JavaScript & JQuery: The Missing Manual David Sawyer McFarland, 2014-09-18 JavaScript lets you supercharge your web pages with animation interactivity and visual effects but learning the language isn't easy. This fully updated and expanded guide takes you step by step through JavaScript basics then shows you how to save time and effort with jQuery the library of prewritten JavaScript code and the newest innovations from the jQuery UI plug in.

JavaScript & JQuery David McFarland, 2011-10-21 JavaScript lets you supercharge your HTML with animation interactivity and visual effects but many web designers find the language hard to learn. This jargon free guide covers JavaScript basics and shows you how to save time and effort with the jQuery library of prewritten JavaScript code. You'll soon be building web pages that feel and act like desktop programs without having to do much programming. The important stuff you need to know: Make your pages interactive. Create JavaScript events that react to visitor actions. Use animations and effects. Build drop down navigation menus, pop ups, automated slideshows and more. Improve your user interface. Learn how the pros make websites fun and easy to use. Collect data with web forms. Create easy to use forms that ensure more accurate visitor responses. Add a dash of Ajax. Enable your web pages to communicate with a web server without a page reload. Practice with living examples. Get step by step tutorials for web projects you can build yourself.

JavaScript: The Missing Manual David Sawyer McFarland, 2008-07-21 JavaScript is an essential language for creating modern interactive websites but its complex rules challenge even the most experienced web designers. With JavaScript The Missing Manual you'll quickly learn how to use JavaScript in sophisticated ways without pain or frustration even if you have little or no programming experience. JavaScript expert David McFarland first teaches you the basics by having you build a simple program. Then you'll learn how to work with jQuery a popular library of pre built JavaScript components that's free and easy to use. With jQuery you can quickly build modern interactive web pages without having to script everything from scratch. Learn how to add scripts to a web page, store and manipulate information, communicate with the browser window, respond to events like mouse clicks and form submissions and identify and modify HTML. Get real world examples of JavaScript in action. Learn to build pop up navigation bars, enhance HTML tables, create an interactive photo gallery and make web forms more usable. Create interesting user interfaces with tabbed panels, accordion panels and pop up dialog boxes. Learn to avoid the ten most common errors new programmers make and how to find and fix bugs. Use JavaScript with Ajax to communicate with a server so that your web pages can receive information without having to reload.
