leading to national reunification under their rule they never imagined that within a decade they would be engaged in an even bigger feud with the United States Basing his work on new and largely inaccessible Vietnamese materials as well as French British Canadian and American documents Pierre Asselin explores the communist path to war Specifically he examines the internal debates and other elements that shaped Hanoi's revolutionary strategy in the decade preceding U S military intervention and resulting domestic and foreign programs Without exonerating Washington for its role in the advent of hostilities in 1965 Hanoi's Road to the Vietnam War demonstrates that those who directed the effort against the United States and its allies in Saigon were at least equally responsible for creating the circumstances that culminated in arguably the most tragic conflict of the Cold War era

Southeast Asia **Nehru's Bandung** Andrea Benvenuti, 2024-05-31 This book sheds light on a neglected aspect of India's Cold War diplomacy starting with the role of Indian Prime Minister Jawaharlal Nehru and his Congress government in organising the first Asian African Conference in Bandung in April 1955 Andrea Benvenuti shows how in the early Cold War Nehru seized the opportunity accorded by the conference to transcend growing international tensions and pursue an alternative vision a neutralised Asian area of peace underpinned by a code of conduct based on the five principles of peaceful coexistence Relying on Indian Western and Chinese archival sources Nehru's Bandung focuses on the policy concerns and calculations as well as the international factors that drove a sceptical Nehru to support Indonesia's diplomatic push for such a gathering It reveals how in Nehru's estimation Bandung also served a further important purpose securing China's commitment to peaceful coexistence without which stability in Asia would be illusory Nehru's support for an Asian African conference did not derive from an emotional commitment to Afro Asian internationalism Instead it stemmed from a desire to promote a third way in an increasingly polarised world and to forge a stable regional order one that would enhance India's external security and domestic prosperity

French Indochina War Huston, Simon, 2021-07-01 Military mistakes impel strategic reflection The French Indochina War FIW from 1946 1954 furnishes useful insights with some resonance for current challenges A combination of pre existing conditions catalysts and operational drivers caused the cathartic 1954 French defeat Pre conditions included the illegitimacy of the colonial regime repression that polarised nationalist sentiment Economically pernicious terms of trade suppressed industrialisation but oiled speculation until suddenly reversed by devaluation in 1953 that reflected financial disengagement by France but increased American involvement Vacillating metropolitan and the dubious colonial regime of the night club Emperor B o i fuelled political instability Militarily after the disastrous evacuation of the RC4 in 1950 Vi t Minh men and supplies poured across the Chinese frontier In 1954 financial constraints and the looming international peace conference catalysed Navarre the new French commander to gamble on a battle of attrition He bet that the Vi t Minh would be unable drag artillery to the remote jungle outpost of Di n Bi n Ph but he underestimated their determination strength and adaptability In early December partisans resented the bungled evacuation of Lai Ch u The entrenched camp s defences were inadequate and neither infantry sorties nor napalm suppressed VM artillery in the surrounding hills The French aero logistical sub system was overstretched and significant parachute supplies fell into enemy hands Navarre scattered his reserves on a futile and remote side show Operation Atlante The Americans prevaricated and refused to unleash their B29 fleet Iacta alea est the die was cast

A Displaced Nation Phi-Van Nguyen,2024-12-15 In A Displaced Nation Phi Van Nguyen argues that the displacement of eighty thousand mostly Roman Catholic evacuees from North Vietnam in 1954 had a profound impact on the war opposing Saigon on both Hanoi and on the evacuees themselves Assisting with the transportation emergency relief and resettlement of the evacuees allowed diverse organizations and the United States to support Saigon This transnational mobilization also convinced the evacuees the free world would never let Vietnam remain divided Many people see the Vietnam wars spanning from 1945 to 1989 as separate conflicts But Nguyen demonstrates that the evacuees experienced a continuous civil war A Displaced Nation shows the evacuees felt so validated by transnational support that they thought they could use this external help to return one day to the north This belief was not constant nor were the strategies to achieve it the same for all but through their political activism and action the evacuees showed they were willing to seize any opportunity to oppose Hanoi during the subsequent decades even once established overseas

America's Vietnam War and Its French Connection Frank Cain,2016-12-08 That America was drawn into the Vietnam War by the French has been recognized but rarely explored This book analyzes the years from 1945 with the French military reconquest of Vietnam until 1963 with the execution of the French endorsed dictator Ngo Dinh Diem demonstrating how the US should not have followed the French into Vietnam It shows how the Korean War triggered the flow of American military hardware and finances to underpin France s war against the Marxist oriented Vietnam Republic led by Ho Chi Minh

relations **Decolonization and the Remaking of Christianity** Elizabeth A. Foster, Udi Greenberg, 2023-08-29 In the decades following the era of decolonization global Christianity experienced a seismic shift While Catholicism and Protestantism have declined in their historic European strongholds they have sustained explosive growth in Asia Latin America and Africa This demographic change has established Christians from the Global South as an increasingly dominant presence in modern Christian thought culture and politics Decolonization and the Remaking of Christianity unearths the roots of this development charting the metamorphosis of Christian practice and institutions across five continents throughout the pivotal years of decolonization The essays in this collection illustrate the diverse new ideas rituals and organizations created in the wake of Western imperialism's formal collapse and investigate how religious leaders politicians theologians and lay people debated and shaped a new Christianity for a postcolonial world Contributors argue that the collapse of colonialism and broader cultural challenges to Western power fostered new organizations theologies and political engagements across the world ultimately setting Christianity on its current trajectory away from its colonial heritage These essays interrogate decolonization's varied and conflicting impacts on global Christianity while also providing a novel framework for rethinking decolonization's modern legacies Taken together this book charts the relationship between decolonization and Christianity on a truly global scale Contributors Joel Cabrita Darcie Fontaine Elizabeth A Foster Udi Greenberg David Kirkpatrick Eric Morier Genoud Phi V n Nguyen Justin Reynolds Sarah Shortall Lydia Walker Charlotte Walker Said Albert Wu Gene Zubovich **Empire's Violent End** Thijs Brocades Zaalberg, Bart Luttikhuis, 2022-07-15 In *Empire's Violent End* Thijs Brocades Zaalberg and Bart Luttikhuis along with expert contributors present comparative research focused specifically on excessive violence in Indonesia Algeria Vietnam Malaysia Kenya and other areas during the wars of decolonization In the last two decades there have been heated public and scholarly debates in France the United Kingdom and the Netherlands on the violent end of empire Nevertheless the broader comparative investigations into colonial counterinsurgency tend to leave atrocities such as torture execution and rape in the margins The editors describe how such comparisons mostly focus on the differences by engaging in guilt ranking Moreover the dramas that have unfolded in Algeria and Kenya tend to overshadow similar violent events in Indonesia the very first nation to declare independence directly after World War II *Empire's Violent End* is the first book to place the Dutch Indonesian case at the heart of a comparison with focused thematic analysis on a diverse range of topics to demonstrate that despite variation in scale combat intensity and international dynamics there were more similarities than differences in the ways colonial powers used extreme forms of violence By delving into the causes and nature of the abuse Brocades Zaalberg and Luttikhuis conclude that all cases involved some form of institutionalized impunity which enabled the type of situation in which the forces in the service of the colonial rulers were able to use extreme violence
