Depth Leadership Helene Smit, 2014-05-09. Depth Leadership is written for leaders who want to use a depth approach in their daily work. The depth approach is based on the idea that human behaviour is determined not only by conscious thought and feeling but also by a wellspring of thoughts, feelings and potential stored in the unconscious mind. The ideas in this book are grounded in academically sound theory but are discussed from a layperson's perspective. Depth Leadership is aimed at anyone who leads a group, whether a formal organizational group or an informal social group. It can help CEOs, chairpersons, directors, project managers, teachers, police officers, nurses, municipality managers, preachers, sports coaches, choirmasters and even parents in their leadership practice. This edition is a rework of The Depth Facilitator's Handbook which was published in 2009 as a textbook for students of facilitation and is extensively illustrated by award winning artist Katherine Glenday.
