of the monolingual dictionary entry each time for a new set of lexemes Frame semantics conceptual metaphor theory as well as cognitive conceptions of polysemy are used to create a new example section for agentive nouns a new defining structure for emotion terms and a new microstructural arrangement for particle entries Dictionary analyses on all as well as user studies on two of the features complement these suggestions The monograph thus presents a new approach to lexicography that incorporates into its description of lexical items how humans perceive and conceptualise language   Introduction to Cognitive Pragmatics Klaus-Uwe Panther,2022-03-15 This textbook is designed for advanced graduate and postgraduate students and will also be of interest to scholars It blends a cognitive linguistic approach to language and language use with insights from contemporary pragmatics the ultimate aim being to advance a unified model of cognitive pragmatics Basic themes in cognitive linguistics and pragmatics are covered ranging from figurative language and thought e g conceptual metaphor and metonymy the role of inferencing in the construction of meaning in particular indirect speech acts to the conceptual and functional motivation of morphosyntactic structure Finally the book offers many suggestions and ideas for student papers as well as larger research projects that promise to reveal new insights into conceptual structure communicative function and their influence on the grammatical structure of language   *Applying Cognitive Linguistics to Second Language Learning and Teaching* Jeannette Littlemore,2009-09-29 Cognitive linguistics is a relatively new discipline which is rapidly becoming mainstream and influential particularly in the area of second language teaching This book looks at how cognitive linguistics can inform our teaching and lead to intriguing suggestions for alternative ways of presenting grammar and vocabulary in the language classroom   Translation Technique in the Peshitta to Ezekiel 1-24 Godwin Mushayabasa,2014-10-09 The Peshitta Institute Leiden is fulfilling its aim of producing a critical edition of the Old Testament in Syriac according to the Peshitta version As this critical edition becomes available Translation Technique in the Peshitta to Ezekiel 1 24 A Frame Semantics Approach takes its role in providing perspectives on the value of the Peshitta to Ezekiel in Old Testament textual studies Godwin Mushayabasa uses the cognitive linguistics approach of frame semantics to determine what techniques were used to translate Ezekiel 1 24 from Hebrew to Syriac He observes that the Peshitta was translated at the level of semantic frames producing a fairly literal translation In achieving this the author also invokes interdisciplinary dialogue between biblical textual studies and cognitive linguistics sciences   Cognitive Linguistics: Basic Readings Dirk Geeraerts,2008-08-22 Over the past decade Cognitive Linguistics has grown to be one of the most broadly appealing and dynamic frameworks for the study of natural language Essentially this new school of linguistics focuses on the meaning side of language linguistic form is analysed as an expression of meaning And meaning itself is not something that exists in isolation but it is integrated with the full spectrum of human experience the fact that we are embodied beings just as much as the fact that we are cultural beings Cognitive Linguistics Basic Readings brings together twelve foundational articles each of which introduces one of the basic concepts of Cognitive Linguistics like conceptual metaphor image schemas mental spaces

construction grammar prototypicality and radial sets The collection features the founding fathers of Cognitive Linguistics George Lakoff Ron Langacker Len Talmy Gilles Fauconnier and Charles Fillmore together with some of the most influential younger scholars By its choice of seminal papers and leading authors Basic Readings is specifically suited for an introductory course in Cognitive Linguistics This is further supported by a general introduction to the theory and specifically the practice of Cognitive Linguistics and by trajectories for further reading that start out from the individual chapters **MULTIMODAL DISCOURSE INFORMATION PROCESSING IN ENGLISH CLASSROOM INSTRUCTION FOR LEGAL PURPOSES** YANMEI HUAI,2021-02-22 English for Law also called Legal English Teaching is a big challenge for EFL ESL teachers worldwide Multimodal teaching and learning may engage law students with legal content and the English language by using multiple communication modes and mediums But what are the multi modes and multi mediums specific to the ESP English for Specific Purposes course How would teachers deal with that complicated multimodal information How would teachers intrigue students interest focus their attention and guide them to follow respond analyze extend and comment And how would teachers build students critical thinking skills and shape international elites dispositions This book would discuss more in depth the above questions The new analysis framework of MDIP Multimodal Discourse Information Processing could decode classroom participants interactive intentions from their multimodal presentation discourses could focus LCTA Legal Critical Thinking Abilities as the primary training purpose of Legal English Teaching and could provide Legal English Teaching with discursive cognitive and communicative information strategies With the help of MDIP strategies teachers are clearer at how to extract the legal documents genres how to create the lecture schemata how to generate visualized tree discourses how to build hierarchies among multimodal information how to allocate teaching learning and assessing tasks in classroom instruction etc As a result Legal English Teaching s course design will become much less challenging for EFL ESL teachers **Texture - A Cognitive Aesthetics of Reading** Peter Stockwell,2020-01-21 The latest advance in cognitive poetics back cover of dust jacket based on analysis of English language literature within a wide ranging theoretical framework Language Endangerment Ndimele, Ozo-mekuri,2016-02-22 This commemorative volume is the 12th edition in the Nigerian Linguists Festschrift Series devoted to Professor Mrs Appolonia Uzoaku Okwudishu The majority of the papers were presented at the 27th Annual Conference of the Linguistic Association of Nigerian CLAN which was held at the Benue State University Makurdi Nigeria and the 26th CLAN which was held at the University of Ibadan Nigeria The title derives from the theme of the 27th CLAN Language Endangerment Globalisation and the Fate of Minority Languages in Nigeria A large number of the papers address the major theme of the conference while the balance address various aspects of Nigerian linguistics languages communication and literature Fifty one papers are included ranging from sociolinguistics through applied linguistics to formal areas of linguistics which include phonology morphology and syntax of Nigerian languages Papers on language endangerment and language revitalisation strategies for safeguarding the vanishing indigenous tongues

