and discourse analysis hegemony theory ethnography critical social psychology and cultural studies more broadly the book surveys and theorizes the forms the implications and the ambiguities and limits of anti elitist formations in different parts of the world Anti elitist sentiments colour the contemporary political conjuncture as much as they shape pop cultural and media trends Populists right wing authoritarian ones and others direct their anger at cultural political and sometimes economic elites while supporting other elites and creating new ones At the same time elitist knowledge and expertise decision making power and taste regimes are being questioned in societal transformations that are discussed much more positively under headlines such as participation or democratization The book brings together a group of international interdisciplinary case studies in order to better understand the ways in which the battle cry against the elites shapes current conjunctures and possible future politics focusing on themes such as nationalist political discourse in India Austria the UK and Hungary labour struggles and anti oligarchy rhetoric in Russia tax avoiding elites and fiscal imaginaries working class agency Melania Trump as a celebrity narrative in Slovenia aesthetic codes of the Alt Right football hooliganism in Germany hipster hate in German political discourse or the politics of expertise and anti elite iconography in high fashion internationally The book is intended for undergraduates postgraduates and postdoctoral researchers The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Bullsh*t Comparisons Andrew Brooks, 2024-03-28 Life is complicated comparisons are easy We consume enormous quantities of information every day from sources that are reliable and those less trustworthy including journalists politicians friends and social media One of the most common tools we use to communicate is comparison Are we suffering a hurricane of migrants Do dogs look like their owners Is Oxford better than Harvard Metaphors models and metrics are used to compare anything from schools to wars to iconic people But how helpful are they What truths do they hide and what bullsh*t do comparisons propagate Looking across a fascinating range of situations both familiar and unfamiliar serious and light hearted Bullsh*t Comparisons is a ground breaking guide to the role of could be true but misleading comparisons It is illuminated by examples spanning the globe from university league tables to childhood rivalries politicians tawdry analogies the FIFA World Footballer of the year award and Chinese neo colonialism in Africa Ideal for anyone interested in critical thinking or who simply wants to be able to spot bullsh*t at twenty paces this thought provoking intelligent and often amusing book will challenge you to think critically about the use of comparison

Unf*ckology Amy Alkon, 2025-06-25 Amy Alkon presents Unf*ckology a science help book that knocks the self help genre on its unscientific ass You can finally stop fear from being your boss and put an end to your lifelong social suckage Have you spent your life shrinking from opportunities you were dying to seize but feel that s just who I am Well screw that You actually can change and it doesn t take exceptional intelligence or a therapist who s looking forward to finally buying Aruba after decades of listening to you yammer on Transforming yourself takes revolutionary science help from Amy Alkon who has spent the past 20 years translating cutting

edge behavioral science into highly practical advice in her award winning syndicated column *In Unfuckology* Alkon pulls together findings from neuroscience behavioral science evolutionary psychology and clinical psychology She explains everything in language you won't need a psych prof on speed dial to understand and with the biting dark humor that made *Good Manners for Nice People Who Sometimes Say Fck* such a great read She debunks widely accepted but scientifically unsupported notions about self esteem shame willpower and more and demonstrates that Thinking your way into changing as so many therapists and self help books advise is the most inefficient way to go about it The mind is bigger than the brain meaning that your body and your behavior are your gym for turning yourself into the new confident you Fear is not just the problem it's also the solution By targeting your fears with behavior you make changes in your brain that reshape your habitual ways of behaving and the emotions that go with them Follow Amy Alkon's groundbreaking advice in *Unfuckology* and eventually you'll no longer need to act like the new you you'll become the new you And how totally fucking cool is that
