Micki McElya

History Arlington Confederate Monument Herbert:

History of the Arlington Confederate Monument, by Hilary A. Herbert Hilary a 1834-1919 Herbert, 2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America and possibly other nations. Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work. Scholars believe and we concur that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant. **History of the Arlington Confederate Monument, by Hilary A. Herbert** Hilary Abner Herbert, 1914

HIST OF THE ARLINGTON CONFEDER Hilary a. (Hilary Abner) 1834 Herbert, 2016-08-26 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact and remains as true to the original work as possible. Therefore you will see the original copyright references, library stamps, as most of these works have been housed in our most important libraries around the world, and other notations in the work. This work is in the public domain in the United States of America and possibly other nations. Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe and we concur that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant. *Monuments to the Lost Cause* Cynthia Mills, Cynthia J. Mills, Pamela Hemenway Simpson, 2003. This richly illustrated collection of fourteen essays examines the ways in which Confederate memorials from Monument Avenue to Stone Mountain and the public rituals surrounding them testify to the tenets of the Lost Cause, a romanticized narrative of the war. Several essays highlight the creative leading role played by women's groups in memorialization, while others explore the alternative ways in which people outside white southern culture wrote their very different histories on the southern landscape. The authors who include Richard Guy Wilson, Catherine W. Bishir, W. Fitzhugh Brundage, and William M. S. Ramussen trace the origins, objectives, and changing consequences of Confederate monuments over time and the dynamics of individuals and organizations that sponsored them. Thus, these essays extend the growing literature on the rhetoric of the Lost Cause by shifting the focus to the realm of the visual. They are especially relevant in the present day when Confederate symbols and monuments continue to play a central role in a public and often emotionally charged debate about how the South's past should be remembered. The editors, Art Historian Cynthia Mills, a specialist in nineteenth-century public sculpture, is executive editor of *American Art*, the scholarly journal of the Smithsonian American Art Museum. Pamela H. Simpson is the Ernest Williams II Professor of Art History at Washington and

Lee University She is the coauthor of *The Architecture of Historic Lexington* Moses Jacob Ezekiel Samantha Baskind, 2025-09-09 How is it that the prolific nineteenth century sculptor Moses Jacob Ezekiel is largely forgotten today Ezekiel was the first renowned Jewish American artist and one of the most popular artist celebrities of his day In terms of drama his life story rivals Alexander Hamilton s Ezekiel fought for the Confederacy at the Battle of New Market as a teenager and was friends with Robert E Lee After the war he established himself as an artist in Rome where he was honored by European royalty and enjoyed friendships with the likes of Franz Liszt Queen Margherita and Kaiser Wilhelm II Ezekiel created well over one hundred sculptures but his hotly contested Confederate works have since obscured his other major accomplishments Drawing on a wealth of primary sources Moses Jacob Ezekiel resurrects this complicated artist s life and work and presents the fascinating details of how his sculptures were commissioned and made Samantha Baskind shows how Ezekiel s sculptures shed light on a range of issues including the modernization of American Jewry radical changes in the art world concerning style and patronage and Civil War commemoration The conflicting allegiances that motivated Ezekiel s statues his conservative Confederate leanings alongside his liberal views on peace Judaism and religious liberty make him an intriguing lens through which to understand nineteenth century transatlantic culture and history This compelling book provides a complete picture of Ezekiel s oeuvre and his renowned home studio which drew international visitors It will appeal to readers interested in art history Jewish studies Civil War studies American studies and public monuments **History of**

the Arlington Confederate Monument Hilary A. Herbert, 2012-08-11 Published in 1914 this is the history of the Confederate Monument which stands in Arlington Cemetery Controversial Monuments and Memorials David B. Allison, 2023-09-02 The impetus for the first edition was violent actions the white supremacist rally in Charlottesville Virginia in 2017 which was touched off by discussions about removing a statue to Robert E Lee and resulted in the death of Heather Heyer Since the publication of the first edition both history and democracy are being threatened in ways that we were only seeing small glimpses of in 2018 Today attempts to elevate new or more complex history has been met with vilification States across the country have passed legislation to ban critical race theory from being taught in public schools and are seeking ways to limit what teachers are allowed to teach about slavery and race in the United States These threats are unlikely to abate As such our responsibility as historians community leaders museum professionals and citizens is to redouble our efforts to share human stories in relatable ways and to exercise our rights and wield our power whenever and however we can The revised edition tackles the great issues of our time against the backdrop of monument culture and historical truth