of Nigeria are the major focus and the book serves as important reference material in various aspects of language and linguistic studies in Nigeria   Script Effects as the Hidden Drive of the Mind, Cognition, and Culture Hye K. Pae,2020-10-14 This open access volume reveals the hidden power of the script we read in and how it shapes and drives our minds ways of thinking and cultures Expanding on the Linguistic Relativity Hypothesis i e the idea that language affects the way we think this volume proposes the Script Relativity Hypothesis i e the idea that the script in which we read affects the way we think by offering a unique perspective on the effect of script alphabets morphosyllabaries or multi scripts on our attention perception and problem solving Once we become literate fundamental changes occur in our brain circuitry to accommodate the new demand for resources The powerful effects of literacy have been demonstrated by research on literate versus illiterate individuals as well as cross scriptal transfer indicating that literate brain networks function differently depending on the script being read This book identifies the locus of differences between the Chinese Japanese and Koreans and between the East and the West as the neural underpinnings of literacy To support the Script Relativity Hypothesis it reviews a vast corpus of empirical studies including anthropological accounts of human civilization social psychology cognitive psychology neuropsychology applied linguistics second language studies and cross cultural communication It also discusses the impact of reading from screens in the digital age as well as the impact of bi script or multi script use which is a growing trend around the globe As a result our minds ways of thinking and cultures are now growing closer together not farther apart   **Nominalization in Asian Languages** Foong Ha Yap,Karen Grunow-Hårsta,Janick Wrona,2011-06-29 Research on nominalization a process that gives rise to referring expressions has always played a central role in linguistic investigations Over the years there has also been growing evidence that nominalization constructions often extend to non referential domains They participate in noun modifying expressions e g genitive and relative clauses subordinate clauses and topic constructions finite structures with the nominalizers reanalyzed as TAM markers and stance constructions with evaluative attitudinal evidential and epistemic overtones This volume brings together historical and crosslinguistic evidence from more than 20 different languages representing six different language families spanning the Asian continent and the Pacific and Indian oceans to elucidate the strategies and grammaticalization pathways that give rise to both referential and non referential uses of nominalization constructions This collection highlights the diversity of strategies and at the same time the robust cyclical nature of change within and across languages The combined diachronic and typological analyses in this volume are particularly valuable for linguistic research on diachronic morphosyntax and linguistic universals and are also an important supplementary cross referencing tool for linguistic investigations of versatile and ubiquitous morphemes in under documented languages   **World Lexicon of Grammaticalization** Tania Kouteva,Bernd Heine,Bo Hong,2019-08-08 Based on analysis of more than 1 000 languages this volume reconstructs more than 500 processes of grammatical change in the languages of the world   **Pragmatics** Yan Huang,2014-11-27 Yan Huang s highly successful textbook on pragmatics the

study of language in use has been fully revised and updated in this second edition It includes a brand new chapter on reference a major topic in both linguistics and the philosophy of language Chapters have also been updated to include new material on upward and downward entailment current debates about conversational implicature impoliteness emotional deixis contextualism versus semantic minimalism and the elimination of binding conditions The book draws on data from English and a wide range of the world s languages and shows how pragmatics is related to the study of semantics syntax and sociolinguistics and to such fields as the philosophy of language linguistic anthropology and artificial intelligence Professor Huang includes exercises and essay topics at the end of each chapter and offers guidance and suggested solutions at the end of the volume Written by one of the leading scholars in the field this new edition will continue to be an ideal textbook for students of linguistics and a valuable resource for scholars and students of language in philosophy psychology anthropology and computer science **MetaNet** Miriam R.L. Petruck,2018-09-06 The papers in this collection document the work of the first research project on metaphor that incorporates the findings of Frame Semantics Conceptual Metaphor Theory and Construction Grammar with Corpus Linguistics techniques for the analysis of linguistic expressions of metaphor in very large natural language corpora Under severe constraints the MetaNet project based at the International Computer Science Institute designed and populated a sophisticated and accessible repository of conceptual metaphors developed a formalization for Conceptual Metaphor Theory and created tools and techniques for the automatic identification and analysis of the linguistic expression of metaphor For those interested in metaphor be that from a linguistic literary poetic cognitive or computational perspective this book is a must read Originally published in Constructions and Frames 8 2 2016 List No. 7: Foreign Language Area Studies and Other Aspects of Internatinal Education United States.
