Jean Bichelonne Polytechnicien Sous Vichy:

Jean Bichelonne un polytechnicien sous Vichy (1904-1944) Limore Yagil, 2015-10-01 La trajectoire de Jean Bichelonne rejoint celle de bon nombre de technocrates qui se retrouvent Vichy convaincus de pouvoir réaliser leurs idées d'avant guerre. Choisi avant tout pour ses compétences, il agit essentiellement pour défendre les intérêts de la France. Nommé secrétaire général au Commerce et à l'Industrie sous la direction de René Belin, puis ministre de la Production industrielle d'avril 1942 à avril 1943, il meurt en décembre 1944 au cours d'une opération chirurgicale pratiquée par un médecin SS.

Des catholiques au secours des Juifs sous l'Occupation Limore Yagil, 2023-09-20 L'historienne Limore Yagil a mené une enquête importante sur le sauvetage des Juifs en France pendant l'Occupation. Plus de 75% des Juifs ont survécu en France, par qui ont-ils été aidés ? Il apparaît que nombres d'institutions religieuses, de couvents, d'écoles, etc. ont été un refuge pour de nombreux Juifs. La thèse historiquement exacte d'une adhésion d'une partie de l'Église en France au pétainisme, tout comme l'existence d'un sentiment antijuif répandu dans une partie de la société, ne sont pas incompatibles avec la volonté de sauver des Juifs. Cette étude historique inédite repose sur la consultation systématique d'archives : elle met jour le soutien clandestin de certains villages, ces entreprises de sauvetage qui s'agissaient de délivrer des certificats de baptême, d'offrir un hébergement, une nouvelle identité, ou de trouver des familles d'accueil, etc. Un soutien que le pape Pie XII connaissait et appuyait. Elle montre aussi la puissance du réseau ecclésial dans le déploiement de certaines solidarités. Un travail de fond sur un engagement largement méconnu qui dévoile des portraits de héros ou héros ordinaires et oubliés. Un travail salvateur pour la guérison des mémoires.

Camps de travail sous Vichy Peter Gaida, 2014 Durant les années noires, des milliers d'étrangers ont été incorporés par le régime de Vichy dans des groupements d'étrangers et forcés de travailler dans l'agriculture et dans l'industrie de la zone dite libre. Dans le cadre de la Collaboration d'État, le régime de Vichy a également livré des milliers de républicains espagnols à l'Organisation Todt qui construisait sur le littoral français des bases sous-marines et le Mur de l'Atlantique. Cette xénophobie d'État a trouvé son prolongement en Afrique du Nord où des étrangers et des communistes déportés de la métropole ont dû réaliser un chemin de fer à travers le désert, le Transsaharien. Fruit d'une recherche de sept années dans de nombreuses archives, cette étude retrace pour la première fois cette histoire d'une France des camps de travail et complète ainsi nos connaissances du système d'internement de Vichy durant la Seconde Guerre mondiale.

Désobéir Limore Yagil, 2018-09-13 Engagés en première ligne dans la politique de contrôle et d'exclusion du gouvernement de Vichy entre 1940 et 1944, la gendarmerie et la police françaises ont plus que toute autre institution dû affronter le dilemme : servir face à l'ennemi ou servir l'ennemi ? Car désobéir ses supérieurs pour un gendarme ou un policier, c'est aller à l'encontre de l'essence même de sa formation. Mais si une partie d'entre eux ont appliqué les ordres par discipline, par antisémitisme, par peur ou par intérêt, nombreux sont ceux qui ont aidé à faire passer la ligne de démarcation ou la frontière des Juifs, à cacher des résistants, à dissimuler des armes. Même s'ils n'ont pas rejoint un réseau ou un mouvement de résistance, leur action a permis de sauver de

nombreuses vies Or cette histoire l est totalement ignor e Face un discours traditionnel qui met en avant l activit des policiers ou des gendarmes ayant appliqu avec z le les lois et les ordonnances en vigueur pendant l Occupation cette fresque sans concession ni faux semblant bas e sur de nombreux documents d archives tudi s par l auteure depuis une dizaine d ann es met mal nombre d id es re ues et montre que m me au coeur du syst me vichyssois il tait possible de contrevenir aux ordres Limore Yagil est professeure habilit e diriger des recherches d histoire contemporaine et chercheuse la Sorbonne Sp cialiste de l histoire culturelle et politique de la France sous l Occupation elle a publi une dizaine d ouvrages parmi lesquels Chr tiens et Juifs sous Vichy Cerf 2005 et Au nom de l art 1933 1945 Fayard 2015 *The French Oil Industry and the Corps Des Mines in Africa* Douglas Andrew Yates,2009 **Un ch teau en Allemagne** Henry Rousso,2012-01-25 Sigmaringen Allemagne 1944 1945 Par des itin raires diff rents P tain et quelques uns de ses fid les Pierre Laval et plusieurs de ses ministres C line Rebatet et de nombreux journalistes et crivains compromis par quatre ann es de collaboration les membres de la frange arm e de la Milice et leurs familles sous la conduite de Darnand enfin les militants du PPF emmen par Doriot passent le Rhin pour chapper l puration et maintenir vivante une certaine id e de la France Cet ouvrage fait revivre les illusions et les d ceptions les angoisses alimentaires les grands projets et les petites joies de la France allemande pour partie exil e volontairement pour partie captive des nazis Sigmaringen et dans les environs une ville princi re du Bade Wurtemberg domin e par le c l bre ch teau des Hohenzollern Dans cette chronique haute en couleur fond e sur une large documentation souvent in dite et un humour corrosif l auteur ressuscite les fant mes de Sigmaringen p tainistes et collaborateurs entr tenant leurs vieilles querelles tout en se disputant le contr le d un royaume irr el 30 000 collaborateurs en cavale accroch s au r ve d un retour triomphal Paris et deux millions de prisonniers de guerre et de requis du STO suppos s servir de base l gitime un gouvernement d exil singeant la France libre **Vichy et le fascisme** Michèle Cointet,1987 L originalit de l ouvrage est de montrer de 1940 1944 le glissement du r gime de Vichy vers le fascisme par une analyse des institutions fin de la d mocratie politique substitution du devoir au droit statut des Juifs etc *Industriels et banquiers fran ais sous l'Occupation* Annie Lacroix-Riz,2025-06-18 Le monumental ouvrage d Annie Lacroix Riz crit presque exclusivement partir du d pouillement des archives originales fran aises et allemandes a fait date dans l historiographie europ enne de la guerre de 1940 1945 La richesse des sources l rudition de l auteur sont proprement stup fi antes Et surtout l auteur tire clairement des conclusions la faveur de cette 2e dition l auteur a enti rement refondu son ouvrage pour tenir compte des derni res donn es archivistiques et historiographiques Pr face d Alexandre Jardin **Jean Bichelonne** Guy Sabin,1991 *Les T l écoms* Michel Atten,Fran ois du Castel,Marie Pierre,1999-01-01T00:00:00+01:00 L histoire des coles sup rieures des t l communications recoupe celle des rapports entre les techniques de communication et la soci t fran aise au cours des 150 derni res ann es Elle est indissociable du d veloppement du t l graphe de la t l phonie de la radio lectricit de la t l informatique et du multim dia travers la formation des cadres sup rieurs qui s organise non sans difficult s autour d coles sp cifiques Elle donne la possibilit

