world Black Power Music! Reiland Rabaka, 2022-06-13 Black Power Music Protest Songs Message Music and the Black Power Movement critically explores the soundtracks of the Black Power Movement as forms of movement music That is to say much of classic Motown soul and funk music often mirrored and served as mouthpieces for the views and values as well as the aspirations and frustrations of the Black Power Movement Black Power Music is also about the intense interconnections between Black popular culture and Black political culture both before and after the Black Power Movement and the ways in which the Black Power Movement in many senses symbolizes the culmination of centuries of African American politics creatively combined with and ingeniously conveyed through African American music Consequently the term Black Power music can be seen as a code word for African American protest songs and message music between 1965 and 1975 Black Power music is a new concept that captures and conveys the fact that the majority of the messages in Black popular music between 1965 and 1975 seem to have been missed by most people who were not actively involved in or in some significant way associated with the Black Power Movement
