Catalogue of the Library of the Parliament of Ontario Anonymous,2023-11-17 Reprint of the original first published in 1875 **A Sketch of the History of Europe** Sir William O'Dogherty,1786 History, empire, and Islam Vicky

Randall,2020-03-05 This book offers the first comprehensive treatment of the historian and public moralist E A Freeman since the publication of W R W Stephens *Life and Letters of Edward A Freeman* 1895 While Freeman is often viewed by modern scholars as a panegyrist to English progress and a proponent of Aryan racial theory this study suggests that his world view was more complicated than it appears Revisiting Freeman s most important historical works this book positions Thomas Arnold as a significant influence on Freeman s view of world historical development Conceptualising the past as cyclical rather than unilinear and defining race in terms of culture rather than biology Freeman s narratives were pervaded by anxieties about recapitulation Ultimately this study shows that Freeman s scheme of universal history was based on the idea of conflict between Euro Christendom and the Judeo Islamic Orient and this shaped his engagement with contemporary issues **Europe 1598-1715** Henry Offley Wakeman,1898 **Annual Review, Or, Register of Literature** ,1803

Seats of Power in Europe during the Hundred Years War Anthony Emery,2015-12-31 The Hundred Years War between England and France is a story of an epic conflict between two nations whose destinies became inextricably entwined throughout the later Middle Ages During that time the balance of architectural power moved from religious to secular domination the Gothic form continued to grow and the palace fortress was in the ascendancy *Seats of Power in Europe* is a major new study of the residences of the crowned heads and the royal ducal families of the countries involved in the Hundred Years War Though they were the leading protagonists and therefore responsible for the course of the war do their residences reflect an entirely defensive purpose a social function or the personality of their builders As well as the castles of England and France it also looks at rulers residences in other European countries who supported one of the protagonists They include Scotland Castile Aragon Navarre Portugal the Low Countries the imperial territories of Bohemia and the papacy in Avignon and then Rome The study concentrates on sixty properties extending from the castles at Windsor and Denilworth to those at Saumur and Rambures and from the palaces at Avignon and Seville to the manor houses at Germolles and Launay A number

of subsidiary or associated properties are also considered in more broad based sections Each region and its residences are prefaced by supporting historical and architectural surveys to help position the properties against the contemporary military financial and aesthetic backgrounds Extensively illustrated in full color with over 120 photographs and over 70 plans this is an attractive and accessible overview of how architecture both shaped and was influenced by events during this tumultuous period in the history of Europe Essential reading for students of architecture architectural historians historians and those interested in Medieval Europe The Hundred Years War between England and France is a story of an epic conflict between two nations whose destinies became inextricably entwined throughout the later Middle Ages During that time the balance of architectural power moved from religious to secular domination the Gothic form continued to grow and the palace fortress was in the ascendancy Seats of Power in Europe is a major new study of the residences of the crowned heads and the royal ducal families of the countries involved in the Hundred Years War Though they were the leading protagonists and therefore responsible for the course of the war do their residences reflect an entirely defensive purpose a social function or the personality of their builders As well as the castles of England and France it also looks at rulers residences in other European countries who supported one of the protagonists They include Scotland Castile Aragon Navarre Portugal the Low Countries the imperial territories of Bohemia and the papacy in Avignon and then Rome The study concentrates on sixty properties extending from the castles at Windsor and Denilworth to those at Saumur and Rambures and from the palaces at Avignon and Seville to the manor houses at Germolles and Launay A number of subsidiary or associated properties are also considered in more broad based sections Each region and its residences are prefaced by supporting historical and architectural surveys to help position the properties against the contemporary military financial and aesthetic backgrounds Extensively illustrated in full color with over 120 photographs and over 70 plans this is an attractive and accessible overview of how architecture both shaped and was influenced by events during this tumultuous period in the history of Europe Essential reading for students of architecture architectural historians historians and those interested in Medieval Europe