French Caesarism from Napoleon I to Charles de Gaulle Philip Thody, 1989-07-31 *Jean Fourastié, un expert en productivité* Régis Boulat, 2008 *A Paris sous Vichy* Henri Culmann, 1985 **X BIS** Bernard Levi, 2005-04-27

Être un jeune juif à la prestigieuse école polytechnique en 1941 l'un des cinq ayant passé la barre des 3% du *numerus clausus* imposé aux Israélites n'allait pas sans poser des problèmes à l'administration soucieuse de respecter tout à la fois la stricte monarchie qui faisait la réputation de l'école et la lettre sinon l'esprit des lois anti-juives de Vichy. Bernard Livi sortant du lycée et des *prépas* la tête pleine de Virgile et de Verlaine et qui se trouve avoir deux grands rabbins de France dans son ascendance va se retrouver jeune *bis*. C'est dire tout au long de la vie de l'école mais mis en marge des classements comme si ses résultats ne comptaient pas. Ce traitement de défaveur suscite peu de réaction de la part de ses camarades de promotion il le rapproche de certains d'entre eux mais pour la plupart c'est l'indifférence. C'est sans uniforme qu'il combat alors l'ennemi puis sous la tenue de *midship* qu'il traque ensuite les sous-marins allemands. Son récit osera même l'humour et l'émotion reconstitue grâce des correspondances et l'agenda d'un camarade de sa promotion une époque où l'un de ses condisciples Français israélien était ainsi décrit par le général dirigeant l'école. Type simple caractérisé au physique comme sans doute au moral. Ne peut être considéré comme une recrue de classe pour les services de l'État. Le livre est dédié aux polytechniciens de sa promotion juifs ou non qui sont morts pour la France en 1944 et 1945. *Les aventuriers de l'an 2000* Paul

Marchelli, 1986-01-01 T00:00:00+01:00 Crises économiques chances électorales querelles politiciennes. Alors que le monde est en mutation rapide la France elle s'engluait dans des déboires. Pendant ce temps préparant l'an 2000 les autres nations progressaient dans leur course technologique et leur quête de puissance. Elles ne nous attendront pas. Pour la première fois un responsable syndical de haut niveau quitte le terrain de la simple revendication pour se livrer à une profonde analyse sociologique de la société française. Il ne se contente pas dans un bilan plutôt sombre de dénoncer la centralisation abusive du pouvoir politique du *suet* bureaucratie archaïque l'absence de grands desseins. Il suggère des solutions de la mutation industrielle l'immigration du déséquilibre démographique une meilleure exploitation de notre potentiel technologique d'un nouveau dialogue social la nécessité d'une Europe forte. Paul Marchelli donne les raisons d'espérer. La France peut participer à la grande

aventure de l'an 2000 et répondre aux défis mondiaux. Elle en a les moyens humains, son encadrement motivé et formé pour cette mission. Ce livre est un acte de confiance qui appelle un effort indispensable, une prise de conscience pour réussir sans attendre. Paul Marchelli, 50 ans, est né dans une famille toulonnaise. Il a gravi tous les échelons au sein de l'entreprise. Il est aujourd'hui président de la Confédération française de l'encadrement (CGC-R) élu pour sa franchise et sa rigueur. Il est l'interlocuteur privilégié des hommes politiques de tous bords. Ses idées s'organisent mais alimentent le seul débat qui compte : une volonté pour la France.

Histoire de l'économie française Jean-François Eck, 2009-05-20. Cet ouvrage se divise en quatre parties : l'évolution, les mutations lentes de l'environnement, les transformations du système de production et la place de la France dans le monde. Après la crise des années 1930 vient le temps du redressement, années 1950-1960, puis des incertitudes, années 1970-1990, pour parvenir en 1999 à l'adoption de l'euro. L'auteur conclut l'ouvrage sur la question suivante : existe-t-il un modèle original de capitalisme.
