its pivotal geographical and political position in Europe Germany was a magnet for foreign intelligence operatives especially during the Cold War As a result of this it is no wonder that during certain periods of history Germany was probably busier spying on its own citizens than on its enemies Because of the Gestapo and the SS of Nazi Germany to the Stasi of the German Democratic Republic the fear of domestic abuse by security agencies with police powers runs far deeper in German society than elsewhere in the West The Historical Dictionary of German Intelligence presents the turbulent history of German intelligence through a chronology a bibliography and hundreds of cross referenced dictionary entries on the agencies and agents the operations and equipment the tradecraft and jargon and many of the countries involved No military reference collection is complete without it
