Pinder, 2021-08-01 In Michael Jackson and the Quandary of a Black Identity Sherrow O Pinder explores the ways in which the late singer s racial identification process problematizes conceptualizations of race and the presentation of blackness that reduces blacks to a bodily mark Pinder is particularly interested in how Michael Jackson simultaneously performs his racial identity and posits it against strict binary racial definitions neither black nor white While Jackson s self fashioning deconstructs and challenges the corporeal notions of natural bodies and fixed identities negative readings of the King of Pop fuel epithets such as weird or freak subjecting him to a form of antagonism that denies the black body its self determination Thus for Jackson racial identification becomes a deeply ambivalent process which leads to the fragmentation of his identity into plural identities Pinder shows how Jackson as a racialized subject is discursively confined to a third space a liminal space of ambivalence **The New Leader** Renee Kosiarek, 2016-05-09 Leaders in the 21st century must learn to solve problems and motivate followers with a combination of creativity leadership and effective change In The New Leader Harnessing Creativity to Promote Change readers will develop an understanding of the relationship between creativity leadership and change They will analyze the creative process learn how to develop a creative culture and understand effective leadership styles that promote creativity and change They will