Virginia Earl Gregg Swem, Virginia State Library, 1916 **Section 27 and Freedman's Village in Arlington National Cemetery** Ric Murphy, Timothy Stephens, 2020-03-13 From its origination Arlington National Cemetery's history has been compellingly intertwined with that of African Americans This book explains how the grounds of Arlington House formerly the home of Robert E Lee and a plantation of the enslaved became a military camp for Federal troops a freedmen's village and farm and America's most important burial ground During the Civil War the property served as a pauper's cemetery for men too poor to be returned to their families and some of the very first war dead to be buried there include over 1 500 men who served in the United States Colored Troops More than 3 800 former slaves are interred in section 27 the property's original cemetery Searching for Black Confederates Kevin M. Levin, 2019-08-09 More than 150 years after the end of the Civil War scores of websites articles and organizations repeat claims that anywhere between 500 and 100 000 free and enslaved African Americans fought willingly as soldiers in the Confederate army But as Kevin M Levin argues in this carefully researched book such claims would have shocked anyone who served in the army during the war itself Levin explains that imprecise contemporary accounts poorly understood primary source material and other misrepresentations helped fuel the rise of the black Confederate myth Moreover Levin shows that belief in the existence of black Confederate soldiers largely originated in the 1970s a period that witnessed both a significant shift in how Americans remembered the Civil War and a rising backlash against African Americans gains in civil rights and other realms Levin also investigates the roles that African Americans actually performed in the Confederate army including personal body servants and forced laborers He demonstrates that regardless of the dangers these men faced in camp on the march and on the battlefield their legal status remained unchanged Even long after the guns fell silent Confederate veterans and other writers remembered these men as former slaves and not as soldiers an important reminder that how the war is remembered often runs counter to history

Clinging to Mammy Micki McElya, 2007-10-31 When Aunt Jemima beamed at Americans from the pancake mix box on grocery shelves many felt reassured by her broad smile that she and her product were dependable She was everyone's mammy the faithful slave who was content to cook and care for whites no matter how grueling the labor because she loved them This far reaching image of the nurturing black mother exercises a tenacious hold on the American imagination Micki McElya examines why we cling to mammy She argues that the figure of the loyal slave has played a powerful role in modern American politics and culture Loving hating pitying or pining for mammy became a way for Americans to make sense of shifting economic social and racial realities Assertions of black people's contentment with servitude alleviated white fears

while reinforcing racial hierarchy African American resistance to this notion was varied but often placed new constraints on black women McElya's stories of faithful slaves expose the power and reach of the myth not only in popular advertising films and literature about the South but also in national monument proposals child custody cases white women's minstrelsy New Negro activism anti lynching campaigns and the civil rights movement The color line and the vision of interracial motherly affection that helped maintain it have persisted into the twenty first century If we are to reckon with the continuing legacy of slavery in the United States McElya argues we must confront the depths of our desire for mammy and recognize its full racial implications

White Lies Ann Bausum, 2025-08-12 This powerful and unflinching examination of racism in America by award winning historian Ann Bausum deconstructs the warped history of the Civil War for teen readers perfect for fans of STAMPED JUST MERCY and ACCOUNTABLE Warning This is not your average U S history book After the Civil War the Confederates may have laid down their arms but they were far from accepting defeat By warping the narrative around what really happened during and after the Civil War they created an alternate history now known as the Lost Cause These lies still manifest today through criticism of Critical Race Theory book banning unequal funding for education and more This book sets the record straight and explains the true history of the Civil War and its complex and far reaching aftermath Written by historian and award winning author Ann Bausum WHITE LIES is an impeccably researched chronicle filled with photos robust back matter additional resources and more that fans of Howard Zinn's A Young People's History of the United States will enjoy

Writings on American History, 1916 **The Politics of Mourning** Micki McElya, 2016-08-15 Arlington National Cemetery is America's most sacred shrine a destination for four million visitors who each year tour its grounds and honor those buried there For many Arlington's symbolic importance places it beyond politics Yet as Micki McElya shows no site in the United States plays a more political role in shaping national identity

The Confederate and Neo-Confederate Reader James W. Loewen, Edward H. Sebesta, 2011-01-05 Most Americans hold basic misconceptions about the Confederacy the Civil War and the actions of subsequent neo Confederates For example two thirds of Americans including most history teachers think the Confederate States seceded for states rights This error persists because most have never read the key documents about the Confederacy These documents have always been there When South Carolina seceded it published Declaration of the Immediate Causes Which Induce and Justify the Secession of South Carolina from the Federal Union The document actually opposes states rights Its authors argue that Northern states were ignoring the rights of slave owners as identified by Congress and in the Constitution Similarly Mississippi's Declaration of the Immediate Causes says Our position is thoroughly identified with the institution of slavery the greatest material interest of the world Later documents in this collection show how neo Confederates obfuscated this truth starting around 1890 The evidence also points to the centrality of race in neo Confederate thought even today and to the continuing importance of neo Confederate ideas in American political life The 150th anniversary of secession and civil war provides a moment for all Americans to read these documents

properly set in context by award winning sociologist and historian James W Loewen and coeditor Edward H Sebesta to put in perspective the mythology of the Old South Writings on American History ,1972 Arlington County in Virginia Nan Netherton,Ross De Witt Netherton,1987
