

The background of the notebook cover is a collage of various geological and paleontological specimens. In the top left, there is a pink, feathery fossil. Next to it is a white, smooth, oval-shaped fossil. To the right of that is a yellowish, textured fossil. In the top right corner, there is a small, pink, branching fossil. The main part of the cover is dominated by a large, detailed image of a spiral fossil, likely a nautilus or ammonite, showing its characteristic coiled structure and ribbed surface. The spiral is light brown and set against a darker, textured background.
