History and Government of New Jersey (Classic

Reprint) Daniel C. Knowlton, 2015-07-08 Excerpt from History and Government of New Jersey The Dutch settlers were very slow to take up a residence in New Jersey By 1664 they had small settlements at Paulus Hook and Bergen both within the present limits of Jersey City and also at Hoboken Pavonia and Weehawken A few settlers had built themselves homes on Newark Bay but the actual settlement had progressed so slowly that when the Dutch were forced to give up New Netherlands few traces of their occupation remained They were interested enough in maintaining their claims to this region to oppose the efforts of the Swedish government to plant a settlement on the Delaware King Gustavus Adolphus a farsighted man sought to secure for Sweden a foothold on the Atlantic coast and sent out a colony which made a settlement on the present site of the city of Wilmington Although this colony was within the state of Delaware the region claimed as New Sweden took in the eastern bank of the Delaware or a part of South Jersey As early as 1623 they had attempted to settle at Gloucester but were driven away The Dutch finally sent out an expedition under Peter Stuyvesant in 1655 and put an end to any possibility of New Jersey or Delaware becoming a dependency or colony of Sweden Changing Masters Meanwhile the English had watched with a jealous eye the progress of the Dutch colonies in New Netherlands and when war broke out in Europe in 1664 between the English and the Dutch Charles II sent an expedition under Colonel Nicolls to seize New Netherlands The Dutch made but little resistance and New York and New Jersey came under the English flag About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an

Bonekemper,2015-10-05 History isn t always written by the winners Twenty first century controversies over Confederate monuments attest to the enduring significance of our nineteenth century Civil

War As Lincoln knew the meaning of America itself depends on how we understand that fratricidal struggle As soon as the Army of Northern Virginia laid down its arms at Appomattox a group of Confederate officers took up their pens to refight the war for the history books They composed a new narrative the Myth of the Lost Cause seeking to ennoble the sacrifice and defeat of the South which popular historians in the twentieth century would perpetuate Unfortunately that myth would distort the historical imagination of Americans north and south for 150 years In this balanced and compelling correction of the historical record Edward Bonekemper helps us understand the Myth of the Lost Cause and its effect on the social and political controversies that are still important to all Americans
