The Death of Society Romer Wilson,1921 In Death of Society Romer Wilson creates a chilling and thought provoking vision of a dystopian future The novel explores the consequences of unchecked technological advancement and societal decay painting a bleak picture of a world on the brink of collapse Wilson s attention to detail and vivid descriptions bring the world of the novel to life making it feel eerily plausible and disturbingly familiar A weary survivor of the Great War Major Rane Smith wanders in a great ennui amidst the mystical beauties of the fjords of Norway after the War seeking a spiritual renewal Deep in the forest he stumbles fatefully upon the strange almost elvish home of Karl Ingman an iconoclastic old Ibsen scholar There Major Smith meets Ingman s two beautiful young daughters and his eldritch wife Rosa entering into long days of profound dialogue with each member of the family A rare and exquisite gem of a novel The Death of Society is one of the

most remarkable books of the post War era showing Wilson's deep intellectual, artistic and philosophical passions against the backdrop of a romantic passion just as profound. Fallen into a strange obscurity after her untimely death, Romer Wilson deserves a revival of reputation that was recognized in her lifetime when she was awarded the prestigious Hawthornden Prize for this novel.

Mark of the Beast Alfredo Bonadeo, 1989-01-23

The First World War is a watershed in the intellectual and spiritual history of the modern world. On the one hand it brought an end to a sense of optimism and decency bred by the prosperity of nineteenth century Europe. On the other it brought forth a sense of futility and alienation that has since pervaded European thought. That cataclysmic experience is richly reflected in the work of writers and artists from both sides of the conflict and this study provides a detailed analysis of two basic themes: death and degradation that mark the literature about the war. From their accounts, most men entered the war lightheartedly filled with ideals of patriotism and glory, but these generous feelings were soon quelled as the war settled into a stalemate, its operations reduced to simply grinding away the opposing forces. In these operations, Alfredo Bonadeo shows, men became mere aggregations thrown against one another, wasted with no appreciable effects or gains save carnage itself. This cheapening and disregard for human life and being, Bonadeo finds, rooted not only in the conditions of war but significantly in a contempt for the common man prevailing in European political and intellectual circles. This attitude is revealed most plainly in his analysis of the Italian literature which hitherto has received little note. Italian leaders saw the war as an opportunity to expiate a sense of national guilt and here the inconclusive campaigns made their futility all the greater. Out of the torn fields of the First World War grew the seeds of a second, greater conflict, but Professor Bonadeo concludes the flowering of the seeds was aided by the degradation of man's spirit on those fields. The grim focus of this book, the dead voices it evokes, leads to a new appreciation of the meaning of the Great War.

Dynamic Psychology in Modernist British Fiction G. Johnson, 2005-10-06

Dynamic Psychology in Modernist British Fiction argues that literary critics have tended to distort the impact of pre-Freudian psychological discourses including psychical research on Modern British Fiction. Psychoanalysis has received undue attention over a more typical British eclecticism embraced by now forgotten figures including Frederic Myers and William McDougall. This project focuses on the Edwardian novelists most fully engaged by dynamic psychology: May Sinclair and J. D. Beresford, but also reconsiders Arnold Bennett and D. H. Lawrence. The book concludes by demonstrating Woolf's subtle assimilation of pre-Freudian discourse.
