Jeanpaul Sartre A Literary And Political Study:

Jean-Paul Sartre Philip Thody,2003 Jean-Paul Sartre Philip Thody,1960 Jean-Paul Sartre Philip Thody,Philip Malcolm Waller Thody,1992 A philosophical and literary study of the French author s writing during the past twenty years

Jean-Paul Sartre Harold Bloom,2009 Presents a collection of critical essays on the works of Jean Paul Sartre **Sartre and Marxist Existentialism** Thomas R. Flynn,1986-10-15 In this important book Thomas R Flynn reinterprets and evaluates Sartre s social and political philosophy arguing that the existential ethics of Sartre s early phase is consistent with the Marxist inspired views of his later writings Displaying his mastery of Sartre s entire corpus Flynn reconstructs Sartre s social ontology with its sensitive balance of the existentialist s respect for moral responsibility and the Marxist s sense of social causation Flynn focuses on the issue of collective responsibility as a particularly apt test case for assessing any proposed union of existentialist and Marxist perspectives The study begins with an examination of the uses of responsibility in *Being and Nothingness* and in several postwar essays Flynn then concentrates on the *Critique of Dialectical Reason* offering a thorough analysis of the remarkable social theory Sartre constructs there A masterful contribution to Sartre scholarship Sartre and Marxist Existentialism will be of great interest to social and political philosophers involved in the debate over collective responsibility *Jean-Paul Sartre* Michael Scriven,2016-07-27 This book offers an assessment of Sartre as an exemplary figure in the evolving political and cultural landscape of post 1945 France Sartre s originality is located in the tense relationship that he maintained between deeply held revolutionary political beliefs and a residual yet critical attachment to traditional forms of cultural expression A series of case studies centred on Gaullism communism Maoism Part 1 the theatre art criticism and the media Part 2 illustrate the continuing relevance and appeal of Sartre to the contemporary world

A Critique of Jean-Paul Sartre's Ontology M.A. Natanson,2012-12-06 Why is my pain perpetual and my wound incurable which refuseth to be healed Jeremiah Existentialism today refers to faddism decadentism morbidity the philosophy of the graveyard to words like fear dread anxiety anguish suffering aloneness death to novelists such as Jean Paul Sartre Dostoevski Camus Kafka to philosophers like Kierkegaard Heidegger Marcel Jaspers and Sartre and because it refers to and is concerned with all of these ideas and persons existentialism has lost any clearer meaning it may have originally possessed Because it has so many definitions it can no longer be defined As Sartre writes Most people who use the word existentialism would be embarrassed if they had to explain it since now that the word is all the rage even the work of a musician or painter is being called existentialist A gossip columnist signs himself The Existentialist so that by this time the word has been so stretched and has taken on so broad a meaning that it no longer means anything at all 2 This state of definitional confusion is not an accidental or negligible matter An attempt will be made in this introduction to account for the confusion and to show why any definition of existentialism involves us in a tangle First however it is necessary to state in a tentative and very general manner what points of view are here intended when reference is made to existentialism **Encyclopedia of the**

Essay Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies *Sartre's Theory of Literature* Christina Howells, 1979 *A History of Philosophy: Maine de Biran to Sartre* Frederick Charles Copleston, 1946 Prominent French philosophical thinkers of the nineteenth and twentieth centuries
