History Alive Isn Chapter 28 To 31:

Four Days in September Jason R. Abdale, 2016-05-31 The author of The Great Illyrian Revolt examines one of the Roman Empire's most pivotal defeats: a surprise attack by Germanic barbarians in 9 AD. For twenty years the Roman Empire conquered its way through modern day Germany, claiming all lands from the Rhine to the Elbe. However, when at last all appeared to be under control, a catastrophe erupted that claimed the lives of 10,000 legionnaires and laid Rome's imperial ambitions for Germania into the dust. In late September of 9 AD, three Roman legions, while marching to suppress a distant tribal rebellion, were attacked in a four-day battle with the Germanic barbarians. The Romans, under the leadership of the province's governor Publius Quinctilius Varus, were taken completely by surprise, betrayed by a member of their own ranks, the German officer and secret rebel leader Arminius. The defeat was a heavy blow to both Rome's military and its pride. Though the disaster was ruthlessly avenged soon afterwards, later attempts at conquering the Germans were half-hearted at best. **Four Days in September** thoroughly examines the ancient sources and challenges the hypotheses of modern scholars to present a clear picture of the prelude to the battle, the fighting itself, and its aftermath.

Mission, Ministry, Order David Noel Power, 2008-06-01 What is the mission of the church? What are the ministries that further its mission? How should the traditional orders of bishop, overseer, priest, presbyter, and deacon be reconsidered in the light of 21st-century challenges and ecumenical unity? These big questions involve a constellation of neuralgic issues both within the Roman Catholic Church and between it and its sister churches, both East and West: women priests, women bishops, married priests, lay ministries, the unaccountability of bishops to their flocks. The rapid decline of priests in the US has led to an enormous number of lay people in leadership positions, but they can't preside at the Eucharist, the heart and soul of Catholic identity and practice, and their roles are nebulous, undefined, and severely constrained. Catholic women are voting with their feet over the church's failure to ordain women. Lay theologians, men and women, now outnumber priest theologians but have little standing in the church outside of academia. Far-reaching agreements on theological issues have been made between Roman Catholicism and Anglicanism and Lutheranism, but the practical consequences, e.g., shared Eucharists, are nil. It is against this background that David Power, the doyen of sacramental theologians in North America, has written a magisterial work on the mission, ministry, and order of the church that is historically comprehensive, theologically progressive, ecumenically and globally focused, and practical in its prescriptions.
