The Jazz of Preaching Kirk Byron Jones, 2010-09-01 What if preachers were as contagiously joyful in their preaching as Louis Armstrong was in his playing and singing As rich in their sermonic renderings as Sarah Vaughan was in her musical vocals As honest about heartache as Billie Holiday was every time she sang about the blues of life As alluringly clear as the angelic voice of Ella Fitzgerald As tenaciously uninhibited in the action of creating as Duke Ellington Of course this is too much to ask of people even those

called by God However it is not too much to ask this question Can preaching be enhanced through the metaphor of jazz Can an understanding of the inner dynamics of jazz its particular forms rules and styles inform one s practice of preaching as well Can jazz s simultaneous structure and spontaneity help preachers better understand their own art The answer to these questions says Jones is an unqualified yes He explains how one can dramatically improve one s preaching through understanding and applying key elements of the musical art form known as jazz No musical background is necessary all examples are well explained and tied in with preaching The key elements include innovation what one commentator refers to as the experimental disposition of jazz improvisation rhythm call and response honesty about heartaches and delight After discussing the reality and role of each of these elements in jazz and how they can be important for preaching as well each chapter concludes with five exercises for applying the jazz element to preaching preparation and performance Drawing on a deep love of jazz and enlivening the discussion with insights drawn from the realities of African American preaching Jones introduces readers to rich and rewarding possibilities for constructing and delivering the sermon *A to Z of American Women in the Performing Arts* Liz Sonneborn,2014-05-14 Presents biographical profiles of 150 American women of achievement in the field of performing arts including birth and death dates major accomplishments and historical influence

Austral Jazz Andrew Robson,2019-06-27 *Austral Jazz The Localization of a Global Music Form in Sydney* proposes a new theoretical framework for understanding local jazz communities as they develop outside the United States demonstrating such processes in action by applying the framework to a significant period of the history of jazz in Sydney Australia after 1973 This volume introduces the notion of Austral Jazz coined in order to reset the focus on supranational conceptions of jazz expressions in the southwestern Pacific It makes the case for Austral Jazz chronologically across six chapters that discuss interpret and critique major events and seminal recordings tracing the development of the Austral shift from a pre Austral period prior to 1973 Austral Jazz presents a fresh approach to understanding the development of jazz communities and while its focus is on the Sydney scene after 1973 the Austral theory can be applied to creative communities globally A creative shift took place in Sydney in the early 1970s which led to the flourishing of a new kind of jazz based expression one that reflected Australia s increasingly globalized and multicultural outlook This study is timely and it builds on the work of local jazz researchers Historiographical understandings of global developments in jazz can be understood within a framework of four overarching narratives The birth and belonging narrative the spread and adaptation narrative the pluralization by localization narrative and the self fashioning of the already local narrative **The Jazz of Preaching, 20th Anniversary Edition**

Kirk Byron Jones,2025-03-04 Learn to preach from your soul What if preachers were as contagiously joyful in their preaching as Louis Armstrong was in his playing and singing As rich in their sermonic renderings as Sarah Vaughn was in her virtuosic vocals As honest about heartache as Billie Holiday every time she sang the blues As alluringly clear as the voice of Ella Fitzgerald As tenaciously uninhibited in the action of creating as Duke Ellington This may be too much ask even of

persons who are called by God However as Kirk Byron Jones demonstrates preaching can be enhanced by an understanding of the inner dynamics of jazz The forms rules and styles of jazz can inform one s practice of preaching and its simultaneous structure and spontaneity can help preachers better understand their own art In his classic text for students and practitioners Jones explains how preaching is dramatically improved with the application of key elements of jazz including innovation improvisation rhythm call and response honesty about heartache and delight This 20th Anniversary Edition includes a new element preaching from your genuine soul Chapters include instruction and exercises for applying the jazz elements to preaching preparation and performance This edition also includes an Introduction in which the author sets the context for the new material and articulates his conviction that this approach to preaching is needed now more than ever The Jazz of Preaching 20th Anniversary Edition introduces the rich and rewarding possibilities that arise when preachers tap into their own creativity and their own soul when constructing and delivering the sermon **Recorded Solo Concert**

Reva Marin, 2020-10-16 *Outside and Inside Representations of Race and Identity in White Jazz Autobiography* is the first full length study of key autobiographies of white jazz musicians. White musicians from a wide range of musical social and economic backgrounds looked to black music and culture as the model on which to form their personal identities and their identities as professional musicians. Their accounts illustrate the triumphs and failures of jazz interracialism. As they describe their relationships with black musicians who are their teachers and peers, white jazz autobiographers display the contradictory attitudes of reverence and entitlement and deference and insensitivity that remain part of the white response to black culture to the present day. *Outside and Inside* features insights into the development of jazz styles and culture in the urban meccas of twentieth century jazz in New Orleans, Chicago, New York and Los Angeles. Reva Marin considers the autobiographies of sixteen white male jazz instrumentalists including renowned swing era bandleaders Benny Goodman, Artie Shaw and Charlie Barnet; reed instrumentalists Mezz Mezzrow, Bob Wilber and Bud Freeman; trumpeters Max Kaminsky and Wingy Manone; guitarist Steve Jordan; pianists Art Hodes and Don Asher; saxophonist Art Pepper; guitarist and bandleader Eddie Condon; and New Orleans style clarinetist Tom Sancton. While critical race theory informs this work, Marin argues that viewing these texts simply through the lens of white privilege does not do justice to the kind of sustained relationships with black music and culture described in the accounts of white jazz autobiographers. She both insists upon the value of insider perspectives and holds the texts to rigorous scrutiny while embracing an expansive interpretation of white involvement in black culture. Marin opens new paths for study of race relations and racial, ethnic and gender identity formation in jazz studies.
