Ground Beef Recipes Jean Paré, 2006 A collection of recipes celebrating the versatility of the popular ingredient

Secrets of Feeding a Healthy Family Ellyn Satter, 2011-12-01 Ellyn Satter's *Secrets of Feeding a Healthy Family* takes a leadership role in the grassroots movement back to the family table. More a cooking primer than a cookbook, this book encourages singles, couples, and families with children to go to the trouble of feeding themselves well. Satter uses simple, delicious recipes as a scaffolding on which to hang cooking lessons, fast tips, night-before suggestions, in-depth background information, ways to involve kids in the kitchen, and guidelines on adapting menus for young children. In chapters about eating, feeding, choosing food, cooking, planning, and shopping, the author entertainingly helps readers have fun with food while not eating unhealthily or too often. She cites current studies and makes a convincing case for lightening up on fat and sodium without endangering ourselves or our children. The book demonstrates Satter's dictum that your positive feelings about food and eating will do more for your health than adhering to a set of rules about what to eat and what not to eat. **Nickel and Dime Diet** Theresa Marshall, 2017-09-27 How do you make the best of a difficult situation? How can you feed and nurture your family when it's tough to even scrape together grocery money? The *Nickel and Dime Diet* keeps its answers real, sharing ideas on how to nurture and nourish a family through the tough times. It reminds you that it's okay to not be perfect while fighting fire and emphasizes that a little love and effort go a long way. After her husband had a near-death accident that changed their lives emotionally, physically, and financially, nutritionist Theresa Marshall learned through trial and error how to make the best of a difficult situation. Her first-hand experience is detailed here. She has walked in those shoes and experienced the grief, frustration, sadness, anger, and desperation that others might feel in similar situations. The *Nickel and Dime Diet* is not a traditional diet book. The word "diet" reflects making lifestyle changes that work for you, with the outcome being optimal health, emotionally and physically, during this particular time in your life. It's okay to acknowledge you're struggling to survive and keep your family healthy. You're not alone. Others have walked your path and survived. Theresa's experience and compassion come together within these pages, where she shares ideas on feeding your family, on nurturing them using simple, inexpensive solutions, and on self-care to keep you strong throughout your journey. *Heart-healthy Home Cooking African American Style* United States.
